## ANNUAL REPORT OF THE CITY AUDITOR

Cambridge, Mass., December 31, 1935.

*To the Honorable City Council:*

I transmit herewith a report for the financial year beginning January 1, 1935 and ending December 31, 1935. Included in this report are detailed statements of receipts and expenditures, a recapitulation to cash transactions, tables showing expenditures on the basis of the "Revenue" dollar and the "Non-Revenue" dollar, an analysis of the appropriation accounts and an analysis of the outstanding debt, statement of the borrowing capacity, tables showing the condition of the trust funds, the balance sheet and a list of city property.

Respectfully submitted,

JOHN J. McKENZIE,  
*City Auditor.*

## GENERAL DEBT

\$400,200 outside; \$131,800 inside.

## \*Water Sinking Fund Surplus.

**TRUST FUNDS****WEBSTER THIERRY SCHOOL FUND**

A donation in the amount of \$300 by Mrs. Louis J. Thierry in memory of her son, Webster Thierry, who died while a student at Latin School. The income to be expended for a prize, to be known as the Webster Thierry prize, to the boy in the graduating class who has been outstanding, especially in his interest in debating and related work.

**WILLIAM PENN HARDING FUND**

A bequest to the City of Cambridge under the will of William Penn Harding in the amount of \$1,000, the income to be expended by the Trustees of the Public Library for the purchase of recent books on science, art or travel of a popular and instructive character. To be designated the William Penn Harding Fund, which designation shall be printed in all the books so purchased.

**JOHN WESLEY FREESE FUND**

This is a fund in the amount of \$89.36 bequeathed by the late John Wesley Freese in November, 1914. The fund is to accumulate for twenty years, after which time a sum not in excess of three-fourths of the annual income is to be expended for books or works of art for the Houghton School.

**SARAH E. RUSSELL FUND**

A bequest to the City of Cambridge, under the will of Sarah E. Russell, in the amount of \$814.41, the income to be expended annually in, or towards, providing a Christmas tree or Christmas gifts and entertainments for the inmates of the City Infirmary. Mrs. Russell was the widow of Hon. Charles Theodore Russell and the mother of Hon. William Eustis Russell, each of whom served the city as Mayor, and the grandmother of Hon. Richard Manning Russell, the present Mayor.

**BRIDGE CHARITABLE FUND**

Founded by the late Levi Bridge of Cambridge, in his lifetime, by a deed of trust dated August 12, 1875, and upon his death, April 15, 1876, the fund came under the control of the City. In October, 1877, Samuel F. Bridge, a relative of the founder, donated a sum sufficient to double the original fund. One-third of the annual income is added to the principal, the remainder expended by the Board of Public Welfare.

**REVEREND PATRICK H. CALLANAN FUND**

A gift in the amount of \$2,000 by Reverend Patrick H. Callanan, pastor of St. Peter's Roman Catholic Church, the principal to be invested and the income to be expended annually for a "feast day" on December 18 for the inmates of the City Infirmary.

**EDWARD L. KINGMAN SCHOLARSHIP FUND**

A bequest in the amount of \$1,700 under the will of Alice M. Kingman, "the income to be paid annually to the student who graduated from the Cambridge High School or the Cambridge Latin School with the highest grade, during his first year in college. If the pupil who graduated with the highest grade does not go to college, the income shall be paid to the pupil with the highest grade who does go to college. This fund shall be known as the Edward L. Kingman Scholarship."

**CEMETERY PERPETUAL CARE FUND**

Held in trust by the City, comprising amounts received from proprietors of lots in Cambridge Cemetery for perpetual care of the respective lots.

**CITIZENS' SUBSCRIPTION FUND**

In 1899 a committee of citizens raised, by subscription, a fund for the purchase of books at the time the new Public Library building was opened. The unexpended balance, \$5,500, was invested and the income is used for the same purpose.

**Trust Funds — *Concluded*****CUMMINGS FUND**

A bequest under the will of Daniel P. Cummings, who died May 3, 1889, in the amount of \$2,000, the income to be expended for non-sectarian books for the Public Library.

**FAY FUND**

A bequest under the will of Isaac Fay, who died December 20, 1872, in the amount of \$1,000 to the Dana Library, now the Cambridge Public Library, the income to be expended for books for said library.

**WILLIAM SAUNDERS FUND**

Bequest under the will of Abigail L. Prentiss: the residuary estate, after the termination of certain annuities, was paid to the Trustees of the Public Library to be invested, the income to be expended for the purchase and care of books to be placed in the William E. Saunders Alcove.

**JAMES A. WOOLSON FUND**

Bequest under the will of James A. Woolson in the amount of \$5,000, the income to be expended for the purchase of books, an appropriate bookplate to be placed in each book.

**CITIZEN OF CAMBRIDGE FUND**

Principal of fund, \$7,400. Donated by a citizen of Cambridge, \$3,000 in 1923, \$2,000 in 1924 and \$2,400 in 1926. The income on \$1,000 to be expended for the purchase of books on art, the income on the balance to be expended for the work of Americanization and the purchase of books for the library.

ANNUAL REPORT  
OF THE  
CITY TREASURER

TOGETHER WITH THE REPORT OF THE  
COMMISSIONERS OF SINKING FUNDS OF THE  
CITY OF CAMBRIDGE

For the Year Ending December 31, 1935

PRINTED FOR THE DEPARTMENT  
UNDER THE DIRECTION OF THE CITY CLERK

## REPORT OF CITY TREASURER

### LETTER OF TRANSMITTAL

Cambridge, Mass., January 1, 1936

*To the Honorable City Council:*

In compliance with the provisions of Chapter 56 of the revised ordinances of 1892, amended to November 8, 1899, compiled to November 10, 1913, concerning "Annual reports of officers and boards in charge of departments," I respectfully submit herewith a report of the receipts and expenditures of the public funds by the Treasury Department during the year ending December 31, 1935, including an account of all bonded and temporary loans negotiated in said year, also a detailed account of official fees received and reports of all trust funds in the care of the City Treasurer. In addition to the above, a report of the Commissioners of the Sinking Funds of the City is included.

Very respectfully,

WILLIAM J. SHEA,  
*City Treasurer.*

**Webster Thierry Fund**

This is a fund of \$300, donated by Mrs. Louis J. Thierry in memory of her son, Webster H. Thierry, who died while a student at High and Latin School. The income of the fund is to be expended for a prize to the boy in the graduating class who has been outstanding, especially in his interest in debating and related work. It is known as the Webster Thierry Fund.

# REPORT OF THE COMMISSIONERS OF THE SINKING FUNDS OF THE CITY OF CAMBRIDGE

Cambridge, Mass., January 1, 1936.

*To the Honorable City Council:*

The Commissioners of the Sinking Funds of the City of Cambridge herewith submit their annual report for the year ended December 31, 1935. This report divides the Sinking Funds into two divisions: First, Municipal Loan Fund; second, Water Loan Fund.

As of December 31, 1935, there was held in the Municipal Loan Fund assets as follows:

Bonds (at par value) . . . . .	\$2,367,712 50
Cash . . . . .	160,368 18
Total . . . . .	<u>\$2,528,080 68</u>

The total amount of debt to be paid from Municipal Loan Fund on December 31, 1935, amounted to \$2,896,000. This debt matures in various amounts in the years 1936 to 1952, inclusive. Deducting the assets of the Municipal Loan Fund as reported above leaves a net Municipal Sinking Fund debt on December 31, 1935 of \$367,919.32. During 1936 bonds in the amount of \$160,000 will become due and payable from this fund.

As of December 31, 1935, there was held in the Water Loan Fund assets as follows:

Bonds (at par value) . . . . .	\$297,500 00
Cash . . . . .	204,407 12
Total . . . . .	<u>\$501,907 12</u>

The total amount of debt to be paid from the Water Loan Fund on December 31, 1935, amounted to \$397,500. The latest maturity of this debt is in 1941. During 1936 bonds amounting to \$280,000 will become payable from this fund.

Details as to the changes in the year 1935 of the two funds follow:

## MUNICIPAL LOAN FUND

## Bond Account

*(Bonds are reported at par value)*

	<hr/>	
	\$206,018 95	
Total Water Loan Fund . . . . .		<hr/> \$501,907 12

For convenience in keeping the accounts of the funds the first Commissioners of both the Municipal Loan Fund and the Water Loan Fund carried all bonds at par value, regardless of the price paid therefor. All interest received is entered at the gross amount without deduction for the proportion of premium paid for the bonds. This practice, which has been continued to the present time, has received the approval of the Director of Accounts of the Department of Corporations and Taxation of the Commonwealth of Massachusetts. Interest accrued on bonds held but not yet due has not been set up as an asset as of the end of the year.

For many years an annual payment was made to the Municipal Sinking Fund by the City under terms of an ordinance passed in 1879. In 1931 a calculation of the condition of the fund was made by an actuary which showed that no contribution from the City was needed at that time, nor should any further payment be necessary, if investments can be made without loss at the rate of three and one-half per cent compounded semi-annually. As a result of this examination no payment has been made to the Municipal Sinking Fund since 1931. No payment has been made to the Water Fund by the City since December 1, 1917.

All municipal debt issued since 1913 either for municipal purposes or for water purposes must be in serial form and the Commissioners of Sinking Funds have no duties to perform in regard to the debt now incurred by the City of Cambridge for any purpose.

A list of bonds held on December 31, 1935 in the respective sinking funds is appended hereto.

Respectfully submitted,

WILLIAM H. REARDON, JR., *Chairman*,  
WILLIAM H. DAVIES,  
CECIL E. FRASER,  
JAMES A. MITCHELL,  
ARTHUR M. WRIGHT.

The Committee appointed to audit the accounts of the Treasurer of the Sinking Funds reports that his accounts are correct. The amount of interest received and bond and cash transactions for the year have been computed independently of the Treasurer's books and their correctness thereby proved. Bonds held in the Sinking Funds were examined on June 12, 1935 by representatives of the Division of Accounts of the Commonwealth of Massachusetts and by the City Auditor of the City of Cambridge and were found correct.

WILLIAM H. REARDON, JR.,  
WILLIAM H. DAVIES.

## MUNICIPAL LOAN FUND

Bonds Held December 31, 1935

# REPORT OF THE FIRE DEPARTMENT

## For the Year Ending December 31, 1935

*To His Honor the Mayor and the City Council:*

*Gentlemen:* In compliance with requirements of the City Ordinances I respectfully submit my second annual report of the Fire Department of the City of Cambridge for the year beginning January 1, 1935 and ending December 31, 1935.

This report contains the cost of maintenance, membership, condition of apparatus, a record of fires and alarms of fire, and the cause thereof as near as could be ascertained, the value of property at risk, the insurance thereon, the loss or damage sustained, and such other information as may be of interest.

### FINANCIAL STATEMENT

Department appropriation for salaries . . . . .	\$444,372 39
Transfers of amounts for salaries . . . . .	6,113 65
	<hr/>
Total amount appropriated for salaries . . . . .	\$450,486 04
Total amount expended for salaries . . . . .	\$450,450 47
	<hr/>
Unexpended balance from salaries . . . . .	\$35 57
Department appropriation for general expenses . . .	\$31,035 73
Department expended for general expenses . . . . .	30,295 11
	<hr/>
Unexpended balance from general expenses . . . . .	\$740 62

The following is a list of the values, loss, insurance and insurance paid on fires for 1935:

	<i>Value</i>	<i>Loss</i>	<i>Insurance</i>	<i>Insurance Paid</i>
Buildings	\$4,222,315 00	\$198,174 97	\$3,867,362 00	\$198,174 97
Contents	1,375,419 00	51,890 21	1,316,325 00	47,125 21
	<hr/>	<hr/>	<hr/>	<hr/>
Total	\$5,597,834 00	\$250,065 18	\$5,183,687 00	\$245,300 18

From January 1, 1935 to December 31, 1935 the Department received and turned into the City Treasurer \$385.17 for permits and rebates on gasoline.

The companies of the Department responded to the following number of alarms both bell and still.

Engine No. 1 . . . . .	287	Engine No. 8 . . . . .	381
Engine No. 2 . . . . .	454	Engine No. 9 . . . . .	194
Engine No. 3 . . . . .	194	Ladder No. 1 . . . . .	370
Engine No. 4 . . . . .	232	Ladder No. 2 . . . . .	277
Engine No. 5 . . . . .	678	Ladder No. 3 . . . . .	393
Engine No. 6 . . . . .	362	Ladder No. 4 . . . . .	318
Engine No. 7 . . . . .	242	Rescue No. 1 . . . . .	914

### ORGANIZATION

The manual force of the Department for the year ending December 31, 1935 consisted of 192 members as follows: 1 chief, 4 deputy chiefs, 1 master mechanic with rank of captain, 14 captains, 14 lieutenants, 3 enginemen, 2 assistant enginemen, 153 privates, and 1 civilian mechanic.

There are 9 motor pumping engines, 8 combination hose and chemical wagons, 4 aerial ladder trucks, 1 rescue wagon, 1 flood-light truck, 1 repair truck, 1 roadster used by repair division, 1 chief's car, 2 deputy chief's cars in active service.

During the year 2 captains promoted to deputy chief, 3 lieutenants promoted to captains, 3 privates promoted to lieutenants.

One captain's and 2 privates' names were placed on the pension roll.

Two privates died during the year.

### PROMOTIONS

Captain Church, George L., of Engine No. 5, promoted to deputy chief.

Captain Dardis, John H., of Engine No. 2, promoted to deputy chief.

Lieutenant Kilfoyle, Henry E., of Engine No. 2, promoted to captain.

Lieutenant O'Connor, Charles F., of Engine No. 9, promoted to captain.

Lieutenant Ryan, George A., of Ladder No. 2, promoted to captain.

Private Burke, Edmund M., of Engine No. 9, promoted to lieutenant.

Private Lavey, John L., of Engine No. 5, promoted to lieutenant.

Private Murphy, Edward T., of Engine No. 5, promoted to lieutenant.

### PENSIONS

Captain Richardson, William C., of Ladder No. 3, placed on pension roll.

Private Jefferson, James E., of Engine No. 6, placed on pension roll.

Private Doyle, Francis V., of Engine No. 8, placed on pension roll.

### DEATHS

Private Anderson, Thomas H., of Engine No. 2, killed while responding to an alarm of fire October 17, 1935.

Private Coyne, William J., found dead in bed at the quarters of Engine No. 4, November 9, 1935.

### APPARATUS

The apparatus of the Department in active service consists of the following:

One triple combination pumping engine of one thousand gallons.

Four triple combination pumping engines of seven hundred and fifty gallons.

Four combination motor pumping engines of seven hundred and fifty gallons.

Eight motor combination hose and chemical wagons.

One eighty-five foot aerial ladder truck.

Three seventy-five foot aerial ladder trucks.

One rescue wagon.

One floodlight truck fully equipped.

One repair and wrecking truck.

One roadster, repair division.

One automobile for Chief of Department.

Two automobiles for deputy chiefs.

## APPARATUS IN RESERVE

Two triple combination pumping engines No. A and No. B, seven hundred and fifty gallon.

One combination hose and chemical wagon.

One city service ladder truck fully equipped.

One horse-drawn combination hose and chemical wagon.

## HOSE

There is now in service and reserve 19,500 feet of two and one-half inch cotton rubber-lined hose, 3,000 feet of three-quarter inch chemical hose (rubber), 600 feet of one and one-half inch cotton rubber-lined hose, and 200 feet of three inch cotton rubber-lined hose for aerial ladder water towers.

All hose in Department tested at a pressure of not less than 200 pounds. The hose unfit was condemned and replaced with new hose, all that could be repaired was replaced on apparatus.

## FATALITIES

Mrs. Amelia N. Johnson burned to death in her home January 3, 1935.

Mr. Ironard Guerin died from burns contracted on roof of dwelling under repair March 2, 1935.

Miss Annie Fitzpatrick burned to death in her home March 26, 1935.

## REMARKS

The following apparatus, equipment, appliances, etc. placed in service since January 1, 1935:

One new hydro-mechanical double banked aerial ladder fully equipped with 426 feet of ladders, 60 gallon booster tank, 250 feet of three-quarter inch booster line hose, and water tower connections.

One new 1,000 gallon Seagrave pumping engine with booster pump, 250 feet of three-quarter inch booster line hose, one 24-foot extension ladder, one 12-foot combination roof ladder with folding hooks.

One new 750 gallon Seagrave pumping engine with booster

pump, 250 feet of three-quarter inch booster line hose, one 24-foot extension ladder, one 12-foot combination roof ladder with folding hooks.

One new Seagrave rescue wagon with 100 gallon booster tank and pump, 250 feet of three-quarter inch booster line hose, one 24-foot extension ladder and one 12-foot combination roof ladder with folding hooks.

Eighteen salvage covers.

Eight 24-inch squilges.

Two Boston life guns.

Two battering rams.

Nine 24-foot extension ladders.

Nine 12-foot folding hook combination roof ladders.

One Morse ladder pipe with one and one-half and one and three-quarters inch tips, 50 feet of three inch hose and connections for Ladder No. 4.

Two McCaa one and one-half hour breathing apparatus for Ladder No. 1 and Ladder No. 3, two extra cylinders and twelve cans of cardoxide.

Three Porter life nets.

Nine life belts and hooks, 3,000 feet of two and one-half inch cotton rubber-lined hose.

Fifty new fire helmets, 600 feet of one and one-half inch cotton rubber-lined hose.

Four 10-foot lengths of four and one-half inch hard suction.

One 10-foot length of soft suction.

Four new three-way Morse portable guns (aluminum type).

One new booster pump complete with 75 gallon tank for Hose No. 8, 150 feet of three-quarter inch rubber chemical hose.

In the extinguishing of fires the Department was out of quarters 2,350 hours, used 231,750 feet of hose, 22,800 feet of ladders, 307 large chemical tanks, 226 small chemical tanks, 9 Foamite tanks, 4 CO<sub>2</sub> tanks. Gas masks used 31 hours, inhalators 49 hours, 153 salvage covers, 54 fuses. The floodlight wagon operated for 43 hours.

During the year the apparatus responded to 1,067 bell alarms and 449 still or telephone calls, a total of 1,516 alarms of fire. Included in the above were 10 multiple alarms of fire as follows: 1 fourth alarm, 1 third alarm and 8 second alarms, with 157 fires with loss.

There were fires in 357 frame buildings, 143 in brick and stone, 9 in reinforced concrete, 27 in fireproof, 19 in iron clad, 17 in concrete, and 11 in buildings not classified; 417 fires confined to floor where originated, 56 extended from start and 5 extended to adjoining buildings.

False alarms for the year totaled 243. This is a serious problem and some effort should be made to stop this unnecessary running of apparatus. Response was made to 83 dump fires. This type of fire is very costly to the Department, wear and tear on apparatus, use of gasoline, and conditions at these dumps, consisting of foreign matter, acids, etc., spoil many dollars' worth of hose. Rubbish in the street, building or yard caused 100 responses, automobiles 132, and response outside city limits in answer to mutual aid calls, 106 times.

The Fire Prevention Bureau is very valuable to the Department and to the city as well. This work increases each year, and very good results are obtained by systematic inspections. Individual attention is given to all hazards, complaints and violations of law, and many serious conditions in the city that were foundations for bad fires have been eliminated.

The total number of inspections made was 17,865, which shows a vast amount of work performed by this bureau.

The Drill Master reports that during the year 301 drills were held by the different companies both in quarters and at the drill tower and a marked improvement has been shown.

I would urge the residents of the city to acquaint themselves with the nearest fire alarm box to their homes in their district, and in event of a fire to pull the fire alarm box instead of using the telephone, as delays are dangerous and the telephone may be out of service caused by fire. Confusion at times results from the similarity of street names and excitement of persons using telephones, so the fire alarm box is the best.

## REPORT OF THE REPAIR DIVISION

Early in 1935 the repair shop was enlarged by the acquisition of the garage formerly used by the electrical department. The forge room and machine shop were moved into this space, allowing more room for repairing and storing apparatus. This work was done under an E.R.A. project and was finished in May,

and since that time the following major repairs have been made to apparatus.

Engine No. 1, motor overhauled and engine bed rewelded.

Engine No. 2, motor overhauled, repainted and equipped with new wheels and pneumatic tires.

Hose No. 2, motor repaired and equipped with new wheels and pneumatic tires.

Engine No. 3, equipped with new wheels and pneumatic tires.

Engine No. 4, motor overhauled, replaced two old suctions with new ones.

Engine No. 8, hose wagon, motor overhauled, chemical tank removed and replaced with 75 gallon water tank, equipped with Obendorfer booster pump, Morse mounted nozzle and repainted.

Ladder No. 3, motor overhauled and engine bed rewelded; on October 17, 1935 this truck was in a serious accident that wrecked the 85 foot aerial ladder, bending the frame and superstructure. The aerial was replaced with a 75 foot aerial ladder taken from old ladder No. 1 in storage, the frame and superstructure repaired and truck replaced in service.

Ladder No. 4, equipped with Morse ladder nozzle.

Many minor repairs too numerous to mention have been made to apparatus, hose, houses and equipment.

I would respectfully recommend the following equipment be purchased to facilitate the work in the repair division:

One 7 ton roller jack, one electric power greasing machine, one "Binks" power sprayer to paint apparatus, two bench vices, one "Weed" heavy duty bending device to repair skid chains.

## RECOMMENDATIONS

I respectfully recommend the following to improve our Department and better enable us to render more efficient service to our citizens.

That Engine No. 6 and Hose No. 6 be replaced with new apparatus. This engine was purchased in 1919 and the hose wagon in 1926. Both pieces are in very poor condition and will need extensive repairs to keep them on the road.

Ladder No. 3 was purchased in 1921. The 85 foot aerial ladder on this truck was demolished in a collision with Engine No. 2 on October 17, 1935, and was replaced with a 75 foot

aerial ladder taken from old Ladder No. 1 (now in storage), making this ladder only 75 feet in height at present. I recommend that this ladder be replaced with a 100 foot, three section ladder which will be six feet shorter over-all than our present 85 foot ladder, allowing easier manipulation in traffic. With present parking conditions a 100 foot ladder is required to reach the upper floors and roofs of buildings on our main thoroughfares. On account of the large number of parked cars on our streets, nearly all of which are found locked and unable to move, the ladders must necessarily be raised from the center of the street, therefore a 100 foot ladder would be of ample length to reach the upper floor or roof of any building in the city.

At present only two engine companies are equipped with one and one-half inch hose and I strongly recommend that every engine company be equipped with at least 300 feet of one and one-half inch hose, together with the necessary nozzles and Siamese leaders for this hose, which is much easier handled and saves considerable water loss, particularly in dwellings where most of our fires occur.

That the Lafayette Square station and Engine No. 4 station at Massachusetts Avenue and Blake Street be entirely remodeled in the near future, as both of these buildings are old and in need of extensive repairs. Much of this cost could be borne by the United States Government if this work was done under a W.P.A. project.

The drill tower at the Portland Street yard should be strengthened and repainted this year, the front wall of the drill tower to be carried three feet above the roof, terminating in a parapet wall eight inches wide, and a three inch standpipe installed in the tower equipped with a standard two and one-half inch Siamese connection at the street level and a single two and one-half inch connection on each floor and one sprinkler head in the smoke room to better drill the members of the Department in these appliances.

## CONCLUSION

To His Honor the Mayor for his courtesy and interest in all matters connected with the Fire Department, the members of the City Council for their kindness and consideration, to the

officers and members of the Fire Department my especial thanks are due for their faithful attention to duty and their promptness in answering the numerous calls during the year and their coöperation in all matters that were beneficial to the Department, to the Electrical, Police and Water Departments, I extend my thanks for their coöperation and assistance rendered, and also my thanks are due and hereby extended to the City of Somerville and the towns of Arlington, Belmont and Watertown for their coöperation and assistance rendered during the year.

Respectfully submitted,

HERMAN E. GUTHEIM,  
*Chief of Fire Department.*

Cambridge, Massachusetts.

Suspicious person .....	3	Stubborn child .....	5

Respectfully submitted,

MARY A. BARROW.

DOMESTIC RELATIONS REPORT

From January 1, 1935 to December 31, 1935

I submit herewith my annual report of work performed in the Division of Domestic Relations for the year ending December 31, 1935. The total number of arrests made during the year was 618. The following table shows the crime classification of arrests:

Non-support .....	297	Neglect of children .....	12
Violation of probation .....	162	Abandonment .....	4
Bastardy .....	42	Lewd and lascivious .....	2
Assault and battery .....	44	Polygamy .....	2
Drunkenness .....	12	Carnal abuse .....	2
Failure to perform contract .....	2	Threatening .....	2
Neglected children .....	16	Abduction .....	1
Stubbornness .....	17	Violation automobile law .....	1
Total .....			618

Of the number of persons arrested during the year, 345 are on probation. Included in the total number of arrests are 22 cases handled for other cities and towns, and three cases handled for other states.

To bring back offenders we have made eighteen trips outside the state, as follows:

New York City.....	5	Caribou, Maine.....	1
Rutland, Vt.....	2	Bangor, Maine.....	1
Portland, Maine.....	2	Bristol, Pa.....	1
Providence, R. I.....	2	Auburn, Maine.....	1
Manchester, N. H.....	1	New Haven, Conn.....	1
Bath, Maine.....	1		

One hundred and twenty-five trips were made to cities and towns outside Cambridge. Included in the total number of cases handled by this division are 158 cases known to the Board of Public Welfare. One hundred and sixty-five cases have been investigated in which the domestic difficulties were satisfactorily adjusted without bringing the cases into court.

Living outside the state are forty-three men who, through the efforts of this division, are voluntarily contributing to the support of their dependents living here.

Respectfully submitted,

JOHN M. ACKERLY,  
*In Charge of Domestic Relations.*

**REPORT OF SCHOOL OFFICER FOR THE YEAR 1935**

I herewith submit my annual report for the year 1935. In any report or appraisal of one's work, figures and statistics play a very prominent rôle. They serve as almost infallible evidence of the success or failure of one's undertaking. It is with particular pride, therefore, at the beginning of my report for the past year that I make known the official statistics compiled by the State Registry of Motor Vehicles with regard to fatal and non-fatal accidents to children in the streets of Cambridge for the year 1935. In 1934 there were eight fatalities to children in Cambridge. In 1935 there were three fatalities (a decrease of five) to children in the streets of Cambridge. In 1934 there were 412 non-fatal accidents to children. In 1935 there were 423, showing a slight increase of 11. This was accomplished in view of the fact that adult fatalities showed an increase of three and adult non-fatalities showed an increase of 210 for the year 1935 over the year 1934. These facts speak for themselves.

The all-important factor in accomplishing this achievement for 1935 is, of course, my Junior Traffic Boys. The organization, supervision, selection and work of these boys have been described in my previous reports. It is impossible to appraise accurately the value of the help rendered to me by these boys during the year 1935. They are truly sowing the seeds of safety, the benefits of which are not only being reaped now among the children as a result of their work, but verily forecast a glowing promise for the future citizens of our city. When the complete fruits will be harvested, we can safely expect and look forward to, as they attain manhood and womanhood, a noteworthy reduction in adult fatalities and non-fatalities, for they are the future drivers of automobiles.

In order to stimulate interest and promote the highest possible degree of efficiency and functioning of my Safety Patrols, the Kiwanis Club of Cambridge donates a cup to be awarded to the best Safety Patrol. The cup was won by the Haggerty School Safety Patrol, being adjudged the most efficient for the year. Presentation was made at a meeting of the Kiwanis Club in the Commander Hotel by Pres. Edward R. Millin to Mr. John J. Tobin, principal of the Haggerty School.

I wish also to report the following, coincident with my work:

Schools visited (public) . . . . .	27
Children instructed (public) . . . . .	16,339
Schools visited (parochial) . . . . .	10
Children instructed (parochial) . . . . .	7,018
School visited (private) . . . . .	2
Children instructed (private) . . . . .	350
Personal talks at home in the interest of children disobeying the safety rules. (This includes such violations as roller skating, playing ball in the streets and hopping on electric cars and motor vehicles.) . . . . .	343
Boys personally warned about stealing rides on electric cars and motor vehicles . . . . .	116
Children found in the streets playing truant and brought back to school . . .	9
Children found on streets playing truant, not living in Cambridge, returned to homes . . . . .	6
Lost children found and brought to station house . . . . .	2
Children caught stealing articles from various stores, brought home, parents notified . . . . .	8
Boys found out in the early hours of the morning with milk men . . . . .	6
Children warned about being out after 9.30 p.m. . . . .	194
Visits to theatres . . . . .	48
Children warned about soliciting pennies outside the various theatres . . . . .	79
Stolen bicycles recovered . . . . .	1
Firewood distributed to needy families (by the load) . . . . .	19

I wish to thank you for your helpful suggestions and kindness during the past year.

Respectfully submitted,

PATRICK F. SHEA,  
*Safety Officer.*

Property and money recovered . . . . .	\$56,811

The two-way police radio system being installed at headquarters will be completed in a short time. The radio is not only the most modern but also the most efficient means of combating modern banditry. The professional criminal fears detection and arrest. It is the fear of apprehension that keeps down crime.

Eight officers were commended for intelligent performance of police duty during the past year. One patrolman was dismissed from the department and six were suspended for a period of six months with loss of pay.

In conclusion I wish to express my appreciation for the coöperation and loyalty shown by his Honor the Mayor, the Judges, District Attorney and his assistants and the members of this department who have helped greatly towards making a success of my first year as Chief of Police.

Respectfully submitted,

TIMOTHY F. LEAHY,  
*Chief of Police.*

# ANNUAL REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Cambridge, Mass., May 20, 1936.

To the Honorable City Council:

Yours respectfully,

FELIX C. McBRIDE,  
*Sealer of Weights and Measures.*

# SIXTY-NINTH ANNUAL REPORT OF THE CITY ENGINEER

For the Year Ending December 31, 1935

*To the Honorable City Council:*

The City Engineer hereby submits his annual report, being the sixty-ninth of the department, showing the operation and expenditures of the Engineering and Sewer Departments for the year ending December 31, 1935. A brief summary of the work of the Engineering and Sewer Departments for the period of one year is as follows:

## FOR HIGHWAY DEPARTMENT

Number of surveys made . . . . .	10
Number of street lines given . . . . .	200
Number of grades given . . . . .	230
Number of streets on which paving, curbs, etc., were measured . . . . .	35
Number of assessments prepared . . . . .	65
Number of plans and profiles prepared . . . . .	14

## FOR SEWER DEPARTMENT

Number of surveys made . . . . .	13
Number of lines given . . . . .	85
Number of grades given . . . . .	95
Number of sewers measured . . . . .	40
Number of plans and profiles prepared . . . . .	32
Number of photographic negatives made . . . . .	12

## FOR WATER DEPARTMENT

Number of surveys made . . . . .	1
Number of lines given . . . . .	7
Number of grades given . . . . .	24
Number of plans and profiles prepared . . . . .	10
Number of photographic negatives made . . . . .	8

## FOR LAW DEPARTMENT

Number of surveys made . . . . .	106
Number of plans prepared . . . . .	20
Number of photographic negatives made . . . . .	92

## FOR PARK DEPARTMENT

Number of surveys made . . . . .	1
Number of lines given . . . . .	10
Number of grades given . . . . .	10

## CITY ENGINEER

215

Number of plans and profiles prepared . . . . .	4
Number of photographic negatives made . . . . .	8

## FOR CEMETERY DEPARTMENT

Number of surveys made . . . . .	0
Number of lines given . . . . .	1
Number of grades given . . . . .	1
Number of plans and profiles prepared . . . . .	0

## FOR MISCELLANEOUS WORK

Number of circuit bench levels . . . . .	5
Number of houses measured . . . . .	0
Number of plans, profiles, tracings, etc., prepared . . . . .	24
Number of surveys made . . . . .	1
Number of lines given . . . . .	72
Number of grades given . . . . .	15
Number of photographic negatives made . . . . .	125

There are on file in this office 14,973 plans.

## FINANCIAL

## Engineering Department

## SALARIES

Appropriation . . . . .	\$20,572 00
Expended . . . . .	20,444 50
Balance . . . . .	<u>\$127 50</u>

## GENERAL EXPENSE

Appropriation . . . . .	\$747 50
Expended . . . . .	700 98
Balance . . . . .	<u>\$46 52</u>

In addition to and including the above amounts charged to salaries of assistants, there has been expended and charged to the Department as follows:

To Assessors' Plans . . . . .	\$1,196 00
To Sewer Department . . . . .	3,601 00
To Water Department . . . . .	.....
To salary Temporary City Engineer . . . . .	4,700 00
To salaries of assistants . . . . .	15,744 50
Total . . . . .	<u>\$25,241 50</u>

CLASSIFICATION OF SALARIES OF ASSISTANTS

Accidents: surveys, plans and court attendance for Law Department..	\$1,420 70
Accounts: bookkeeping and clerical work.....	1,716 00
Assessors' Plans: surveys, measurements and work on Block Plans for Assessors' Department.....	1,218 25
Bridges: surveys, plans, examinations and estimates.....	215 40
Cemetery: surveys, measurements and plans setting out lots at Cam- bridge Cemetery.....	.....
Highways: surveys, levels, plans, titles, estimates, measurements and assessments for Highway Department, also lines and grades given for private parties.....	4,486 30
Miscellaneous: unclassified work for committees and departments, vacations and sickness.....	3,563 93
Parks: surveys, lines, grades, plans and estimates for Park Department	492 74
Sewers: lines, grades, plans, estimates, accounts, measurements and assessments for Sewer Department.....	6,224 31
Water Department: lines, surveys, plans and estimates for Water Works	1,203 87
Total.....	<u>\$20,541 50</u>

REVENUE

For year ending December 31, 1935.

3 Copies of Lists of Streets.....	\$0 30	
135 Copies of Map of City.....	13 50	
	<u>          </u>	\$13 80

ASSESSORS' BLOCK PLANS

Eleven sheets for the new Assessors' Block Plans were newly drawn and printed and mounted and turned over to the Assessors Department. Two hundred eighty-three plans have been completed to date. The amount expended for the work during the year was as follows:

Appropriation.....		\$1,275 00
Expended for salaries.....	\$1,196 00	
Expended for printing, mounting, etc.....	20 10	1,216 10
	<u>          </u>	<u>          </u>
Balance.....		\$58 90

STATISTICS OF THE PAVEMENTS LAID IN THE CITY TO DECEMBER 31, 1935 ARE AS FOLLOWS:

Kind	Length in Miles			Area in Square Yards		
	Laid in 1933, 1934 and 1935	Removed in 1933, 1934 and 1935	To Date	Laid in 1933, 1934 and 1935	Removed in 1933, 1934 and 1935	To Date
Granite block.....	....	....	13.992	....	....	349,502

Concrete.....	3.833	....	5.568	77,283	....	107,093
Tar macadam.....	0.132	....	32.619	....	....	514,124
Macadam.....	....	5.375	35.674	2,590	106,370	80,086
Asphalt.....	1.542	....	2.694	29,087	....	49,048
Totals.....	5.507	5.375	128.873	108,960	106,370	1,863,386

STREETS LAID OUT AND ACCEPTED  
FROM JANUARY 1, 1935 TO DECEMBER 31, 1935

Length of accepted streets, December 31, 1934..	114.853 miles
Accepted in 1935.....	0.000 miles
Discontinued in 1935.....	0.000 miles
Total length of accepted streets, December 31, 1935.....	114.853 miles
Total length of unaccepted streets, December 31, 1935.....	14.020 miles
Total mileage open for travel.....	128.873 miles

CITY BRIDGES

The annual inspection of the city bridges was made and the following is a report of the present conditions.

*Wellington Bridge*, over Wellington Brook at Blanchard Road. This bridge is in a very dangerous condition. The fence is dangerous and should be repaired at once. The ends of the duck planking are rotted and breaking off. The main decking needs repairing. Many stringers need replacing. The stone abutments need rebuilding at once and unless they are taken care of will not be safe for the load they have to carry. I recommend that the bridge be replaced with two concrete pipes, or some type of concrete or iron culvert that would eliminate the expense of a new bridge or repairs in the future. I cannot stress these repairs too strongly because of increased traffic over this bridge, including heavy busses, trucks, etc.

*Huron Avenue Bridge*, at Fountain Terrace. The steel work on this bridge needs scraping and painting badly. Some of the deck planking is worn and needs replacing at once. Otherwise this bridge is in fair condition, but some of the steel members could be reinforced because of increased heavy traffic over this bridge.

*Huron Avenue Bridge*, at the Watertown Branch, Boston and Maine Railroad. This bridge is in good condition. The steel work and pedestals must be cleaned and painted and the clay kept away from them, as the steel is corroding. The steel fencing is badly in need of scraping and painting. Some of the deck planking is worn and needs replacing.

*Walden Street Bridge*, over Boston and Maine Railroad (Fitchburg Division). The underside of the concrete floor of this bridge needs patching in several places where the reinforcing is exposed. The gunite covering of the main girders should be repaired at once as the steel is beginning to corrode. The main steel girders should be painted at once. The concrete curbing at the side of the roadway is beginning to break and should be repaired at once. Otherwise this bridge is in good condition and needs very little work done on it.

*Sixth Street Bridge*, over Broad Canal. This bridge is in good condition. The four (4) dolphins are in very poor condition and should be renewed at once for the protection of the bridge. The steel should be painted and the safety gates repaired so that they will be able to operate.

*Third Street Bridge*, over Broad Canal. This bridge is in good condition. The steel should be painted. The safety gate arms should be repaired. The dolphins at the corners of the draw are in poor condition and should be repaired at once.

*First Street Bridge*, over Broad Canal. This bridge is in fairly good condition. The steel should be painted at the draw and also the steel structure supporting the counterweight. The traffic lights and gates are out of commission and should be repaired at once. One (1) dolphin needs replacing. New piles should be driven to replace some of the old piles backing up the waling as some are badly rotted. Some walings need replacing, also some of the steel plates that have worked loose. The deck of the draw is in a bad condition and should be repaired at once. I recommend an open steel deck be placed on the draw.

*Commercial Avenue Bridge*, over Lechmere Canal. This bridge is in need of very many repairs. The track gear is cracked and should be replaced at once. The deck is in need of new planking and some of the timbers need replacing. The waling that protects the abutments is worn and needs replacing. The concrete abutments and pits should be repaired. The steel should be painted at once to stop corroding. The wing fenders on the river side of bridge need replacing at once as the piles and waling are in very poor condition. Without the proper protection of these fenders the bridge is in a good position to take the brunt of all collisions of shipping coming into the canal and be seriously damaged. The waling needs replacing and the spur shores

repaired. These are located on the canal side of the bridge. The electric motors need to be covered to protect them against the weather. I cannot stress these repairs too strongly as the conditions at this bridge are very dangerous. I also recommend that a drainage system for the counterweight pits be installed to take care of the water which gathers after rains.

On all the canal draw bridges I recommend that a system of open steel decking be installed, as this would remove the trouble caused from dirt and snow accumulation.

CLASSIFIED SCHEDULE OF SEWERS AS BUILT TO  
DECEMBER 31, 1935

Vitrified cement.....	119.468 miles
Brick.....	46.349 miles
Wood.....	2.821 miles
Cement concrete.....	9.819 miles
Iron pipe.....	.355 miles
Miscellaneous materials.....	3.313 miles
<hr/>	
Total length of sewers constructed to date..	182.125 miles

GENERAL SEWER CONSTRUCTION

The total length of new sewers constructed during the year was 7.064 miles, making a total mileage in the city of 182.125 miles. The total length of streets newly sewered during the year was 0.322 miles, making a total mileage of streets sewered with one or more conduits 129.702 miles. There were no old sewers relaid and 3.958 miles replaced.

There are 104.411 miles of combined sewers in the city, 51.357 miles of sanitary sewers and 26.357 miles of storm sewers, making a total of 182.125 miles.

STREET CATCH BASINS

The total number of catch basins in the city is now 2,699.

Catch basins with wooden covers.....	247
Catch basins with sidewalk flaggings.....	1,079
Catch basins with "D" frames.....	1,303
Catch basins with miscellaneous covers.....	70

## SEWERS CONSTRUCTED JANUARY 1, 1935 TO DECEMBER 31, 1935

## E. R. A. AND W. P. A. CONSTRUCTION

[illegible]

Twenty-four new catch basins have been built during the year at a cost of \$3,104.20.

Fifty catch basins have been repaired during the year at a cost of \$2,649.

Three thousand, one hundred and sixty-nine cubic yards of material have been removed from 1,990 catch basins during the year at a cost of \$6,930.

Ten persons have been licensed during the year as drain layers.

Permits have been granted for private drain connections or repairs as follows:

For connection to sanitary sewers.....	20
For connection to combined sewers.....	18
For connection to storm sewers.....	8
For repairs.....	55
Total.....	<u>101</u>

A total number of 46 permits for connections and 55 for repairs.

#### METROPOLITAN SEWER TAX

Appropriation.....	\$73,766 21
Sinking fund requirements.....	\$3,086 02

WATER WORKS

Water wasted over the Stony Brook Dam during the year was as follows:

1935	Gallons
January.....	218,375,000
February.....	239,377,000
March.....	930,270,000
April.....	1,169,620,000
May.....	313,208,000
June.....	178,350,000
July.....	5,410,000
August.....	.....
September.....	.....
October.....	.....
November.....	.....
December.....	.....
	3,054,610,000

The total amount of water passing over the dam during the year 1935 was 3,054,610,000 gallons. The total consumption of water during the year 1935 was 4,404,093,100 gallons.

The Engineering Department is organized as follows:

# ANNUAL REPORT OF THE SUPERINTENDENT OF STREETS

For the Fiscal Year Ending December 31, 1935

*To the Honorable City Council:*

In accordance with the provisions of Chapter 25 of the Revised Ordinances of the City of Cambridge, the annual report of the Superintendent of Streets for the year ending December 31, 1935 is hereby submitted. A summary and analysis of the expenditures of the department follow:

## GENERAL MAINTENANCE EXPENDITURES

"A" Labor payrolls.....	\$198,398 68	
"B" Service items.....	94,557 19	
"C" Equipment items.....	14,366 29	
"D" Supplies.....	6,328 35	
"E" Materials.....	2,976 99	
"F" Special items.....	4,450 50	
		<hr/>
		\$321,078 00

## GARAGE AND SHOP ACCOUNT

"A" Labor payrolls.....	\$22,559 65	
"B" Service items.....	964 66	
"D" Supplies.....	1,744 12	
		<hr/>
		25,268 43

## SANITARY ACCOUNT

"A" Labor payrolls.....	\$232,354 38	
"B" Service items.....	8,267 87	
"C" Equipment items.....	178 82	
"D" Supplies.....	7,866 53	
"F" Special items.....	2,751 39	
		<hr/>
		251,418 99
		<hr/>
		\$597,765 42

## ANALYSIS OF MAINTENANCE EXPENDITURES

### General Street Repair:

Labor payrolls.....	\$97,540 19	
Road materials.....	2,746 13	
Gasoline and lubricants.....	851 12	
Motor parts and supplies.....	3,363 23	
Motor repairs and service.....	368 97	
Motor fees.....	40 00	
Tools (shovels, etc.).....	813 24	
General supplies (lanterns).....	171 01	
Boiler inspections.....	40 00	
		<hr/>
		\$105,933 89

*Amount carried forward* ..... \$105,933 89

*Amount brought forward* ..... \$105,933 89

## Executive Office Expenses:

Salary of Superintendent .....	\$4,250 00	
Salaries of office clerks .....	8,804 00	
Printing reports .....	15 00	
Postage .....	10 50	
Advertising .....	15 00	
Office supplies .....	266 99	
Water and ice .....	52 00	
	<hr/>	13,413 49

## Street Cleaning:

Labor payrolls .....	\$51,808 25	
Motor parts and supplies .....	1,004 60	
Motor repairs and service .....	167 06	
New motor street sweepers (2) .....	13,112 40	
Push cart cans (50) .....	150 00	
Motor fees .....	39 00	
Tools .....	242 65	
	<hr/>	66,523 96

## Street Signs:

Traffic signs .....	\$80 80	
Street paint .....	316 80	
Sign materials .....	179 00	
Beacon service .....	40 00	
	<hr/>	616 60

## Bridges:

Drawtenders' wages .....	\$35,996 24	
Light and power .....	1,475 70	
Fuel .....	96 60	
Lumber, hardware .....	230 86	
	<hr/>	37,799 40

## Snow Removal:

Labor payrolls, permanent .....	\$19,287 84	
Labor payrolls, temporary .....	34,251 72	
Hired equipment .....	38,674 40	
	<hr/>	92,213 96

## Workmen's Compensation:

Compensation payroll .....	\$4,417 70	
Medical supplies .....	27 00	
Medical services .....	132 00	
	<hr/>	4,576 70

---

\$321,078 00

## GARAGE AND SHOPS

Labor payrolls .....	\$22,559 65	
Lighting buildings .....	461 25	
Telephones .....	439 61	
Medical supplies .....	10 00	
Towel service .....	30 00	
Filing saws .....	23 20	
Fuel .....	1,131 32	
Paint .....	226 12	
Electrical supplies .....	95 68	
Lumber .....	70 91	
Heating supplies .....	41 44	
Hardware .....	178 65	
	<hr/>	\$25,268 43

## GENERAL STREET MAINTENANCE AND REPAIR

This appropriation was expended for the general maintenance of the department, which includes snow removal, street cleaning, maintenance of draw bridges, repairs to pavements, maintenance of equipment, upkeep of street signs and traffic equipment and general office expenses.

Two new motor sweepers for street cleaning were purchased during the year, thereby greatly increasing the efficiency of this division of the department.

The department was greatly handicapped during the severe snow storms in January and February by being dependent on worn-out equipment to combat the effects of the storms. It was necessary to hire outside contractors' equipment for the greater part of the work, and delay was experienced at times in securing their services, as they were engaged elsewhere. With city-owned modern snow equipment, this condition would not exist, and I recommend again the purchase of such equipment.

An appropriation for the badly needed electrical and mechanical repair work on the bridges has been made for 1936, but a further appropriation for the renewal of walings and dolphins is needed.

## COLLECTION OF ASHES

Foremen . . . . .	\$7,543 25	
Chauffeurs . . . . .	53,294 07	
Laborers . . . . .	92,551 02	
	<hr/>	\$153,388 34
Truck hire . . . . .		\$6,274 40
Motor repairs and service . . . . .		385 91
Medical services . . . . .		438 00
Registration fees . . . . .		51 00
Canvas covers . . . . .		70 21
Gasoline and oil . . . . .		615 73
Motor parts and supplies . . . . .		4,033 33
Dump supplies . . . . .		52 21
Compensation payments . . . . .		1,849 69
		<hr/>
		\$167,158 82

The material collected during the year was disposed of at the Smith Place dump. This dump area is now nearly filled to capacity and arrangements have been made at New Street for dumping space. However this is only a temporary solution, and I cannot stress too urgently the real and immediate need for the erection of a modern incinerator on city-owned land. The

department receives continual complaints regarding dump fires, and general health menace and nuisance is due to the present method of disposal.

The motor equipment used in collections is obsolete, and the expense of keeping this antique equipment on the road is prohibitive. There has not been any new equipment purchased for over seven years, and the department with new equipment could handle collections more efficiently and economically. With new trucks there would also be a saving to the city during periods of snow emergency removal.

The following table shows the amounts of materials collected and the approximate cubic yardage of the collection.

<i>Loads</i>	<i>Ash Trucks</i>	<i>Paper Trucks</i>
January, 1935.....	1,705	430
February, 1935.....	530	285
March, 1935.....	536	533
April, 1935.....	425	424
May, 1935.....	258	545
June, 1935.....	482	270
July, 1935.....	1,301	140
August, 1935.....	480	....
September, 1935.....	812	204
October, 1935.....	1,500	601
November, 1935.....	1,763	560
December, 1935.....	1,877	651
	<hr/>	<hr/>
	11,669	4,643
Average yardage per load.....	6	5
	<hr/>	<hr/>
Estimated yardage.....	70,014	23,215
Total.....		93,229

COLLECTION OF HOUSE OFFAL

Foreman.....	\$2,725 25	
Chauffeurs.....	22,980 00	
Laborers.....	53,260 79	
	<hr/>	\$78,966 04
Truck hire.....	697 16	
Motor repair and services.....	165 40	
Medical services.....	234 00	
Registration fees.....	22 00	
Canvas covers.....	38 95	
Tubs.....	69 66	
Gasoline and lubricants.....	1,436 68	
Motor parts and supplies.....	1,728 58	
Compensation payments.....	901 70	
	<hr/>	\$84,260 17

The collections for the year 1935 were disposed of in the usual manner by sale to hog raisers.

The cash receipts for the year amounted to \$8,463.50, an increase of 25 per cent or \$1,742.50 over the prior year. This increase was due to more efficient methods in handling sales and general tightening up on granting of credit.

The demand among the hog raisers for the collection of offal still exceeds the supply, but this condition may not continue as the future of hog raising in the localities near large population areas is unsettled. Eventually some mechanical method for the disposal of the offal collections will have to be made.

The following table shows the number of cord feet of offal collected by months:

January, 1935.....	2,520
February, 1935.....	1,858
March, 1935.....	2,513
April, 1935.....	2,330
May, 1935.....	2,502
June, 1935.....	2,049
July, 1935.....	1,976
August, 1935.....	2,284
September, 1935.....	2,360
October, 1935.....	2,643
November, 1935.....	2,430
December, 1935.....	2,355
Total cord feet.....	26,820

CONSTRUCTION ACCOUNTS FOR 1935

During the year the department expended a total of \$555,-406.66 for construction work on streets. Of this amount \$375,000 was spent for payrolls.

The department with the coöperation of the Federal Government WPA completed many large projects. Among the principal large projects undertaken and completed during the year were the following.

Rindge Avenue.....	Rebuilt with sheet asphalt
Sixth Street.....	Rebuilt with sheet asphalt
Aberdeen Avenue.....	Rebuilt with sheet asphalt
Grozier Road.....	Rebuilt with sheet asphalt
Flagg Street.....	Rebuilt with sheet asphalt
Garden Street.....	Rebuilt with sheet asphalt
Hamilton Street.....	Rebuilt with sheet asphalt
Walden Street.....	Rebuilt with reinforced concrete
Vassal Lane.....	Rebuilt with reinforced concrete

Lakeview Avenue.....	Rebuilt with reinforced concrete
Lexington Avenue.....	Rebuilt with reinforced concrete
Munroe Street.....	Rebuilt with granite block
Bay State Road.....	Rebuilt with penetration macadam

A long list of edgestones, new driveways and granolithic sidewalks was completed during the year, upon petition of abutting owners.

On both sides of Grozier Road new granolithic sidewalks were laid, the work being done by WPA workmen under direct supervision of the Street Department. The Street Department furnished the materials and supplies used on the job. The cost of this project was billed to and paid for by the abutting owners.

A great deal of additional work was placed on the department, resurfacing cuts and trenches made by the Water and Sewer Departments and there is still a large amount of this work in progress.

The following list will give a partial idea of the number of streets worked on by the department during the year.

Line Street	Windsor Street	Mercer Circle
Valentine Street	Oxford Street	Antrim Street
Worthington Street	Bond Street	Maple Avenue
Massachusetts Avenue at Porter Square	Waverly Street	Kinnaird Street
Hamilton Street	Field Street	Wendell Street
Pemberton Street	Sacramento Street	Fourth Street
Walden Street	Harvard Street	Winter Street
Hollis Street	Everett Street	Cambridge Street
Erie Street	Columbia Street	Broadway
De Wolfe Street	Prospect Street	

Details of construction costs are not submitted as they would be too voluminous.

During the year the sum of \$47,703.29 was received from the Commonwealth of Massachusetts to be expended on materials and equipment hire on the following projects.

Kinnaird Street.....	Resurfacing
Wendell Street.....	Resurfacing
Winter Street.....	Resurfacing
Fourth Street.....	Resurfacing
Cambridge Street.....	Widening

The work relief program will continue into the following year; and it is hoped that with the active coöperation of all a large program of street construction and improvement may be successfully carried out.

In closing this report, I must express my appreciation of the assistance of his honor the Mayor, the City Council and the various other department heads, without whose whole-hearted coöperation the success of the year's work could not have been accomplished.

Let me also publicly thank the workers throughout the department for their share in the year's work generally.

Respectfully submitted,

WILLIAM R. McMENIMEN,  
*Superintendent of Streets.*

REPORT OF THE BRIDGE COMMISSIONER  
For the Boston and Cambridge Bridge Commission

EXPENDITURES

Labor, bridge cleaners . . . . .	\$2,173 73
Lighting . . . . .	2,702 95
Tools and lighting fixtures . . . . .	40 22
Contribution to Retirement Fund . . . . .	806 00
	<hr/>
	\$5,722 90

The usual maintenance and policing were carried on this year. No major projects of repair work are needed at this time as the bridges are generally in good condition.

I desire to thank the Boston Commissioner and his staff for their many courtesies during the year.

Respectfully submitted,

WILLIAM R. McMENIMEN,  
*Bridge Commissioner.*

## REPORT OF BOARD OF APPEAL

Cambridge, Mass., January 14, 1936.

*To His Honor the Mayor:*

*Dear Sir:* In accordance with the provisions of the Building Ordinance, the Board of Appeal herewith submits the report for the year ending December 31, 1935. The Board held eight public hearings and has had presented for its consideration, fifty-four cases. These cases may be classified as follows:

Cases involving new buildings.....	13
Cases involving alterations to existing buildings.....	22
Cases involving additions to existing buildings.....	7
Cases involving use of premises only.....	12
Total.....	54

In the above mentioned cases modifications of the Zoning Law and Building Code were sought under the following:

Side yard.....	2
Rear yard.....	4
Setbacks.....	2
Type of construction.....	10
Occupancy and use.....	11
Use of premises.....	15
Business buildings in residence districts.....	7
Garage for more than two cars.....	3
Total.....	54

A summary of the decisions rendered by the Board on the above cases is as follows:

Granted.....	36
Denied.....	12
Withdrawn.....	6
Total.....	54

A review of cases heard by the Board during the year and an investigation of the zoning and building situation in the city reveals the following facts:

The necessity for a rezoning of the city periodically, probably every ten years and particularly at this time and when we declare its necessity, because at this time, due to construction inactivity,

values would not be greatly disturbed; whereas in a period of activity the actual immediate disturbance of values would be great.

The imperative need for a new and complete Building Code and Zoning Ordinance to replace the present inadequate and antiquated Building Code and existing inadequate and ambiguous Zoning Ordinance.

The necessity for an amendment to the Building Code allowing in districts R1, R2, and R3, the alteration of third-class dwelling houses in 1924 or before into multiple dwellings, not to exceed twelve apartments, nor three stories in height, provided enclosure of stairs and exits, corridors, and stairs follow requirements of Divisions 19 and 20 of the Building Code.

Due to the attractiveness and flexibility of new building materials there is a definite trend in building construction to use them instead of the usual masonry construction or masonry and steel combination, and the Board finds that the number of cases before it on matters of interpretation of "equivalent" construction involving new building materials in various combinations, such as porcelain enamel on steel with steel supports protected by mineral wool, or asbestos board, etc., and asbestos cement board facing on steel supports, are on the increase. Although the number of cases undoubtedly will continue to increase, the Board is of the opinion that it cannot recommend an amendment to the Building Code defining "equivalent" construction in terms of the new materials, since each case is more or less of a special nature and also because of the ever-increasing list of new materials.

At this meeting the Board voted to elect Mr. Parker F. Soule chairman of this Board for the year 1936; it was also voted that it was the consensus of opinion of the Board that the best practice in the future should be that a different member be elected chairman each year.

Respectfully submitted,

WILLIAM LAWRENCE GALVIN,  
JAMES J. WALSH,  
PARKER F. SOULE,

*Board of Appeal.*

## REPORT OF THE PLANNING BOARD

For the Year Ending December 31, 1935

### MEMBERSHIP

*Ex-officio Member*

HIS HONOR THE MAYOR

JEREMIAH F. DOWNEY, <i>Chairman</i> .....	Term expires 1938
CHARLES W. KILLAM, <i>Secretary</i> .....	Term expires 1940
JOHN H. CORCORAN.....	Term expires 1937
GEORGE L. DOW.....	Term expires 1939
BREMER W. POND.....	Term expires 1936

The Board held thirteen formal meetings during the year and one or more members attended hearings, addressed public meetings, conferred with proponents of projects and with officials, and carried on correspondence in regard to planning matters.

In January the Board suggested to the Metropolitan Planning Division that they study an extension of the Concord Turnpike from its present end at Alewife Brook Parkway along the northern side of the Fitchburg Railroad, under a bridge at Walden Street, and under Porter Square and rising to the surface before reaching the Oxford Street bridge or continuing by subway to a point at or near the junction of Somerville Avenue and Elm Street.

The Board sponsored an ERA project for the study of the extension of the Concord Turnpike described above, waste incinerator, club house for the Fresh Pond Golf Course, city yard and other subjects.

The Board was consulted by representatives of the Housing Division of the Federal Emergency Administration of Public Works as to the best location for a federal housing project and it was informally agreed that the neighborhood on Main Street between Portland and Columbia Streets was a desirable site.

Hearings on zoning changes were held as follows:

May 6. Anne M. Tubbs, change at 5 Putnam Avenue.

Recommended that it be denied.

June 14. Martin A. P. Evers, change at 117-119 Fresh Pond Parkway.

Recommended that it be denied.

September 30. Grace A. Murphy, change Nos. 2192, 2200, 2210, 2218, 2224, 2203, 2211, 2215, 2217, 2225, 2229, and 2235 Massachusetts Avenue and 8 Haskell Street.

Recommended that it be denied.

Joseph J. Kelley, change 336 Broadway.

Recommended that it be denied.

Boston Safe Deposit & Trust Co., change at 26 Cottage Park Avenue.

Recommended that it be denied but that petitioner be told that modified petition might be considered.

November 15. Memorial Drive Co., change property bounded by Memorial Drive, land of Agnes Maguire, Riverside Road, and land of Sidney Hoffman.

Recommended that it be granted but with change to B-2 instead of B-1.

Respectfully submitted,

JEREMIAH F. DOWNEY, *Chairman*,  
Cambridge Planning Board.

## FORTY-THIRD ANNUAL REPORT OF THE BOARD OF PARK COMMISSIONERS

Cambridge, December 31, 1935.

*To the Honorable City Council:*

*Gentlemen:* The Board of Park Commissioners has the honor to submit its forty-third annual report for the fiscal year, January 1 to December 31, 1935. The Board was hampered in its operations, as in other years during the depression, by inadequate appropriations. This lack of funds and permanent personnel has led to a serious curtailment of the work in the Recreation Department when WPA workers could be used to only a limited extent. On the other hand, in Park Maintenance and Forestry ample federal aid has made it possible to maintain the parks and playgrounds, including the golf course, in fair condition and to do an unusual amount of work on and to the trees of the City.

Full details will be found in the reports of Superintendent Stephen H. Mahoney appended hereto.

Respectfully submitted,

CARROLL W. DOTEN,  
*Chairman.*

## ANNUAL REPORT OF THE GENERAL SUPERINTENDENT OF PARKS

*To the Board of Park Commissioners:*

I herewith submit my report as General Superintendent of Parks for the year ending December 31, 1935. The report contains a summary of the work accomplished in the department during the year, a statement of the general condition of the property which is in charge of the department, and recommendations concerning the use and improvement of the same.

### CAMBRIDGE COMMON

No major improvements were made at the Common during the year. The trees, grass and shrubbery were cared for as usual, some of the labor being supplied by men assigned from the lists of the Board of Public Welfare. About fifteen young maple trees were planted to replace trees which had been removed previously. The Memorial flag staff was painted and new halyards were supplied for it.

For the fourth successive year, the Cambridge Plant Club donated shrubs which were planted along the border of the Common on both the Massachusetts Avenue and the Garden Street sides. The appearance and usefulness of the Common would be greatly improved by the erection of additional permanent seats to replace the movable benches now in use. Another condition which presents considerable difficulty and inconvenience at the close of each winter season is the impassability of sections of some of the granolithic walks. These walks are set at a lower grade than the turf on either side of them and the collection of water from the melting snow forms pools which prevent the passage of pedestrians along the walks. To correct this situation it will be necessary to relay sections of the walks.

### PUBLIC LIBRARY GROUNDS

Under an Emergency Relief project, the Cambridge Street side of the Public Library grounds was regraded and seeded. This grading eliminated the shallow surface spots in the lawns and generally improved the appearance of the entire plot. Some shrub-

bery was also planted to replace the broken and dead sections along the borders.

The westerly border of the Library Grounds is continually destroyed by the automobiles which encroach upon it from the roadway in front of the Rindge Technical School. The temporary fence which was erected has not proved effective and I recommend that the Board of Park Commissioners take the necessary steps to have a curbing placed along this side of the park property.

### BROADWAY COMMON

This area remains in the same condition as it has been for the past few years. Every effort was made during the year to maintain the sections of lawn which still exist and to improve the general appearance of the park.

A project for the landscaping of the entire area was presented to the WPA office, but up to the time of writing this report no approval of the project has been received. A section of about two hundred feet of chain link fence, five feet high, was erected along the property line between the Common and the private property on Norfolk Street. This work was done under an ERA project in the late spring.

### FORT WASHINGTON

The improvements made at this site during the previous year have proved of great benefit to the appearance of this historic spot. The placing of the high curbing along Talbot Street has been a great factor in preventing the destruction of the fence, since it is now impossible for the trucks which turn in this street to bump the fence.

### CITY HALL GROUNDS

The appearance of the two front lawns at City Hall has been affected greatly by the injury done by small boys playing ball on these plots during periods when the offices in the building are closed. Despite every effort to maintain the grounds in good condition, it is impossible to cope with this abuse unless the trespassing is prevented.

### LONGFELLOW PARK

The Mt. Auburn Street end of this park was improved in 1935 by reseeding sections of the lawn and replacing part of the

shrubbery. At the time of writing this report, a portion of the sidewalk and roadway on the Brattle Street end of the park is in unsightly condition because of the work involved in the erection of two new residences on lots abutting the park property, the only access to the lots being from the park roadway. When the building operations have been completed, the necessary adjustments on the park property will be made.

### OTHER PARK AREAS

The property at Winthrop Square, Dana Square and Hastings Square is in practically the same condition as during the past few years, every effort having been made to keep these places as sightly as possible. Because no major improvements have been made on them for a number of years, WPA projects have been submitted for the regrading and reseeding of Dana and Hastings Squares. If these projects are approved and the money for materials is made available from city funds these two plots will be greatly improved.

### RUSSELL FIELD

Vigilant care has been given to this field, which is the best athletic field in the city. Every effort within the means of the department has been exerted to provide the best conditions for the athletic teams of the two high schools and for the other occasional users of the area. The dressing room and locker facilities, however, are inadequate for the numbers who make use of the field. This is particularly noticeable when the football squads of the high schools use the facilities at the field simultaneously. I recommend that the Board continue its endeavor to enlarge the locker building, provide drying rooms for the players' uniforms, and modernize the structure throughout.

The constant use of the playing surface during several months of the year makes it imperative to provide nourishment for the turf at least every few years if the surface of the field is to be retained. Of late years the finances of the department have prohibited anything but meagre treatment, and I recommend that as soon as the money can be procured for the purpose a complete top dressing be applied to the playing surface.

As mentioned in a former report, a most desirable step toward maintaining ideal playing conditions at Russell Field

would be the resurfacing of the area outside the enclosed field. This would enable the high school teams to conduct most of their practice sessions on the outer field and thus conserve the enclosed field for the games. In addition, the outer field would provide another athletic field for the North Cambridge section of the city.

## LARGER ATHLETIC FIELDS

### **Cambridge Field**

The resurfacing of this field has improved the playing conditions by providing a more uniform grade and better drainage. Bleachers would add much to the usefulness of this large area, and already preliminary steps have been taken to secure a WPA project to secure a concrete stand on the northerly side of the field.

The Shelter Building at this field is in poor condition. Even extensive repairs would fall short in rendering the building adequate to the needs of the locality which it serves. The dressing room facilities are dingy and limited, the plumbing is both obsolete and poorly located for serving the public. I am of the opinion that no section of the city is in greater need of a modern community recreation building and I suggest that the Board exert its best efforts to secure such a building for Cambridge Field.

The section of the field bordering on Cambridge Street has deteriorated over a period of years. The lawns and shrubbery are in poor condition and, if the money can be obtained, this section should be regraded, reseeded and replanted.

The fences around the children's play area and the wading pool were repainted during 1935 under a WPA project.

### **Russell E. Hoyt Field**

This athletic field continues to be one of the busiest in the city. Both the indoor and outdoor facilities are in great demand and require constant attention to keep them in condition for the patronage they receive. Sections of the fence have been reconstructed and many small repairs have been made at the building.

### **John J. Ahern Playground**

The surface of this field is improved over its former state, but the fence needs repair. Many of the sections will have to be

replaced in the near future. A request has been made for a WPA project which would provide a new wading pool to replace the one which has been in use for many years and which is in poor condition.

### **Rindge Field**

Rindge Field should be resurfaced. The playing field is too soft for athletic games and if properly surfaced can be made one of the finest in the community. I suggest also that consideration be given to fencing the athletic field.

Application has been made to the WPA officials for projects to provide a wading pool and tennis courts on the plot between Pemberton Street and the railroad.

During the past summer the recreation building has undergone extensive repairs and is now in excellent condition.

### **T. F. Corcoran Playground**

This playground, although not as large as the other athletic fields, is especially well patronized. During the past year the banks on two sides of the field were regraded, and repairs were made on the swing frames.

### **Fresh Pond Playground**

Possessed of the best playing surface of the open grounds in the city, this playground lacks mainly the proper dressing room and shower bath facilities which are a necessity for use by adult teams. Some minor improvements were made on the surface of the field during the year.

### **Rev. P. H. Callanan Playground**

During the closing weeks of the year, a project was approved under the WPA whereby a portion of this large area would be graded and made available for use. Because of the advent of extreme cold weather, it was necessary to suspend work on the project until spring. If the project can be resumed at that time, it will be possible to provide a level area (about one-fourth of the entire lot) for use by the children of the district. If other sections are graded later in the same way, the playground can then be surfaced properly and will be a decided asset to the city's provision for outdoor recreational activities.

### SMALLER PLAYGROUNDS

The Shelter Building at Corporal Burns Playground was repainted and repairs made to the plumbing, heating and lockers. This work was done through a WPA project. The playgrounds at the Lowell School, the Fletcher School and the Peabody School were given occasional attention as the need for repairs or cleaning arose. The fence at the Morse School playground was also repaired.

The lot on Norfolk Street, formerly used as a storage yard by the Street Department, was cleaned and made available for use by small children. This ground, if it is to be continued as a play space, should be properly fenced, and swings and other equipment provided.

### BATHING BEACHES

The two portable bathhouses built during the previous year by ERA workmen were erected at Gerry's Landing last summer and served as dressing rooms for the patrons there. The shore on the westerly side of Jerry's Pit was cleaned and regraded to improve the approach to the pond. Buoys were anchored in the pond to provide a restricted bathing zone.

### MUNICIPAL GOLF COURSE

The year 1935 was the first year in which the golf course provided a full season's play, and the amount of play and the number of memberships were both considerably greater than during the previous year.

Several improvements were made in the course during the past year. New tees were constructed on the fifth, sixth and seventh fairways, the changes providing more yardage and a better sight of the greens. The ninth fairway was greatly improved by being raised and reseeded and a portion of the roadway across the seventh fairway was eliminated. A start was made in filling the swamp on the right side of No. 5 fairway. This swamp will require a large amount of filling and the work will be continued next year. Projects under the WPA were involved in most of the improvements made on the course during the year.

The most important need at the course is a modern club house. Several efforts have been made to secure assistance under the federal relief agencies to provide such a building, but up to

the time of submitting this report no definite action has been taken. Until a proper building is provided, it is probable that the success of the course both in its maximum use and financial return will be retarded.

### CARE OF PUBLIC SHADE TREES

Under the forestry appropriation, departmental employees attended to the care of the trees on the public ways and on public property. This care included pruning, the removal of dangerous limbs, attending to bruises and the planting of new trees. The work begun during 1934 on the removal of bad trees and the filling of tree cavities was continued by crews allotted by the WPA. A summary of the work accomplished on shade trees is included in this report.

### EXTERMINATION OF PESTS

During January, February and a part of March the entire city was scouted by the men of the forestry section for the purpose of destroying the moth nests. This scouting was done both on private property and on the public streets and resulted in keeping the infestation at a minimum.

During the summer months, the street trees were sprayed for the protection of the foliage. The elm leaf beetle, the leopard moth, the satin moth, the oriental moth and the tent caterpillar, as has been the case in recent years, are the tree pests which require combating in our city. The spraying equipment which has been in use for some years is in poor condition and a new machine is necessary for effective work.

### CONCLUSION

From a reading of this report it will be noted that the important improvements made in the property of the department during the year were secured mostly through WPA assistance. Park property, by its very nature, requires constant attention if it is to retain its essential quality of beauty. Playgrounds and athletic fields, if they are to serve the purpose of their provision, must be kept in condition for use. The reduction in personnel and lack of equipment due to insufficient appropriation are impediments to the proper up-keep of grounds and buildings.

I desire to comment also on the growing disregard for the protection of park property. It is noticeable in adults as well as children. Wanton destruction of ornamental fences, benches, and other property of the city, tramping upon shrubbery and seeded spaces, mutilation of buildings and furnishings — these are but some of the occurrences which are becoming more numerous each year. In my opinion the only checks upon this serious situation are a campaign of public education against such depredations and a closer coöperation with the police department to prevent these offences.

In terminating this report, I desire to acknowledge the coöperation I have received from the Board of Park Commissioners and to give due credit to the loyal employees of the department who have assisted me in administering the duties of my office.

## REPORT OF SUPERINTENDENT OF RECREATION

*To the Board of Park Commissioners:*

I submit herewith my thirteenth annual report as Superintendent of Recreation. The report contains a brief outline of the activities of the Recreation Division during the year 1935 and recommendations as to the future program for the city.

I am forced to say at the outset that the year which has just terminated has been the least successful of any since the inauguration of the Recreation Division. This situation has resulted from a combination of circumstances which has made the administration of the recreation program exceedingly difficult. A decreased appropriation, the necessity of attempting supervision of the major part of the year's program with a staff secured from the federal relief agencies, the subsequent loss of this staff because of a ruling by the E.R.A. authorities, and the resultant obligation of conducting activities with a skeleton corps of workers — all combined to hamper efficient administration of the program. The fact that the effect of the above conditions was not more serious can be ascribed to the momentum which the program of the previous years had acquired.

### PLAYGROUNDS

Under the conditions stated above playground supervision was maintained at most of the units which had been under supervision in previous years. Five of the smaller grounds were the most affected, and it was necessary to omit supervision from these during the latter half of the summer. With the small departmental staff and an auxiliary group from the W.P.A., supervision was maintained at the more important grounds during the spring and fall seasons. The special activities which require itinerant supervision, such as handcraft, dancing and dramatics, were greatly affected by lack of the proper personnel to conduct them, the conduct of these activities being wholly in the hands of the local directors while the W.P.A. workers were available, the activities being dropped when this help was denied the department.

I cannot emphasize too strongly the effect of the continuance of conditions such as we have experienced this year. It is a matter of pride to the department that the reputation of having estab-

lished an efficient system of public recreation had extended far beyond our local community and many of the Cambridge features were being duplicated elsewhere. The disappointment in being forced to curtail or discontinue such a large part of our program, and thus witness the disintegration of much that had been built up over a period of years, was accordingly keen. A continuance of the policy of 1935 will mean that the progress made in the past will be nullified and the trained personnel will be unavailable, making it necessary to develop again a competent staff of supervisors.

### RECREATION CENTERS

Instead of the six evening centers which were in operation previously, the limited appropriation permitted only the opening of three during the 1934-35 season. These three centers were conducted in buildings of the department, the program in the three school buildings having been suspended. The three centers which were open did not cover the city geographically and consequently the service of the evening program was affected. It is urgent that a sufficiently large appropriation be obtained to resume the centers which have been discontinued.

For the same reason that the playgrounds were handicapped, namely lack of properly trained personnel, the activities at the centers were likewise affected. With but a skeleton force of departmental employees obtainable under our financial allotment, the program was conducted by W.P.A. instructors, who, because of lack of experience, obviously were not as competent as the regular Civil Service employees.

### WINTER SPORTS

Supervision of skating rinks on the playgrounds was provided as usual and the toboggan slide at Fresh Pond playground was in use for an unusually long period. There is need of adding a second chute to provide adequately for the patrons of this popular sport. An effort will be made during the coming year to secure such a slide under a W.P.A. project.

I am of the opinion that with a little expenditure for making the proper changes in the slope of one of the banks to provide a ski jump our municipal golf course can be made a rendezvous for winter sports enthusiasts. With the toboggan slide already

popular, and a pond on the course available for skating, the provisions for skiing would complete the requirements for an excellent winter sports program. A building to provide for the comfort of the patrons of the above facilities would be an asset to the success of this most desirable plan.

### BATHING BEACHES

The two bathing places which have been supervised in past seasons were again in operation during the past summer. Despite the inadequate facilities at each place, large numbers of children and adults patronize both Gerry's Landing and Jerry's Pit.

Until a modern bathhouse with its attendant facilities is provided at Gerry's Landing, the present conditions will not be bettered. At the last session of the Legislature, a bill was introduced providing for the erection of such a bathhouse by the Metropolitan District Commission. Action on the bill was deferred until the next session. The assumption of the supervision by the Metropolitan District Commission, which body controls the site of the beach, appears to be the best means of properly conducting this popular bathing place.

If Jerry's Pit is to be continued as a bathing place, considerable improvement should be made along the shore of the pond, and a definite barrier placed in the water to prevent bathers from going to all sections of the pond. Proper supervision and safe bathing are at present impaired by the absence of such improvements. It will be necessary to make agreements with the owners of the adjacent property in order to bring about the improvements suggested.

### GARDENS

More than three hundred boys and girls of the city began the cultivation of gardens in their respective yards the past spring. The majority of this group persevered throughout the summer and produced a large quantity of vegetables and flowers. The garden project was conducted in conjunction with the Cambridge League of Women Voters. Prizes were awarded at the close of the summer to the children who had the best gardens. Through the coöperation of the E.R.A. authorities, efficient supervision for the garden work was obtained under a federal project. Gardening by children has become a popular part of the recrea-

tional program, and is obviously a desirable undertaking to be retained.

### E.R.A. AND W.P.A. RECREATION PROJECTS

The federal drama project which was started in 1934 under the E.R.A. was continued during the first ten months of this year, and was later succeeded by a similar project under the W.P.A., which project is still being carried on.

During the year several creditable performances of popular plays have been given by the professional players who constitute the cast of characters. Thousands of patrons have enjoyed the performances which have been presented in several of the school halls. No admission is charged for the performances.

As I have mentioned under other headings of this report, there have been other projects operating in the department during the year, namely the supervision of playgrounds during a part of the summer and during the spring and fall, supervision of the recreation centers and the toboggan slide during the winter, and the garden instruction from May to September.

### GENERAL COMMENT

As the agent of your Board assigned to direct the recreational program of the city, I feel obliged to comment emphatically upon the status of the Recreation Division at the close of this year. This comment will be of a general nature inasmuch as specific matters have been covered already in this report.

After thirteen years study of the recreational situation in Cambridge, and with a corresponding knowledge of the community and its resources and needs, I am of the opinion that not only will it be a serious mistake to permit any further retraction of the facilities which have been provided, but that immediate effort should be made to regain some of the ground lost in the past few years. With due regard for the financial difficulties of the present period, it is unwise to overeconomize in a department which affects the social welfare of the community.

Both from the viewpoint of population and from the expenditures for recreation, Cambridge has not been extravagant in its provisions for leisure-time activities of its children and adults. With the inception of the Recreation Division, your Board inaugurated a moderate program which provided opportunity for social

intercourse and physical and asthetic development of the children and youth. This program, at a low per capita cost, was progressing gradually to the goal where all sections of the city and all elements of the population were at the point of being served adequately as to the ordinary needs of community recreation in the life of today. A playground program with supervision sufficient to permit the child to find a normal outlet for his complexity of energies; an indoor program comprising athletic, gymnasium, dramatic, dancing, handcraft and debating classes; play demonstrations, community pageants, band concerts, motion pictures, track meets, tennis and quoit tournaments; well organized leagues in baseball, touch football, playground ball, and bat ball; provision for skating and tobogganing; a trained personnel and a cumulative spirit of coöperation on the part of the participants with those administering the program — this is the outline of the city's recreational development of the past decade.

With the amount of leisure being increased and with the need for character-building influences growing constantly, it is important that the status of our recreational facilities be maintained and not weakened. The effect of a weakened program is bound to be made manifest in the increase in traffic accidents, in juvenile offences against the law, and in economic as well as social loss to the community.

CONCLUSION

In closing my report, I desire to express appreciation for the sympathetic attitude shown by the Board in matters pertaining to the administration of our recreational program. I also want to testify to the loyalty of the employees in the performance of the duties assigned them. The supervision of leisure-time activities, particularly children's activities, involves the opportunity to teach many moral and civic lessons, and the advantage of this opportunity is constantly impressed upon the members of our staff.

## REPORT OF BOARD OF PUBLIC WELFARE

April 1, 1936.

*To His Honor the Mayor and the City Council:*

The Board of Public Welfare respectfully submit their annual report for the year ending December 31, 1935. Unemployment still continued to be our major problem. During the year a change was made in the Federal work program. The Emergency Relief Administration (ERA) went out of existence, and in its place came the Works Progress Administration (WPA). The change caused much confusion, particularly in the case of wage payments. Pay rolls were delayed, necessitating supplementary aid from the Welfare Department. This condition existed from the time the change was made in August right up to the end of the year.

Officer John Ackerly continues to do excellent work in the investigation of and prosecution of cases of non-support and desertion.

We are deeply grateful to the private relief agencies for their assistance and hearty coöperation during the year.

Respectfully submitted,

LEOPOLD BARTEL, *Chairman*,  
BERNARD B. WELCH,  
CHARLES J. McMENIMEN,  
A. JOHN SERINO,  
MRS. ANNA J. McCARTHY.

## REPORT OF THE CITY PHYSICIAN

Cambridge, Mass., January 1, 1936.

*To His Honor the Mayor and the City Council:*

The report of the City Physician for the twelve months ending December 31, 1935 is hereby rendered:

**City Home**

Number of persons attended.....	863
Number of visits.....	380
Number of admissions.....	115
Number of deaths.....	24
Number of discharges.....	46
Cost of medicines, surgical appliances, medical assistance.....	\$631 72

**Outside Aid**

Number of persons attended for the Public Welfare Department.....	8,936
Number of visits to the same.....	11,192
Number of persons sent to outside hospitals.....	12
Number of outside deaths.....	2
Number of outside births.....	4
Cost of medicines, surgical appliances, medical assistance.....	\$4,885 35

**Departmental**

Number of persons attended at police stations.....	37
Number of visits to same.....	37
Number of city employees examined for retirement.....	3
Number of visits to same.....	3
Number of firemen examined for retirement.....	196
Number of policemen examined for retirement.....	219

Under the heading of Special Care: ninety-nine (99) persons were fitted with glasses at a cost of \$607.35. Four (4) persons were given trusses at a cost of \$24.25. Three (3) persons were given arch supports at a cost of \$12.50. There were also given out: one (1) abdominal belt at a cost of \$7.50; two (2) pairs of corsets at a cost of \$17; one (1) elastic support at a cost of \$3.75. Many children were sent to the hospital for removal of tonsils and adenoids.

The changes which were incorporated in this department last year continued to give better service to the poor of Cambridge, and the economies instituted in 1934 were continued this year.

In May, a WPA project consisting of five physicians and two graduate nurses was started in this department. By this means better service was given to WPA and welfare workers, and the city was saved the expenses of assistants until November when the project was completed. Although an attempt was made to

continue the project, it was disapproved by the WPA authorities.

In October of this year, the City Physician again examined the entire Fire and Police Departments, continuing the custom of annual examination instituted in 1934, with the result that two members of the Police Department and nine members of the Fire Department were recommended for retirement. In this connection, I wish to thank the nurses and internes of the Cambridge City Hospital for the assistance and coöperation in this examination.

In the City Home the number of inmates who need constant medical supervision and nursing care is continually increasing. Approximately one-half of the total number of inmates is being cared for in the hospital ward of the City Home. The efficiency in the care and treatment of these people has been increased during this year and it is believed that they are now getting adequate care. It is again recommended that a resident interne be attached to the Cambridge City Home.

The method of dispensing medicine to the welfare and WPA recipients at a Central Dispensary located at the Cambridge City Hospital has been continued during this year with continued successful results in efficiency and economy. The reason for the increase of the cost of medicine and surgical appliances is due in part to the discontinuance of the Bridge Fund, which in previous years supplied glasses.

The coöperation between this department and the Cambridge City Hospital has been excellent this year, showing results in the quicker and better handling of patients and relieving the hospital of the burden of chronically ill patients. The City Physician, as a member of the Board of Hospital Trustees, was able to effect this coöperation without friction between departments.

I wish to thank the Secretary of the Board of Public Welfare, and every member of the Board for their kindness and coöperation in every respect, without which the work accomplished by this department would be impossible.

I also wish to thank the Mayor and City Council for their coöperation and many kindnesses.

Respectfully submitted,

MORRIS L. DRESSLER, M.D.  
*City Physician.*

## ANNUAL REPORT OF THE SUPERINTENDENT CAMBRIDGE HOME FOR THE AGED AND INFIRM

*To the Honorable Board of Public Welfare:*

The annual report for the year ending December 31, 1935 is hereby respectfully submitted.

	<i>Men</i>	<i>Women</i>	<i>Boys</i>	<i>Girls</i>	<i>Total</i>
Remaining December 31, 1934	172	70	0	0	242
Admissions . . . . .	78	32	6	8	124
Total . . . . .	250	102	6	8	366
Discharges . . . . .	72	38	2	6	118
Remaining December 31, 1935	178	64	4	2	248

The average number present for the year . . . . .	237
The highest number for the year . . . . .	248
The lowest number for the year . . . . .	229
The total number for the year . . . . .	366

### ADMISSIONS

Of the admissions 20 males and 16 females were born in Cambridge; 16 males and 7 females were born in Massachusetts; 12 males and 5 females were born in the United States. The total number of native born was 76, 48 males and 28 females. Of the foreign born there were 36 males and 12 females.

### AGE GROUPS

The youngest admitted was a female baby, three months old. The oldest was a man eighty-eight years of age. Admission by age groups: one to ten, 5 males, 6 females; ten to twenty, 1 male, 2 females; twenty to thirty, 2 males, 3 females; thirty to forty, 4 males, 2 females; forty to fifty, 9 males, 2 females; fifty to sixty, 23 males, 4 females; sixty to seventy, 29 males, 10 females; seventy to eighty, 6 males, 6 females; eighty to ninety, 4 males, 6 females.

### DISCHARGES

The shortest time in the home was one day, while the longest time was ten years and nine months. The total number of days for the women was ten thousand eight hundred and seventy-three days, which gives an average for the 32 women discharged of

eleven months and nine days. The total number of days for the men was eighteen thousand nine hundred and eight days, which gives an average for each of the 51 men of one year and six days.

Exclusive of deaths there were discharged to: home, 3 females; to relatives and friends, 6 males and 13 females; to other institutions, 10 males and 3 females; to work, 15 males and 2 females; to court, 1 male and 7 females; walked out, 6 males and 2 females; to board, 1 male and 1 female, and ejected, 12 males and 2 females.

### DEATHS

There were 35 deaths during the year: at the City Hospital, 5 males and 4 females; in the home, 17 males and 8 females, and elsewhere, 1 male.

The shortest time spent in the home for the men was eight days and for the women fourteen days. The longest time for the men was fifteen years, seven months and twenty-six days, and for the women eleven years and nine months.

The average time in the home for the men was four years, two months and twelve days, and for the women two years ten months and seventeen days. No one familiar with these cases can doubt that the grace of God sent some of them to the home to be prepared for a happy death. Our happiest moments came in the return of these prodigal sons. At all of our burials religious services are held and the Superintendent, with some of the home folks, accompany the remains to the cemetery. Cambridge has reason to be proud of the respect shown its dead.

### MAYOR'S DAY

The sixteenth annual Mayor's Day show was observed on New Year's Day. Al Bates, the personal representative of Mayor Richard M. Russell, put the show over the top, ably assisted by Past Exalted Ruler John M. Moriarty as a most capable master of ceremonies. Edward W. Toomey, chairman of the Board of Public Welfare, brought the best wishes of the Mayor who was unable to be present because of his Congressional duties.

January 5, ERA Vaudeville Unit Number 9. January 9, ERA Band Concert, Director William A. Barrington Sargent. January 12, ERA Vaudeville Unit Number 7. January 15, ERA Orchestra, Director Richard Cosby. January 19, ERA Vaudeville Unit Number 4.

## ST. JOHN'S CATHOLIC WOMEN'S ASSOCIATION

On January 20 repeated their recent successful minstrel show which was brought by their spiritual director, Rev. Richard Geswell. Too much praise cannot be given to Director Ralph O'Neill and Assistant Director Mrs. Joseph Delaney, and Interlocutor Mrs. Frank O'Connell.

January 22, ERA Orchestra, Director Albert Holmes. January 26, ERA Vaudeville Unit 6. January 29, ERA Orchestra, Director Richard Cosby. February 2, ERA Vaudeville Unit B. February 6, ERA Orchestra, Director Al Moore. February 9, ERA Vaudeville Unit 8. February 16, ERA Vaudeville Unit 12. February 18, ERA Orchestra, Director Albert Holmes. February 22, ERA Vaudeville Unit C.

## "STOP THIEF"

On February 25 the Cambridge ERA Civic Theatre Group repeated their most successful drama of three acts, which was brought to the Home by Miss Lydia Walker, Director of the Cambridge Drama Project, who was ably assisted by Stage Manager Kenneth Thorne Fleming.

February 28, ERA Band Concert, Director William A. Barrington Sargent. March 2, afternoon, ERA Vaudeville Unit B.

## "FLIRTATION WALK"

March 2, "Flirtation Walk," a feature picture of Warner Brothers, was loaned through the courtesy of Mr. Herbert Higgins, featuring Dick Powell and Ruby Keeler.

March 2, ERA Band Concert, Director William A. Barrington Sargent. March 5, ERA Orchestra, Director Chester Mason. March 9, ERA Vaudeville Unit E.

## KIWANIS MINSTRELS

March 10, the Kiwanis Minstrels repeated their recent successful minstrelsy as the feature of their annual entertainment. Stephen H. Mahoney scored as master of ceremonies.

March 13, ERA Band Concert, Director William A. Barrington Sargent. March 16, ERA Vaudeville Unit F. March 20, ERA Orchestra, Director Ted Bailey. March 26, ERA Band Concert, Director Frank Gurley.

“GOOD NIGHT BABETTE”  
AND “THE SPIRIT OF THE THING”

March 27, this operatic sketch “Babette” and the comedy “The Spirit of the Thing” were presented by the Cambridge Amateur Civic Group, composed chiefly of high school students.

March 30, ERA Vaudeville, Unit A.

ELKS MINSTRELS

March 31, the recent successful minstrel show of the Elks was repeated as their annual entertainment. P. Frank Larkin proved a popular master of ceremonies while John M. Moriarty made a hit as interlocutor.

April 4, ERA Symphony Orchestra of forty-five pieces, Director Alfred M. Kendrick. April 6, ERA Vaudeville, Unit F.

“THE BLACK ACE”

April 15, the ERA Cambridge Civic Theatre Group presented their great mystery “The Black Ace,” adding another to their former successful productions.

April 16, ERA Orchestra, Director Richard Cosby. April 25, ERA Orchestra, Director Albert Holmes. April 27, ERA Vaudeville, Unit 3. May 2, ERA Orchestra, Director Chester Mason. May 4, ERA Vaudeville, Unit 4.

JOE SULLY DAY

May 5 was the Joe Sully Day at the Home. Joe Sully has been the projectionist of all the moving pictures presented at the Home since 1918. It was a night of comedies and cartoons titled “Radio Skit,” “Vaudeville One,” “Songs that Live,” “Soft Drinks,” “Hear Ye, Hear Ye,” and “Looney Tunes.” These reels were loaned by the Vitaphone, First National and Warner Brothers Film Exchanges. Thanks to Thomas Spry, New England Manager of these Exchanges, a great friend of the Home folks.

May 7, ERA Band Concert, Director Frank Gurley.

“PERFECT HARMONY”

May 9, the Cambridge Civic Theatre Group in their successful three-act play “Perfect Harmony,” sponsored by the Cambridge drama director, Miss Lydia Walker.

May 11, ERA Vaudeville, Unit 5.

### “MOTHER’S DAY”

May 12, this is one of the red letter days of the year as it means the coming of the members of Court Louise 138, Catholic Daughters of America for their annual entertainment and presentation of gifts to the home folks. This annual affair came through the personal efforts of Mrs. William D. Berkeley.

May 18, ERA Vaudeville, Unit G.

### LADIES’ AUXILIARY

May 19, another red letter day for the Home folks in the coming of the Ladies’ Auxiliary of the Cambridge Aerie Fraternal Order of Eagles, for their annual entertainment and presentation of gifts.

May 22, ERA Civic Choristers, under the direction of Conductor G. Roberts Lunger.

### DIVISION 37 A. O. H.

May 24, the above division of the Ancient Order of Hibernians presented their annual entertainment for the Home folks in the form of moving pictures and the drawing of money prizes by the Home members.

May 25, ERA Vaudeville, Unit 9.

### JEFFERSON CLUB POW-WOW

May 26, President Daniel F. O’Brien of the Jefferson Club repeated their recent successful Pow-Wow.

May 29, ERA Orchestra, Director Richard Cosby; June 1, ERA Vaudeville, Unit 11; June 5, ERA Orchestra, Director Chester Mason; June 8, ERA Vaudeville, Unit 10; June 9, South Boston Community Choristers, Director Arthur Riley; June 18, ERA Orchestra, Director Richard Cosby; June 22, ERA Vaudeville, Unit 8; June 29, ERA Vaudeville, Unit 2; July 1, ERA Orchestra, Director Richard Cosby; July 6, ERA Vaudeville, Unit C; July 13, ERA Vaudeville, Unit B; July 16, ERA Band Concert, Director W. A. Barrington Sargent; July 20, ERA Vaudeville, Unit E; July 24, ERA Orchestra, Director Richard Cosby; July 27, ERA Vaudeville, Unit D; July 30, ERA Orchestra, Director Chester Mason; August 3, ERA Vaudeville, Unit A; August 6, ERA Orchestra, Director Chester Mason; August 10,

ERA Vaudeville, Unit 6; August 14, ERA Orchestra, Director Albert Holmes; August 17, ERA Vaudeville, Unit F; August 28, ERA Orchestra, Director Richard Cosby; August 31, ERA Vaudeville, Unit H; September 4, ERA Band Concert, Director W. A. Barrington Sargent; September 10, ERA Band Concert, Director Frank Gurley; September 21, ERA Vaudeville, Unit 9; September 25, ERA Orchestra, Director Albert Holmes.

#### “MR. CHANNING DINES AT HOME”

September 27, the Cambridge Civic Theatre Group presented their recent successful three-act comedy “Mr. Channing Dines at Home.”

September 28, ERA Vaudeville, Unit 4; October 1, ERA Band Concert, Director W. A. Barrington Sargent; October 8, ERA Orchestra, Director Richard Cosby; October 12, ERA Vaudeville, Unit G.

#### CAMBRIDGE COUNCIL, 74, KNIGHTS OF COLUMBUS

October 13, another red letter day was the coming of Cambridge Council 74 of the Knights of Columbus for their annual entertainment and presentation of gifts to the old folks.

October 19, ERA Vaudeville, Unit C; October 26, ERA Band Concert, Director Frank Gurley; October 26, ERA Vaudeville, Unit A; November 5, ERA Orchestra, Director Al Moore; November 9, WPA Vaudeville, Unit 8; November 16, WPA Vaudeville, Unit 11; November 19, WPA Orchestra, Director Richard Cosby; November 21, WPA Vaudeville, Unit 7.

#### ST. JEROME'S MINSTRELS

November 24, this new parish comprising sections of Arlington and Belmont presented their recent successful minstrel show. We owe the coming of this minstrelsy to Daniel J. Mahoney.

November 26, WPA Orchestra, Richard Cosby; November 30, WPA Vaudeville, Unit E; December 4, WPA Band Concert, Director W. A. Barrington Sargent; December 7, WPA Vaudeville, Unit 6.

#### ST. PAUL'S DRAMATIC CLUB

December 8, the St. Paul's Dramatic Club presented their successful three-act comedy “School Days at Blueberry Corner.”

This comedy was obtained through the efforts of Miss Kay Sully.

### "SHE MARRIED TO OBLIGE"

December 12, the Cambridge Civic Theatre Group presented the three-act comedy "She Married to Oblige."

December 14, ERA Vaudeville, Unit B; December 17, WPA Band Concert, Director Frank Gurley.

### FATHER CALLANAN DAY

The eighteenth day of December is, and always will be, so long as the city of Cambridge endures, Father Callanan Day. Rev. Dr. P. H. Callanan, late pastor of St. Peter's Parish, planned that the annual interest of his bequest would function after he had gone to his eternal reward. Now and in the years to come those passing the sunset of their lives in our home will be especially remembered on the anniversary of his ordination to the priesthood. The day's festivities were opened with Mass celebrated by Rev. James T. McKeon, who paid a splendid tribute to his former pastor and the latter's love for the Home folks. Baked stuffed fish with the fixings were enjoyed by all. At that spread were the maimed, the lame, and the blind. This feast recalls these words of Holy Writ: "But when Thou makest a feast, call the poor, the maimed, the lame, the blind; and Thou shalt be blessed, for they cannot recompense thee; for Thou shalt be recompensed at the resurrection of the just." Luke 14: 12-14.

We have many wealthy persons in our city who could easily aid these toilers of yesterday, now guests in our Home. Some of these, and many other toilers, aided them to acquire their riches. Many who could show their gratitude of these toilers of yesterday fail to do so and this in no little degree is spreading the spirit of discontent and unrest and greatly aiding in the spread of Communism. In the afternoon T. D. Senna, State Director of the WPA Vaudeville, sent over some of his best stars to entertain. In the evening Metro-Goldwyn-Mayer Distributing Corporation loaned their feature picture "Bonnie Scotland," starring Laurel and Hardy, and also the most laughable cartoon "Toyland Broadcast" kept all in roars of laughter. Supt. John T. Shea read the last letter to the Home folks that was written by Father Callanan. He praised Father McKeon's excellent eulogy of the life's work of Father Callanan and closed with the prayer "May Father Cal-

lanan's soul and all the souls of the faithful departed through the mercy of God rest in peace."

December 21, ERA Vaudeville, Unit 3.

#### NORTH CAMBRIDGE COUNCIL 269, COURT LA RABIDA

December 22, another one of the red letter days, is the annual visitation, entertainment and presentation of gifts by the North Cambridge Council of the Knights of Columbus and Court La Rabida of the Catholic Daughters of America.

December 24, WPA Orchestra, Director Chester Mason. Rev. Austin Kempton with his Broadway Baptist Church carolers, followed by Benedict FitzGerald and Tom Quinn with carolers and trumpeters from the Rindge and high schools.

December 28, WPA Vaudeville, Unit H.

#### "ROBERTA"

December 29, through the courtesy of R. C. Cropper, district manager of the RKO Distributing Corporation, the feature picture "Roberta," starring Ginger Rogers and Fred Astaire, was presented.

Thus was brought to a close one hundred and nine entertainments, each of which brought added happiness to the old folks. All of these entertainments have been liberally reported in the Cambridge weeklies, the proprietors of which have been most generous in the giving of space.

To Mr. Joe Sully, projectionist of all our movies; Miss Frances Killilea, Supervisor of the music project of the Metropolitan District; Thomas D. Senna, Administrator of the Vaudeville Project of Massachusetts; Charles J. McMenimen, ERA Administrator of Cambridge; Miss Lydia Walker and Kenneth Thorne Fleming of the Cambridge Drama Project; all the officials and members of those fraternal societies, and all others affiliated with these entertainments we are most grateful.

#### GIFTS OF MAGAZINES

Commissioner Leopold Bartel; Miss Carrie Sullivan, 59 Magazine Street; Thomas Conrick, 70 Fresh Pond Parkway; Herbert Danehy, 340 Rindge Avenue; William Edmonds, 125 Hampshire Street; Mrs. Daniel Sullivan, 29 Willard Street; Cam-

bridge Lodge of Elks; J. L. Robinson, 81 Washington Avenue; Walter Cowlshaw, 22 Centre Street; Mrs. Horace Horton, 148 Goden Street, Belmont; Mr. Kenneth T. Fleming, Cambridge Theatre Group; Miss Margaret E. Worcester, 5 Bryant Street; James Doherty, 11 Madison Street; Mrs. J. H. Yates, 330 Brantwood Road, Arlington; Rev. E. K. Bray, 23 Hammond Street; Miss Annie Buckley, 112 Sycamore Street, Somerville; Phillips Brooks House; Mr. E. K. Dresser, 19 Agassiz Street; Mrs. Mary Quigley, 164 Brattle Street; Miss Betty Tashjian, 643 Concord Avenue; Mrs. George Coburn, 1695 Cambridge Street, a year's supply of *Liberty*, *Collier's* and *Saturday Evening Post*; Eugene Flanagan, 25 Alpine Street; Christopher Donnelly, 80 Hammond Street; R. J. Cone, 28 Saville Street; Mrs. Timothy O'Callaghan, 274 Lexington Avenue; and Rev. James T. McKeon, St. Peter's Church.

### BOOKS

Mr. James E. Murphy, president of the University Libraries, Inc., presented fifty of the latest novels. This is an annual gift from Mr. Murphy.

### OTHER GIFTS

An exceptionally costly sideboard from Miss Alice Foley of Foley's Convalescent Home, 7 Chester Street. Victrola and one hundred records, Weldon J. Murray, 11 York Road, Belmont. Records, William Coxon, 102 Sherman Street; Herbert Danehy, 340 Rindge Avenue. Clothing for men and women, Mrs. Weldon J. Murray, 11 York Road, Belmont; J. W. McAleer, 26 Fairfield Street; Supt. John T. Shea; Herbert Danehy, 340 Rindge Avenue; William Edmonds, 125 Hampshire Street; Peter Sylvanus, 42 Rindge Avenue. Flowers, Gerrould Family, Harold Ryan and Becker's Conservatories, National Flower Shut-In Day, Rev. Bent E. Carlson, 585 Blue Hill Avenue, Boston; Mrs. Annie P. Brewer, 51 Irma Avenue, Watertown; William F. Galgay, 359 Harvard Street; Mrs. Jennie Ray, large rubber plant, 8 Cottage Street; and Mr. O. C. Francis. Playing cards, Mr. James L. Hopkins, 112 Sycamore Street, Somerville; Miss Margaret Worcester, 5 Bryant Street. Jig Saw puzzles, Mrs. L. C. Dunbar, 175 Fayerweather Street; Miss Sallie Clifford, 651 Concord Avenue; Walter Cowlshaw, 22 Centre Street, and Miss Betty Tashjian, 643 Concord Avenue. Ice cream, John D. Lynch, 20

Fairfield Street and Fiske's Candy Shop. Malted milk, Mrs. H. R. Horton, 148 Goden Street, Belmont. Shredded wheat, Manhattan Market. Oranges, Mrs. Julian L. Coolidge, 50 Holyoke Street, and Mrs. Edward F. Drown, 12 Phillips Place.

### THANKSGIVING TURKEYS

The Misses Minnie A. and Mae I. Copp have for the past nine years given to the Home folks the excellent turkeys for the Thanksgiving Day dinner.

A gift from individuals is a gift from sympathetic hearts, while a similar gift from the city is an obligated one. If our citizens would realize the difference, much more happiness would be brought to our Home folks.

### THE SARAH E. RUSSELL FUND

Sarah E. Russell, who died October 6, 1897, was the first citizen of Cambridge who created a trust fund the annual interest of which is used to bring added cheer to those passing the sunset of their lives in our Home. A tablet in her honor has been placed in the lobby of the Home. This year the money was used in the distribution of tobacco to the men and candy to the women of the Home.

### THE CHRISTMAS TREE

The beautiful tree in front of the Home was the gift of Hon. Timothy W. Good, Superintendent of the Cambridge Water Department. The smaller tree in the lobby and its decorations, as well as the electric bulbs on the larger tree and those in the large star on the building, were the gift of Supt. John T. Shea.

### CHRISTMAS CAROLERS

On Christmas Eve Benedict FitzGerald, the noted director of music, assisted by Assistant Supervisor Tom Quinn, brought a large delegation of pupils from the High and Latin and Rindge schools who sang the familiar carols in the wards and the Assembly Hall. Later in the evening the Rev. Austen T. Kempton of the Broadway Baptist Church brought his choir. The groups helped to intensify the Christmas spirit among the Home folks.

## THE DEATH OF CHAIRMAN EDWARD W. TOOMEY

The City of Cambridge, the Board of Public Welfare and the poor of our city suffered a severe loss in the death of Chairman Edward W. Toomey.

On the morning of June 15 we received the shocking news of his death and immediately conveyed the same to Father Stephen F. Moran, who was about to begin our weekly Mass. We requested that the announcement of his death be made to the Home folks and prayers asked for the repose of his soul. After the Gospel he not only complied with our request but paid him a splendid tribute and led in the prayers offered up for the repose of his soul.

At once our flag was placed at half mast, which was continued for a period of thirty days. The vaudeville show booked for that afternoon was at once cancelled. The staff of the Home presented spiritual bouquets in the form of perpetual membership in the Purgatorial Societies of the Passionist Monastery, the Redemptorists of the Mission Church and Our Lady of Lourdes of St. Mary's in the North End. These certificates of membership were presented to the bereaved widow, for which she was most heartily grateful.

## THANKS TO THE MAYOR AND THE COMMISSIONERS

I desire to thank Mayor Richard M. Russell, Chairman A. John Serino, Edward W. Toomey and Leopold Bartel, Charles J. McMenimen, Dr. Francis J. Mulcahy and Mrs. Anne McCarthy for their good will, helpful advice and encouragement. They have made much lighter the burdens of my office which, at times, have been most trying. Invaluable assistance has been given to me by the matron, Mrs. John T. Shea. The assistance given by Secretary James E. Finnegan and Dr. Morris L. Dressler, city physician, is appreciated. To the clergy of the various religious denominations I am heartily thankful for the religious consolation brought to the Home folks. My heartfelt thanks go to each individual who in any way ministered to or helped to bring cheer to those who are under my care. They will be repaid one hundredfold by Him, Who rewards even the giving of a cup of water in His Name.

Respectfully submitted,

JOHN T. SHEA,  
*Superintendent.*

## REPORT OF THE CAMBRIDGE CITY HOSPITAL TRUSTEES

Cambridge, Mass., January 9, 1936.

*To His Honor the Mayor and City Council:*

As provided by ordinance, we submit herewith the nineteenth annual report of the Cambridge City Hospital for the year ending December 31, 1935. The reports of the Superintendent, the Director of Social Service and the Clinical Laboratory are also submitted herewith and made part of this report.

In January notice was received from the City Clerk that John H. Hurley was reappointed a Trustee, to serve until May, 1938; and in November notice was received from the City Clerk that Dr. Morris L. Dressler was appointed a Trustee, to serve for the remainder of the term of five years from the first day of May, 1935, in place of Dr. Donald E. Currier. In November, upon the expiration of the term of Dr. Donald E. Currier, who was chairman of the Board of Trustees, Mr. John H. Hurley was named chairman of the Board. Mr. Hurley has served as a Trustee since 1912.

The main problems of the year were occasioned by lack of supplies and shortage of nursing help, both due to insufficient appropriation for the hospital needs. To carry on all usual works and still live within the money allowed necessitated economic measures which would keep us within our budget for the year 1935. We did, however, keep within our budget, but our enforced economies will place an added burden upon the coming year.

The federal project work has been of immense benefit to the hospital. Through these projects much has been accomplished for the general upkeep and improvement of the buildings and grounds. The interiors of the hospital and nurses' home have been given a fresh coat of paint, and the outside trimming also has been repainted. The work has done much to give the institution a cheerful and cleanly appearance. The unfinished third floor of the older part of the building, which has been used as a storage room for supplies, has been completely insulated. This provides safety from fire hazards and also does much in relieving

discomfort caused by weather conditions. The appearance of the room is very much improved. Another worth-while project has been the laying of granolithic walks bordering on the grounds at Line Street and around the building on Camelia Avenue to the Accident Room, ending with a curbing at the Accident Room entrance. All of these improvements made through the federal projects have been long needed and their completion has been a source of satisfaction, comfort and convenience.

In the X-ray department a new unit has been installed for deep therapy treatment. This new unit meets a need made imperative by the rapid advance in scientific knowledge of the benefits to be derived in serious maladies by exposure to Roentgen rays.

The new, finely equipped ambulance which was delivered on June 1 has given useful and satisfactory service. It is a fine addition to our hospital equipment and is an aid to the mental and physical comfort of seriously ill patients being transferred from home to hospital. The faithful and kindly service by our Cambridge police on these ambulance trips deserves commendation.

The Trustees take this opportunity to express appreciation of the helpful coöperation of His Honor the Mayor, and members of the City Council, as well as to the members of the staff, the superintendent, and the personnel of the hospital.

Yours respectfully,

JOHN H. HURLEY, *Chairman*,  
IDA M. CANNON,  
PAUL F. HILLERY,  
JOHN J. CARVER,  
MORRIS L. DRESSLER, M.D.

*Board of Trustees, Cambridge City Hospital.*

The Hospital Staff is as follows:

#### SURGICAL STAFF

Dr. Harry H. Germain, 479 Commonwealth Avenue, Boston (Chief).  
Dr. Daniel F. Mahoney, Copley Plaza Hotel, Boston.  
Dr. William A. Noonan, 314 Harvard Street, Cambridge.  
Dr. Edward J. O'Brien, 270 Commonwealth Avenue, Boston.  
Dr. Edward T. Downey, 475 Commonwealth Avenue, Boston.

## MEDICAL STAFF

Dr. Felix F. McGirr, 1436 Cambridge Street, Cambridge (Chief).  
Dr. John F. Fair, 81 Dana Street, Cambridge.  
Dr. Leo Myles, 1776 Massachusetts Avenue, Cambridge.  
Dr. Andrew Downing, 333 Huron Avenue, Cambridge.  
Dr. Edward J. O'Rourke, 2280 Massachusetts Avenue, Cambridge.  
Dr. J. Allen Thompson, 900 Massachusetts Avenue, Cambridge.

## CARDIOLOGIST

Dr. Alton Graybiel, 270 Commonwealth Avenue, Boston.

## ORTHOPEDIC STAFF

Dr. B. A. Godvin, 483 Beacon Street, Boston (Chief).  
Dr. Arthur F. Sargent, 276 Commonwealth Avenue, Boston (Surgeon).  
Dr. William N. Lanigan, 187 Main Street, Medford (Surgeon).

## LARYNGOLOGISTS

Dr. Francis Miniter, 419 Boylston Street, Boston.  
Dr. Thomas Dinan (Assistant), 270 Commonwealth Avenue, Boston.

## ROENTGENOLOGIST

Dr. Frederick W. O'Brien, 465 Beacon Street, Boston.

## PATHOLOGIST

Dr. Timothy Leary, 43 Bay State Road, Boston.

## OBSTETRICIANS

Dr. Thomas J. Cahill, 156 Line Street, Cambridge.  
Dr. Frederick J. Lynch, 475 Commonwealth Avenue, Boston.  
Dr. William B. Young, 65 Bay State Road, Boston.  
Dr. Philip P. McGovern, 1525 Cambridge Street, Cambridge.

## PEDIATRICIAN

Dr. Otto C. Yens, 9 Longfellow Road, Cambridge.  
Dr. Eugene Gorman, 182 Main Street, Watertown.  
Dr. Frank T. Downey, 276 Huron Avenue, Cambridge.

## DENTAL SURGEONS

Dr. Joseph B. Rockett, 520 Beacon Street, Boston.  
Dr. Frank McLean (Assistant), 140 Federal Street, Boston.  
Dr. Matthew Shea (Visiting Surgeon), 1218 Massachusetts Avenue, Cambridge.  
Dr. Francis J. Mulcahy, 1218 Massachusetts Avenue, Cambridge.  
Dr. William McIntoch, 29 Commonwealth Avenue, Boston.

## SURGICAL OUT-PATIENT

Dr. Emilio D'Errico, 27 Bay State Road, Boston.  
Dr. Edward Ormsby, 270 Commonwealth Avenue, Boston.  
Dr. Llewellyn H. Rockwell, 270 Commonwealth Avenue, Boston.  
Dr. Edward W. Feeley, 475 Commonwealth Avenue, Boston.

## MEDICAL OUT-PATIENT

Dr. William Archibald, 837 Massachusetts Avenue, Cambridge.  
Dr. Joseph A. Bruschi, 843 Massachusetts Avenue, Cambridge.  
Dr. Albert C. Poirier, 830 Somerville Avenue, Cambridge.

## DERMATOLOGIST AND SYPHILOLOGIST

Dr. Walter Garfield, 19 Bay State Road, Boston.

Dr. Arthur Simmons, 1284 Commonwealth Avenue, Brookline.

## PHYSIOTHERAPIST

Dr. Waldo W. Robbins, 16 Garfield Street, Cambridge.

## OPHTHALMOLOGIST

Dr. Hugh Donahue, 520 Commonwealth Avenue, Boston.

## CONSULTANTS

Dr. William MacDonald, 270 Commonwealth Avenue, Dermatologist.

Dr. Frederick Good, 20 Commonwealth Avenue, Obstetrician.

Dr. Maxwell E. MacDonald, 270 Commonwealth Avenue, Neurologist.

## ANESTHETIST-IN-CHIEF

Dr. William A. Noonan, 314 Harvard Street, Cambridge.

## SKIN OUT-PATIENT DEPARTMENT

Dr. E. A. Lafreniere, 230 Massachusetts Avenue, Arlington (6 mos.) July 1, 1935.

## SUPERINTENDENT OF THE HOSPITAL

Gertrude D. Stapleton

## REPORT OF HOSPITAL SUPERINTENDENT

Financially and administratively the year 1935 was the most difficult year in the existence of the Hospital.

The total number of admissions to the Hospital was 5,205. In the out-patient department there was an increase of 12,484 visits, the total number of visits being 59,218.

Twenty-nine applicants were admitted to the training school during the year, seven in February and twenty-two in September. Of the twenty-nine, fifteen remain; fourteen students have dropped out because either physically or intellectually unable to meet the requirements which the Massachusetts State Board of Registration of Nurses has enforced for approved training schools.

The nursing problem arose from the decrease of the number of applicants admitted and the inability of many students to meet the requirements of an approved school of nursing. During the year twenty-two students finished training; and of the year's entering classes only fifteen remained. This same difficulty existed last year. To meet the nursing needs, it was found necessary to employ graduate general duty nurses.

Before the new educational standard of the State Board of Registration of Nurses went into effect, the school heads of the

State were notified of the change of qualifications. During the first year not much effort seems to have been made to direct the high school students as to subjects required for entrance to training schools for nurses. This year has seen a marked increase of interest in pregraduation planning of courses of study for prospective nursing applicants.

I believe it will take another year or two for this nursing situation to adjust itself. In the meantime the use of graduate general duty nurses is essential for the good of the patients and also to enable us to keep our training school free enough to follow the curriculum now required in training schools approved by the State. If through lack of personnel we have to curtail class work, we may expect our school to be dropped from the approved list. This would have the added effect of disqualifying our graduates for positions in other approved hospitals.

The Training School Graduation exercises were held in the Auditorium of the Nurses Home on December 4. The twenty-two students who completed their courses during the year were presented with diplomas by His Honor, Mayor Richard M. Russell. Miss Ida M. Cannon, a member of the Board of Trustees, who presided at the exercises, introduced the speaker of the evening, Dr. A. Warren Stearns, Dean of Tufts Medical School.

Dr. Charles S. Cahill who served many years on the Board of Trustees of the Hospital died on December 10, 1935. A suitable bronze plaque has been placed in the foyer of the Hospital by members of the staff in Dr. Cahill's memory.

The Hospital suffered a great loss through the death this year of Dr. John J. Murphy, who had been on our surgical staff for seventeen years. He passed away very suddenly in July. His loss has been keenly felt.

Even in death Dr. Murphy did not cease his service to us. Through the thoughtful generosity of his wife, Dr. Murphy's library has become a part of the hospital medical library, which has been named the Dr. John J. Murphy library.

We are grateful to the members of the Board of Trustees for their active interest in the Hospital and the training school.

Respectfully submitted,

GERTRUDE D. STAPLETON, R.N.,  
*Superintendent.*

## REPORT OF SOCIAL SERVICE DEPARTMENT

There were 1,220 patients referred to the department during 1935; 581 of these were known to the Prenatal Clinic and later were admitted to the Hospital for obstetrical service; the remaining number, 639, were general cases referred both from the Hospital and the out-patient department.

The nature of the work during the past year has not varied greatly. Although employment showed an increase, the earnings were small and in many instances the bread-earner has been unable to provide medical relief.

The department still has no fund available to meet the emergencies which arise, such as glasses, teeth, prescriptions to be filled, and long convalescence arranged. It is grateful, however, to the coöperating agencies who have so willingly responded to frequent requests for assistance.

Although the total number of patients known to Social Service during 1935 is smaller, there has been a greater intensity of work involved. The patients' resistance and nervous reactions have presented more trying problems after the years of depression which have incurred such acute suffering.

During the summer we were able to plan for ninety-nine children who have had hospital contact and who were in need of convalescent and routine care. A careful oversight was given this particular group during the winter and it was found that recurrent colds and general debility were not as marked.

The staff of this department is inadequate to meet the daily demands put upon Social Service. The department continues to work without a fund, which is a distinct handicap.

## YEARLY REPORT

	1934	1935
Total number of patients.....	1,569	1,220
Prenatal.....	628	581
	1934	1935
Unmarried.....	43	18
Layettes.....	103	204

Total number of glasses.....	29	30
Total number of orthopedic appliances.....	44	24
Total number of convalescent care.....	121	169
Total number of children's vacations.....	43	99
Total number of coöperating agencies.....	78	70

Respectfully submitted,

BEATRICE K. QUINN,  
*Director of Social Service, Cambridge City Hospital.*

## ANNUAL REPORT 1935

The following is a report of the work conducted in the Clinical Laboratory of the Cambridge City Hospital during the year 1935.

The total number of examinations for the year was 27,798, which, when compared with the 22,929 tests performed in 1934, shows an increase in the year's work of 4,869 examinations. This increase in work was not paralleled with an increase in personnel. These figures do not take into consideration the bacteriological examinations, Ascheim-Zondek tests, guinea-pig inoculations and preparation of autogenous vaccines which were conducted for this Hospital in the Leary Laboratory.

During the year the Laboratory was recognized by the State Board of Health as a station for typing pneumonia and for distributing anti-pneumococcic serum. This station is open to all doctors in Cambridge, Arlington, Belmont and Somerville.

Appended is a detailed report of the examinations performed in the laboratory during the year 1925.

Respectfully submitted,

EDITH G. BAYERS, B.S.

Torticollis . . . . .	1

### Diseases of the Bones, Joints, Muscles, Tendons and Fascia

Arthritis, acute, ankle . . . . .	1
Arthritis, acute, back . . . . .	1
Arthritis, acute, joints . . . . .	2
Arthritis, acute, knee . . . . .	3
Arthritis, acute, shoulder . . . . .	3
Arthritis, acute, spine . . . . .	3
Arthritis, acute, toes . . . . .	1
Arthritis, acute, wrist . . . . .	1
Arthritis, acute infectious, ankles . . . . .	1
Arthritis, acute infectious, hands . . . . .	1
Arthritis, acute infectious, knees . . . . .	2
Arthritis, acute infectious, legs . . . . .	1
Arthritis, chronic, joints . . . . .	1
Arthritis, chronic, knees . . . . .	2
Arthritis, chronic, spine . . . . .	3
Arthritis, chronic infectious, ankles . . . . .	1
Arthritis, chronic infectious, generalized . . . . .	1
Arthritis, chronic infectious, hips . . . . .	1
Arthritis, chronic infectious, joints . . . . .	3
Arthritis, chronic infectious, knees . . . . .	2
Arthritis, chronic infectious, neck . . . . .	1
Arthritis, chronic infectious, spine . . . . .	3
Arthritis, chronic infectious, wrist . . . . .	1
Arthritis deformans . . . . .	1
Bursitis, metatarsophalangeal joint . . . . .	1
Bursitis, olecranon . . . . .	3
Bursitis, prepatellar . . . . .	1
Bursitis, shoulder . . . . .	2
Contracture, elbow . . . . .	1
Contracture, shoulder . . . . .	1
Deformity of joint . . . . .	1
Epiphysis of back . . . . .	1
Exostosis, metatarsal . . . . .	2
Ganglion, wrist . . . . .	1
Hallux valgus . . . . .	5
Hammer toe . . . . .	2
Kohler's disease, scaphoid . . . . .	1
Loose cartilage, knee . . . . .	1
Necrosis, finger . . . . .	1
Osteoarthritis, acute, spine . . . . .	4
Osteoarthritis, chronic, elbow . . . . .	1
Osteoarthritis, chronic, hip . . . . .	1
Osteoarthritis, chronic, knees . . . . .	2
Osteoarthritis, chronic, leg . . . . .	1
Osteoarthritis, chronic, pelvis . . . . .	1

Osteoarthritis, chronic, spine . . . . .	6
Osteoarthritis, chronic, thigh . . . . .	1
Osteoarthritis, chronic, vertebrae . . . . .	1
Osteoarthritis, chronic infectious, spine . . . . .	1
Osteomyelitis, acute, digit . . . . .	1
Osteomyelitis, acute, femur . . . . .	1
Osteomyelitis, acute, finger . . . . .	2
Osteomyelitis, acute, humerus . . . . .	1
Osteomyelitis, acute, tibia . . . . .	2
Osteomyelitis, acute, toe . . . . .	1
Osteomyelitis, chronic, elbow . . . . .	1
Osteomyelitis, chronic, humerus . . . . .	3
Osteomyelitis, chronic, jaw . . . . .	1
Osteomyelitis, chronic, radius . . . . .	1
Osteomyelitis, chronic, tibia . . . . .	3
Paget's disease, skull . . . . .	1
Periostitis, tibia . . . . .	1
Pronated feet . . . . .	6
Scoliosis . . . . .	4
Spurs, os calsis . . . . .	1
Strain, lumbosacral . . . . .	1
Synovitis, acute, knee . . . . .	5

#### Diseases and Injuries of the Eye and Ear

Abrasion, cornea . . . . .	1
Abscess, postauricular . . . . .	5
Abscess, eyelid . . . . .	2
Cataract, eye . . . . .	10
Conjunctivitis, acute . . . . .	6
Glaucoma . . . . .	5
Hordeola, eyes . . . . .	1
Inflammation, nasolacrimal duct . . . . .	2
Keratitis, phlyctenular . . . . .	1
Mastoiditis, acute . . . . .	12
Mastoiditis, chronic . . . . .	1
Otitis media, acute . . . . .	46
Otitis media, chronic . . . . .	9
Strabismus . . . . .	10
Ulcer of cornea . . . . .	1

#### Diseases of the Nose and Accessory Sinuses

Abscess, septum . . . . .	3
Deviation of nasal septum . . . . .	4
Empyema of antrum . . . . .	1
Epistaxis . . . . .	10
Ethmoiditis (cause unknown) . . . . .	1
Hypertrophy of turbinate . . . . .	4
Sinusitis, acute . . . . .	4
Sinusitis, chronic . . . . .	2

#### Diseases of the Mouth, Lips, Cheeks, Pharynx, Tonsils and Palate

Abscess, peritonsillar . . . . .	10
Abscess, retropharyngeal . . . . .	1
Calculus, salivary . . . . .	1
Hypertrophy of adenoids . . . . .	5
Hypertrophy of tonsils . . . . .	7
Hypertrophy of tonsils and adenoids . . . . .	538
Nasopharyngitis, acute . . . . .	1
Pharyngitis, acute . . . . .	16

Tonsillitis, acute . . . . .	22
Tonsillitis, acute, follicular . . . . .	6
Tonsillitis, chronic . . . . .	3
Vincent's angina . . . . .	5

#### Diseases of the Jaw, Teeth, and Gums

Abscess, alveolar . . . . .	5
Abscess, teeth . . . . .	1
Caries of teeth . . . . .	10
Dry socket, molar . . . . .	1
Hemorrhage from gums . . . . .	1
Impacted teeth . . . . .	2
Pyorrhea alveolaris . . . . .	1
Septic teeth . . . . .	2

#### Diseases of the Esophagus

Foreign body, esophagus . . . . .	1
-----------------------------------	---

#### Diseases of the Stomach

Adhesions, postoperative . . . . .	3
Foreign body, stomach . . . . .	1
Gastritis, acute . . . . .	8
Hematemesis . . . . .	1
Hyperacidity . . . . .	1
Hyperchlorhydria . . . . .	1
Neurosis, gastric . . . . .	3
Perforation of diverticulum of colon . . . . .	1
Pylorospasm . . . . .	1
Ulcer of stomach . . . . .	11
Ulcer of stomach, perforating . . . . .	2

#### Diseases of the Intestines

Abscess, retrocecal . . . . .	1
Adhesions, abdominal . . . . .	1
Adhesions, intestinal . . . . .	1
Adhesions, peritoneal . . . . .	1
Adhesions, postoperative . . . . .	1
Appendicitis, acute . . . . .	92
Appendicitis, acute with abscess . . . . .	7
Appendicitis, acute with perforation . . . . .	26
Appendicitis, acute with peritonitis . . . . .	3
Appendicitis, chronic . . . . .	36
Appendicitis, subacute . . . . .	55
Colitis, acute . . . . .	4
Colitis, chronic . . . . .	1
Colitis, ulcerative . . . . .	1
Constipation . . . . .	35
Cystitis, acute . . . . .	2
Diarrhea . . . . .	1
Diverticulitis, colon . . . . .	1
Diverticulitis, ileum . . . . .	1
Diverticulitis, duodenum . . . . .	1
Diverticulitis, sigmoid . . . . .	3
Enteritis, acute . . . . .	5
Fistula, fecal . . . . .	4
Gastro-enteritis, acute . . . . .	44
Indigestion, intestinal . . . . .	1
Mucous colitis . . . . .	2
Obstruction, intestinal . . . . .	5

Rupture of diverticulum . . . . .	1
Ulcer, duodenal . . . . .	34
Ulcer, duodenal, perforated . . . . .	1
Visceroptosis . . . . .	1

#### Diseases of the Liver and Biliary Tract

Cholangitis . . . . .	1
Cholecystitis, acute . . . . .	10
Cholecystitis, chronic . . . . .	21
Cholecystitis, subacute . . . . .	1
Cholelithiasis . . . . .	11
Cirrhosis of liver . . . . .	5
Hepatitis, chronic . . . . .	1
Jaundice, catarrhal . . . . .	2
Jaundice, obstructive . . . . .	1

#### Diseases of the Abdomen and Peritoneum in General

Abscess, retroperitoneal . . . . .	1
Abscess, subdiaphragmatic . . . . .	1
Adhesions, pelvic . . . . .	1
Ascites . . . . .	1
Hernia, diaphragmatic . . . . .	1
Hernia, epigastric . . . . .	1
Hernia, femoral . . . . .	1
Hernia, inguinal . . . . .	45
Hernia, inguinal (strangulated) . . . . .	6
Hernia, umbilical . . . . .	5
Hernia, ventral . . . . .	7
Peritonitis, general . . . . .	2
Peritonitis, pelvic . . . . .	1
Umphilitis . . . . .	1

#### Diseases of the Rectum and Anus

Abscess, ischiorectal . . . . .	12
Abscess, perianal . . . . .	2
Abscess, perirectal . . . . .	1
Abscess, pilonidal . . . . .	1
Fistula in ano . . . . .	11
Hemorrhoids . . . . .	22
Proctitis . . . . .	1

#### Diseases of the Larynx

Laryngismus stridulus . . . . .	1
Laryngitis, acute . . . . .	4
Laryngitis, spasmodic . . . . .	1
Laryngitis, streptococcus . . . . .	1

#### Diseases of the Trachea and Bronchi

Bronchiectasis . . . . .	3
Bronchitis, acute . . . . .	35
Bronchitis, asthmatic . . . . .	1
Bronchitis, chronic . . . . .	10
Bronchitis, subacute . . . . .	1
Bronchitis, unqualified . . . . .	3

#### Diseases of the Lungs

Abscess, lung . . . . .	1
-------------------------	---

## Diseases of the Pleura and Mediastinum

Empyema, lung . . . . .	4
Hydropneumothorax . . . . .	1
Hydrothorax . . . . .	1
Pleurisy with effusion . . . . .	3
Pleurisy, acute, fibrinous . . . . .	1
Pleuritis, chronic . . . . .	1

## Diseases of the Kidney and Ureter

Abscess, perinephritic . . . . .	2
Cystitis . . . . .	1
Glomerulonephritis, chronic . . . . .	1
Nephralgia . . . . .	1
Nephritis, acute . . . . .	14
Nephritis, chronic . . . . .	9
Nephritis, chronic with edema . . . . .	17
Nephritis, chronic without edema . . . . .	4
Nephrolithiasis . . . . .	1
Nephrosis . . . . .	1
Ptosis, kidney . . . . .	1
Pyelitis . . . . .	42
Pyelonephritis . . . . .	12
Pyonephrosis . . . . .	1
Renal calculus . . . . .	2
Renal colic . . . . .	10
Stricture of ureter . . . . .	1
Uremia, acute . . . . .	1
Uremia, chronic . . . . .	1
Uremic coma . . . . .	2
Ureteral calculus . . . . .	7
Ureteral colic . . . . .	1
Ureteral stone . . . . .	1

## Diseases of the Bladder

Cystitis, acute . . . . .	7
Cystitis, chronic . . . . .	4
Cystitis, subacute . . . . .	1
Trigonitis . . . . .	1

## Diseases of the Urethra (Male and Female)

Caruncle of urethra . . . . .	1
Extravastation of urine . . . . .	1
Fistula, urethral . . . . .	1
Rupture of urethra . . . . .	1
Stricture of urethra . . . . .	9
Urethritis, acute . . . . .	1

## Diseases of the Male Generative Organs

Abscess, perineal . . . . .	1
Abscess, scrotum . . . . .	1
Atrophy of scrotum . . . . .	1
Epididymitis, acute . . . . .	6
Hematocele . . . . .	1
Hydrocele . . . . .	7
Hypertrophy of prostate . . . . .	19
Orchitis, acute . . . . .	1
Paraphimosis . . . . .	1

Phimosis.....	7
Prostatitis, chronic.....	3
Undescended testicle.....	1

#### Diseases of the Female Generative Organs

Abscess, pelvic.....	6
Abscess, vulvovaginal.....	4
Cervicitis, chronic.....	1
Dysmenorrhea.....	3
Dyspareunia.....	1
Endocervicitis.....	7
Endometritis, chronic.....	14
Erosion of cervix uteri.....	3
Fibrosis of uterus.....	1
Hyperplasia of uterus.....	1
Infantile uterus.....	1
Laceration, cervix uteri (old).....	12

Shock, traumatic . . . . .	2

## REPORT OF THE CITY MISSIONARY

Cambridge, Mass., January 28, 1936

*To His Honor the Mayor, the City Council,  
and Frederick H. Burke:*

I herewith present the annual report of my stewardship as City Missionary for the past year in the cause of temperance.

I have attended the sessions of the Third District Court about every day, and I have sometimes visited the station houses on Sundays. I have spoken kind and encouraging words to 85 females and 1,688 males. I have talked moral suasion to them as forcibly as I could, as I think more good can be accomplished in that way than any other.

I am working in perfect harmony with the court, police and probation office, and any recommendation of mine is given favorable consideration.

In conclusion, gentlemen, if temperance does not gain this year, it will be through no neglect of mine.

Respectfully,

JOHN F. CAWLEY,  
*City Missionary.*

## REPORT OF SUPERINTENDENT OF BUILDINGS

Cambridge, Mass., February 19, 1936.

*To His Honor the Mayor:*

	<hr/>	<hr/>	<hr/>
Totals . . . . .	\$45,430 00	\$44,282 34	\$1,147 66

In submitting this eighty-second annual report I again make the following recommendations. That if possible the land abutting the Cemetery which is owned by the Mount Auburn Cemetery Corporation, be purchased and added to the Cemetery before it is sold for real estate development.

I also recommend that filling be purchased for the filling in of our low lands so this land can be made available for burial purposes; that new equipment for the Cemetery be purchased as follows: one small dump truck, one lowering device, three sets of evergreen, and one air compressor with gasoline engine.

I also recommend an appropriation for the purchase of permanent markers to mark the perpetual care lots. I again recommend an appropriation for the building of a garage containing rooms for storage of tools and equipment and for a workshop. I also recommend an appropriation for the building of permanent roads in the Cemetery.

I also recommend that our regular force of men be increased by eight men, on account of men having died and being pensioned who have not been replaced, and as the area of the cemetery increases each year.

Respectfully submitted,

RALPH N. HAMILTON,  
*Superintendent.*

# ORDINANCES

Passed to be Ordained  
From January 1, 1935 to December 31, 1935

PRINTED UNDER THE DIRECTION OF THE CITY CLERK

## ORDINANCES

PASSED TO BE ORDAINED FROM JANUARY 1, 1935  
TO JANUARY 4, 1936

### AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Section 21 of Article VIII is hereby amended by adding at the end of said section the following: "from 6 a.m. to 6 p.m."

As amended the section will read as follows:

Section 21. No vehicle shall be permitted to park on Green Street between Brookline Street and Magazine Street from 6 a.m. to 6 p.m.

Passed to be ordained March 5, 1935.

Approved by the Mayor, March 9, 1935.

### AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Section 5 of Article VIII is hereby amended under the heading "In Vicinity of Central Square" by striking out the following sentences.

"Norfolk Street, from Massachusetts Avenue to Austin Street."

"Essex Street, from Massachusetts Avenue to Austin Street."

Article VIII is hereby amended by striking out the following:

"No vehicle shall be permitted to park on Essex Street, both sides, between Massachusetts Avenue and Austin Street."

and substituting in place thereof the following:

No vehicle shall be permitted to park on the westerly side of Essex Street, between Massachusetts Avenue and Austin Street. No vehicle shall be permitted to park on the easterly side of Essex Street, between Massachusetts Avenue and Whitney Court.

Section 32 of Article VIII is hereby amended by adding at the end thereof the following:

No vehicle shall be permitted to park on the westerly side of Norfolk Street, between Massachusetts Avenue and driveway into Central Square Theatre parking space.

As amended the section will read as follows:

Section 32. No vehicle shall be permitted to park on the easterly side of Norfolk Street, between Massachusetts Avenue and Austin Street between 8 a.m. and midnight. No vehicle shall be permitted to park on westerly side of Norfolk Street, between Massachusetts Avenue and driveway into Central Square Theatre parking space.

Section 2 of Article VII is hereby amended by striking out said section and substituting in place thereof the following:

Section 2. Vehicles shall stand only at the curb on the right of one-way streets, but vehicles may stop at the opposite curb to let off or take on passengers or to receive or deliver merchandise. This section is not applicable to the following streets:

On Gurney Street vehicles may stand at either curb.

On Hawthorn Street vehicles may stand at either curb.

On Dunster Street vehicles may stand at either curb.

On Pearl Street, between Massachusetts Avenue and Franklin Street, vehicles may stand at the curb on the left.

Section 34 of Article VIII is hereby amended by striking out said section and substituting in place thereof the following:

Section 34. No vehicle shall be permitted to park on the westerly side of Pearl Street, between Massachusetts Avenue and Auburn Street.

Section 12 of Article VIII is hereby amended by striking out said section and substituting in place thereof the following:

Section 12. No vehicle shall be permitted to park on Brookline Street, between Massachusetts Avenue and Green Street.

Passed to be ordained March 12, 1935.

Approved by the Mayor, March 16, 1935.

## AN ORDINANCE

Relative to the operation of radios, phonographs and loud speakers.

Be it ordained by the City Council of the City of Cambridge as follows:

Section 1. No person shall operate a radio, phonograph or loud speaker to the disturbance of the peace and comfort of the inhabitants of the city.

Section 2. Whoever violates any provision of this ordinance shall be punished by a fine not exceeding twenty dollars for each offense or said radio, phonograph or loud speaker may be confiscated.

Passed to be ordained March 19, 1935.

Approved by the Mayor, March 23, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled: "Regulation of Traffic."

Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by striking out the following section:

No vehicle shall be permitted to park on the northerly side of Norris Street.

Passed to be ordained, April 23, 1935.

Approved by the Mayor, April 27, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic."

Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by adding at the end the following new section:

No vehicle shall be permitted to park on the easterly side of Blanchard Road, between Concord Avenue and Grove Street.

Passed to be ordained June 4, 1935.

Approved by the Mayor, June 7, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Article V, Section 15 is hereby amended by including in the list of through streets the following:

Harvard Street between Quincy Square and Prospect Street.

Passed to be ordained, June 4, 1935.

Approved by the Mayor, June 7, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Section 6 of Article VIII is hereby amended by striking out said section and inserting in place thereof the following:

Section 6. No vehicle shall be permitted to park except parallel with the curb on Brattle Street between Brattle Square and Harvard Square; in Harvard Square; on Massachusetts Avenue between Church Street and Quincy Square; or on Boylston Street north of Mt. Auburn Street. No vehicle shall be permitted to park on Massachusetts Avenue, north side between Lafayette Square and Inman Street and the south side, between Lafayette Square and Pleasant Street except at an angle of twenty-five (25) degrees to the curb. No vehicle shall be permitted to park on Massachusetts Avenue between Lafayette Square and Albany Street except at an angle of forty-five (45) degrees to the curb. No vehicle shall be permitted to park except parallel with the curb in Central Square from No. 1 to the corner of Green Street.

Passed to be ordained, June 4, 1935.

Approved by the Mayor, June 7, 1935.

## AN ORDINANCE

Establishing Salaries of Members of the Fire Department,  
Be it ordained by the City Council of the City of Cambridge as follows:

The salaries for members of the Fire Department shall be fixed and established as follows, viz.:

Chief of Fire Department, \$4,500; deputy chiefs of Fire Department, \$3,500; captains, \$3,000; lieutenants, \$2,750; engine-men, \$2,482.50; assistant enginemen, \$2,432.50; privates, first twelve months service, \$1,782.50; privates, second twelve months service, \$1,982.50; privates, after two years service, \$2,190.

In City Council June 11, 1935.

Passed to be ordained.

WILLIAM D. HILLIS,  
*President Pro Tempore.*

The foregoing was presented to His Honor the Mayor on the twelfth day of June, 1935 and it was not returned by him within ten days from said date.

#### AN ORDINANCE

Establishing Salaries of Members of the Police Department.

Be it ordained by the City Council of the City of Cambridge as follows:

The salaries for members of the Police Department shall be fixed and established as follows, viz.:

Chief of Police Department, \$4,500; captains, \$3,000; lieutenants, \$2,750; sergeants, \$2,550; patrolmen, first twelve months service, \$1,782.50; patrolmen, second twelve months service, \$1,982.50; patrolmen, after two years service, \$2,190; police-women, first twelve months service, \$1,782.50; policewomen, second twelve months service, \$1,982.50; policewomen, after two years service, \$2,190.

In City Council, June 11, 1935.

Passed to be ordained.

WILLIAM D. HILLIS,  
*President Pro Tempore.*

The foregoing was presented to His Honor the Mayor on the twelfth day of June, 1935 and it was not returned by him within ten days from said date.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Section 6 of Article VIII as amended to June 4, 1935 is hereby further amended by striking out, in the fifteenth line, the following, "twenty-five (25) degrees" and inserting in place thereof the following: "forty-five (45) degrees," so as to read as follows:

Section 6. No vehicle shall be permitted to park except parallel with the curb on Brattle Street between Brattle Square and Harvard Square; in Harvard Square; on Massachusetts Avenue between Church Street and Quincy Square; or on Boylston Street north of Mt. Auburn Street. No vehicle shall be permitted to park on Massachusetts Avenue, north side between Lafayette Square and Inman Street and the south side, between Lafayette Square and Pleasant Street except at an angle of forty-five (45) degrees to the curb. No vehicle shall be permitted to park on Massachusetts Avenue between Lafayette Square and Albany Street except at an angle of forty-five (45) degrees to the curb. No vehicle shall be permitted to park except parallel with the curb in Central Square from No. 1 to the corner of Green Street.

Passed to be ordained September 10, 1935.

Approved by the Mayor, September 12, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Section 1 of Article VII is hereby amended by including in the list of one-way streets the following:

Whittemore Avenue from Harrison Avenue to Alewife Brook Boulevard, in a westerly direction.

Passed to be ordained September 24, 1935.

Approved by the Mayor, September 26, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Section 1 of Article VII is hereby amended by including in the list of one-way streets the following:

Lopez Street, from Pearl Street to Brookline Street, in an easterly direction.

Passed to be ordained, October 22, 1935.

Approved by the Mayor, October 24, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by adding at the end thereof the following new section:

No vehicle shall be permitted to park on the northwesterly side of River Street, between Franklin Street and Auburn Street.

Passed to be ordained, October 22, 1935.

Approved by the Mayor, October 24, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic."  
Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by adding at the end the following sections:

No vehicle shall be permitted to park on the easterly side of Brookline Street from Granite Street to Memorial Drive.

No vehicle shall be permitted to park on the westerly side of Brookline Street from Henry Street to Granite Street.

No vehicle shall be permitted to park on the northerly side of Granite Street.

Passed to be ordained, November 12, 1935.

Approved by the Mayor, November 14, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by adding at the end the following new section:

No vehicle shall be permitted to park on the northerly side of Tudor Street between Sidney Street and a point approximately two hundred feet westerly of Sidney Street.

Passed to be ordained, November 12, 1935.

Approved by the Mayor, November 14, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by striking out the following: "No vehicle shall be permitted to park on the easterly side of Garden Street from Shepard Street to a point opposite Bond Street," and substituting in place thereof the following: "No vehicle shall be permitted to park on the easterly side of Garden Street between Shepard Street and a point approximately two hundred and fifty feet northerly of Shepard Street."

Passed to be ordained, December 3, 1935.

Approved by the Mayor, December 5, 1935.

## AN ORDINANCE

In amendment to an Ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Section 1 of Article VII is hereby amended by including in the list of one-way streets the following:

Lake View Avenue, from Huron Avenue to Vassal Lane, in a northerly direction.

Passed to be ordained, December 10, 1935.

Approved by the Mayor, December 12, 1935.

## AN ORDINANCE

In amendment to an ordinance entitled "City Physician."

Be it ordained by the City Council of the City of Cambridge as follows:

Section 4 of Chapter 50 of the Revised Ordinances of 1892, as amended to November 8, 1899 is hereby further amended by striking out said section and inserting in place thereof the following:

Section 4. The city physician shall employ two assistants who shall assist him in the performance of his duty and in all cases the city physician shall be responsible for the conduct of such assistants. Each assistant shall be paid for such time as he is called upon by the city physician to serve the City on the basis of a salary of \$1200 per year

In City Council, December 3, 1935.

Passed to be ordained.

JOHN W. LYONS,  
*President Executive Department.*

December 5, 1935.

Vetoed.

RICHARD M. RUSSELL, *Mayor.*

In City Council December 26, 1935.

Passed to be ordained over veto.

JOHN W. LYONS, *President.*

A true copy,

Attest:

FREDERICK H. BURKE,  
*City Clerk.*

## AN ORDINANCE

In amendment to an ordinance entitled "Construction, Use, Maintenance and Inspection of Buildings."

Be it ordained by the City Council of the City of Cambridge as follows:

The Zone Map accompanying ordinance adopted December 31, 1923 and approved January 7, 1924, entitled, "Construction,

Use, Maintenance and Inspection of Buildings," is hereby amended by establishing new lines and striking out the designations R-2 and R-3 as shown on said Zone Map and substituting in place thereof new lines and the designation B-2 in so far as the said zone map relates to the following described parcel of land:

Westerly by Memorial Drive, one hundred thirty-one and 79/100 (131.79) feet;

Northerly by land now or formerly of Agnes Maguire two hundred forty-one and 38/100 (241.38) feet;

Easterly by Riverside Road as shown on plan hereinafter mentioned, one hundred seven and 7/100 (107.07) feet;

Southerly by land now or formerly of Sidney Hoffman, two hundred forty-two and 29/100 (242.29) feet; containing twenty-eight thousand nine hundred ninety-seven (28,997) square feet, more or less, and being shown as Lot C on Plan of Land in Cambridge, belonging to Henry T. Moulton, dated April 8, 1929, recorded with Middlesex South District Deeds, Book 5343, Page 214, a copy of said plan having been filed with the petition.

The above described parcel of land is shown on Assessors' Block Plan No. 100, Lot No. 64 on file in the office of the Assessors of Cambridge, Mass.

Passed to be ordained, January 2, 1936.

Approved by the Mayor, January 3, 1936.

### AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended by adding at the end thereof the following new section:

No vehicle shall be permitted to park on the easterly side of Carleton Street, from Main Street for a distance of ninety (90) feet southerly.

Passed to be ordained, January 2, 1936.

Approved by the Mayor, January 4, 1936.

## AN ORDINANCE

In amendment to an ordinance entitled "Regulation of Traffic." Be it ordained by the City Council of the City of Cambridge as follows:

Article VIII is hereby amended in Section 5 by striking out the words "Carleton Street, from Main Street to Amherst Street, on the easterly side" and inserting in place thereof the words "Carleton Street, easterly side, from a point ninety (90) feet southerly from Main Street to Amherst Street."

As amended the section will read as follows:

Section 5. Between midnight and 11 a.m. no vehicle shall be permitted to park for more than one hour in the following streets: In vicinity of Kendall Square: Wadsworth Street, from Main Street to Amherst Street. Hayward Street, from Main Street to Amherst Street. Carleton Street, easterly side, from a point ninety (90) feet southerly from Main Street to Amherst Street. Ames Street, from Main Street to Amherst Street. Broadway, from Third Street to Sixth Street.

Passed to be ordained, January 2, 1936.

Approved by the Mayor, January 4, 1936.

\*Collections include amounts previously due.

CONSUMPTION OF WATER

	Gallons
The total pumpage of water for the year ending December 31, 1934	4,462,657,100
The total pumpage of water for the year ending December 31, 1935	4,404,093,100
Decrease.....	58,564,000
The daily average pumping during 1934.....	12,226,457
The daily average pumping during 1935.....	12,066,008
Decrease.....	160,449
The daily average per capita consumption was.....	96.5

METERS

Ninety-nine per cent of our supplies are metered, as follows:

*Domestic and industrial services.....	13,619
Public buildings and city services.....	79
Fire supplies.....	66

Total meters in use..... 13,764

Since July 25, 1931, all new buildings have been metered.

\* No charge is made to the city for water for any purpose.

## RESERVOIRS

In Fresh Pond Reservoir the elevation of the water is 17.37. The lowest elevation noted in this basin during 1935 was 11.04 on October 29.

In Stony Brook Reservoir the elevation of the water is 76.70. The lowest elevation noted in this basin during 1935 was 69.45 on August 11.

In Hobbs Brook Reservoir the elevation of the water is 182.41. The lowest elevation noted in this basin during 1935 was 174.07 on both December 19 and 20.

The overflow from Stony Brook into Charles River during the year was 3,054,610,000 gallons.

# REPORT OF THE GENERAL SUPERINTENDENT OF THE CAMBRIDGE WATER WORKS

Cambridge, Mass., December 31, 1935.

*To the Honorable Water Board:*

The report of the General Superintendent for the year ending December 31, 1935, is respectfully submitted:

The financial reports are compiled from figures submitted by the clerical department.

Amount of bills uncollected December 31, 1934:

Water rates, schedule.....	\$8,303 55	
Water rates, meters.....	65,250 62	
New supplies.....	870 78	
Supplies renewed.....	7,518 19	
Maintenance, general.....	3,776 00	
Maintenance, setting meters.....	263 45	
Maintenance, cleaning supplies.....	535 00	
Off and on.....	108 00	
Seals.....	7 75	
Rents.....	36 00	
		<hr/>
		\$86,669 34

Amount of bills committed to City Treasurer for collection from January 1, 1935 to December 31, 1935:

Water rates, schedule.....	\$2,796 00	
Water rates, meters.....	464,686 93	
New supplies.....	1,868 85	
Supplies renewed.....	4,689 94	
Maintenance, general.....	2,433 55	
Maintenance, setting meters.....	.....	
Maintenance, cleaning supplies.....	380 00	
Off and on.....	178 00	
Seals.....	50	
Rents.....	1,193 90	
		<hr/>
		\$478,227 67

There have been collected:

Water rates, schedule.....	\$4,054 70	
Water rates, meters.....	450,892 07	
New supplies.....	1,815 60	
Supplies renewed.....	5,575 40	
Maintenance, general.....	2,420 43	
Maintenance, setting meters.....	62 17	
Maintenance, cleaning supplies.....	430 00	
Off and on.....	161 00	
Seals.....	50	
Rents.....	1,125 90	
		<hr/>
		\$466,537 77

There remains uncollected December 31, 1935:

Water rates, schedule.....	\$6,105 55	
Water rates, meters.....	79,090 59	
New supplies.....	924 03	
Supplies renewed.....	6,571 33	
Maintenance, general.....	3,706 46	
Maintenance setting meters.....	193 88	
Maintenance, cleaning supplies.....	470 00	
Off and on.....	123 00	
Seals.....	7 75	
Rents.....	104 00	
	<hr/>	\$97,296 59

EXPENDITURES

Maintenance:

General Account.....	\$298,444 39	
Pumping Account.....	49,809 74	
Reservoirs Account.....	41,857 67	
Filtration Account.....	47,660 78	
	<hr/>	\$437,772 58

(Serial loans, \$61,500, and interest, \$50,835, are included in General Maintenance Account)

Expended from Special appropriations, not included above:

- \$781 75 — F1 General Maintenance, setting meters
- 2,280 20 — F6 General Maintenance, pressure survey
- 1,330 50 — F1 Pumping boilers
- 7,500 00 — F1 Filtration, plans and specifications for new sedimentation basin
- 1,536 72 — F2 Reservoirs, Hobbs Brook fence
- 846 12 — F5 Maintenance, Concord Avenue fence

---

\$14,275 29

The surplus receipts for the year, retained in the City Treasury, to the credit of the Water Department, as required by law, amount to \$63,486 11

Abatements	\$1,278 76
Refunds	1,361 55

## PUMPING STATISTICS

From January 1, 1935 to December 31, 1935

1. Builders of pumping machinery: one Leavitt engine of 20,000,000 gallons capacity per twenty-four hours, built by Groshon High Duty Pumping Engine Company; one Worthington Cross Compound engine of 20,000,000 gallons capacity per twenty-four hours; and two Worthington Compound Duplex engines of 5,000,000 gallons capacity, each, per twenty-four hours. Total capacity, 50,000,000 gallons per twenty-four hours.
2. Description of fuel: kind, bituminous. Brand and price of coal, Beacon New River Full Mine Run at \$6.26 per gross ton.
3. Coal consumed for year, 5,497,000 pounds. Daily average coal consumed, 15,060 pounds. Coal per million gallons pumped, 1,248 pounds. Total pumpage for year with four per cent allowance for slip, 4,404,093,100 gallons. Daily average pumpage, 12,066,008 gallons.
4. Average static head against which the pump works, 162.76.
5. Average dynamic head against which the Worthington pump works, 190.
6. Duty of Worthington Cross Compound engine which pumped 100 per cent of the water, 126,660,000.
7. Cost of pumping figured on pumping expenses, \$49,809.74.
8. Cost per million gallons pumped, \$11.30.
9. Cost per million gallons raised one foot (dynamic), \$0.0611.  
Total population, census of 1925, 119,667 (corrected).  
Estimated population supplied on lines of pipes, 125,000.

## SUMMARY OF STATISTICS

In form recommended by the New England Water Works Association

### CAMBRIDGE WATER WORKS Cambridge, Middlesex County, Massachusetts

#### GENERAL STATISTICS

Population by census 1920, 109,456; 1925, 119,667.

Estimated population December 31, 1934, 125,000.

"Cambridge Water Works Corporation" was chartered in 1852 and organized in 1853.

The works were constructed in 1855, Mr. John Blake, consulting engineer, and came into possession of the city by purchase in 1865, when they were called "Cambridge Water Works."

The original source of supply was Fresh Pond in Cambridge and Belmont, which was enlarged by connection via conduit with Wellington Brook and Spy Pond, Arlington. The waters of these additional sources were adjudged unfit for domestic use in 1880 and since that time have not been utilized for a supply in Cambridge.

In 1887 Fresh Pond was augmented by a storage reservoir which had been constructed on Stony Brook, located in Weston and Waltham. The waters from this brook are brought to Cambridge by a conduit, originally a thirty-inch cast-iron pipe, which was laid through Waltham and Watertown to Fresh Pond Reservoir. This extension of the works was made under the direction of Mr. Henry N. Crafts, as consulting engineer, and our City Engineer, Mr. W. S. Barbour.

The population of the city was about 60,000 in 1887.

In 1897, an additional provision was made for storing water by the construction of two large reservoirs artificially formed by constructing two dams across Hobbs Brook, which is a tributary of Stony Brook, and flows through Lexington and Lincoln. Payson Park Distributing Reservoir also was completed in 1897. Consulting engineers, Mr. A. Fteley and Messrs. Rice and Evans, and our City Engineer, Mr. L. M. Hastings, directed the construction of these reservoirs.

The population was about 87,500 in 1897.

In 1905 and 1906, two sections of the Stony Brook pipe line were rebuilt; the new conduit was made of concrete, sixty-three inches in diameter. Another part was rebuilt in 1908, when a new thirty-inch main of cast iron was laid to replace 1,500 feet of old thirty-inch line which has been abandoned. The consulting engineer for the concrete conduit was Mr. Freeman C. Coffin, assisted by our City Engineer, Mr. L. M. Hastings. The new thirty-inch main was laid under the supervision of the Water Works Superintendent, Mr. E. C. Brooks.

The conduit is constructed as follows:

From Fresh Pond to beyond Holmes Street . . . . .	1,024 feet of 63-inch concrete
From Holmes Street to beyond Holworthy Place . . . .	470 feet of 42-inch cast iron
From Holworthy Place to River Street, Waltham . . .	25,867 feet of 63-inch concrete
From River Street to Waltham Pumping Station . . .	8,710 feet of 30-inch cast iron
From Waltham Pumping Station to gate house at dam	5,003 feet of 36-inch cast iron
From River Street to the } . . . . . {	6,662 feet of 36-inch steel
36-inch under the dam } . . . . . {	6,061 feet of 36-inch cast iron
<hr/>	
53,797 feet	

This 36-inch conduit is connected to the 63-inch; it was finished in 1932 and the water was turned into it on September 24, 1932.

There are also 747 feet of 30-inch under the dam at Stony Brook Reservoir.

In 1928 the efficiency of this conduit was increased by cleaning the 36-inch and 30-inch cast iron main from the Stony Brook dam to River Street. The capacity is now estimated at 16,000,000 gallons daily.

Mode of supply: gravity from Hobbs Brook and Stony Brook storage reservoirs to Fresh Pond Filtration Plant; thence by pumping, through the 40-inch steel pumping main to Payson Park distributing reservoir; thence by gravity to consumers through the 40-inch steel distributing main. The Leavitt engine, built in 1897, of 20,000,000 capacity is connected with these steel mains. The Cross Compound Worthington engine of 20,000,000 gallons capacity is also connected to the steel mains.

In case of necessity, the water can be pumped direct from the pumping station through the 30-inch and 24-inch cast iron pumping mains into the 40-inch steel distributing main.

The length of this 40-inch steel pumping main from the Pumping Station to Payson Park Reservoir is 8,392 feet and

from Payson Park Reservoir the 40-inch steel distributing main to the Cambridge Common is 14,924 feet; total, 23,316 feet.

In December, 1927, the work on the leak, which had existed for over twenty years in Payson Park Reservoir, was completed.

The Purification Plant was officially in operation June 28, 1923.

In 1932, six new filter beds and housings for same were added, making a total of sixteen beds and facilities for filtering 24,000,000 gallons of water daily. The housings and installations of two 7½ million gallons pumping units were also installed to connect Fresh Pond with the Plant through two 36-inch steel mains.

### METHOD OF PURIFYING CAMBRIDGE WATER

The water formerly flowing into Fresh Pond from Stony Brook is now diverted through a 42-inch pipe and enters the sedimentation basin (which has a capacity of 1,500,000 gallons). Here the chemical treatment of alum takes place. The water then flows to the filter beds, and passes through three feet of graduated sand and gravel, where all suspended matter, caused by coagulation after chemical treatment, is removed. The water then passes over ripple plates in an aerator, where all gases, tastes and odors are removed. Lime is then added to restore alkalinity. Finally, before the water enters the clear water basin, chlorine is added to destroy any remaining germs.

From the clear water basin, which has a capacity of 4,000,000 gallons, the water is pumped to Payson Park Reservoir for distribution to the consumers, by gravity.

In the event of insufficient flow from Stony Brook, a low lift pump room has been constructed, and provision has been made to pump the water, when necessary, from Fresh Pond direct to the sedimentation basin, through a unit of high speed centrifugal pumps. Of these, one is 10,000,000, two are 6,000,000 each, and one is of 4,000,000 gallons capacity, and are sufficient to care for any emergency that may arise.

The Plant has a capacity of filtering 24,000,000 gallons per day.

In 1930, an additional supply was laid to the Purification Works to meet any emergency that might arise, should the 40-inch steel mains be out of commission. An 8-inch main was laid from Poplar Road, thence under the Boston & Maine tracks, and

to the Purification Plant, which now may be fed under all conditions.

An additional sedimentation basin for our Purification Plant has been asked for by the Planning Commission and is being considered by the Water Board.

The pumpage for the year ending December 31, 1935, was 4,404,093,100 gallons.

The storage capacity, figured at high elevations in the reservoirs, is:

Hobbs Brook (elevation 183.25) . . . . .	3,181,000,000 gallons
Stony Brook (elevation 83.00) . . . . .	402,000,000 gallons
Fresh Pond (elevation 16.85) . . . . .	700,000,000 gallons
Payson Park (elevation 178.50) . . . . .	43,000,000 gallons
	<hr/> 4,326,000,000 gallons

STATISTICS RELATING TO DISTRIBUTING SYSTEM  
From January 1 to December 31, 1935

The forty-inch pumping main to and distributing main from Payson Park Distributing Reservoir are of steel.

The main pipes are of cast iron, in sizes from two inches to forty inches.

The two-inch and smaller sizes are of lead lined pipe.

Extensions during the year, 2,297½ feet. Renewals during the year, 5,892 feet.

Total now in use:

	Feet
2-inch . . . . .	9,123
3-inch . . . . .	1,400
4-inch . . . . .	67,221
6-inch . . . . .	400,926
8-inch . . . . .	105,861
10-inch . . . . .	34,821
12-inch . . . . .	97,944
16-inch . . . . .	15,892
20-inch . . . . .	25,177
24-inch . . . . .	23,275
30-inch . . . . .	12,257
40-inch . . . . .	550
	<hr/> 794,447 feet or 150.46 miles

Forty-inch steel main, 23,316 feet or 4.41 miles.

Leaks reported by inspectors while canvassing during 1935:

Wash basins . . . . .	214
Bathtubs . . . . .	271
Set tubs . . . . .	318
Kitchen faucets . . . . .	1,122
Water closets . . . . .	866

Total leaks reported by inspectors . . .	2,791
--	-------

Leaks reported at office and water yard by various people, other than inspectors:

Main pipes . . . . .	28
Gates . . . . .	14
Supplies . . . . .	208
Meter box . . . . .	1
Sewer drain . . . . .	1
Hydrants . . . . .	9
Fire supplies . . . . .	1
Drinking fountains . . . . .	1
Elevator supplies . . . . .	1
Cement pipe . . . . .	1

6-inch . . . . .	3
8-inch . . . . .	1
	<hr/>
Total . . . . .	38

Number of supplies now in use, 17,111.

Average length of services the past year, 40.68.

Average cost per supply includes large supplies up to 8-inch, \$46.86.

Average cost per supply (labor), \$48.66.

Number of meters added during the year, 52.

Total number of meters now in use, 13,830.

Percentage of services metered, now in use, 99 per cent.

The following large supplies were laid this year in sizes from 4-inch to 8-inch; three were for fire protection:

B. & S. Laundry, Deacon Street . . . . .	6-inch
Dewey & Almy Co., Harvey Street . . . . .	8-inch, fire
Sacred Heart Parish, 153 to 159 Thorndike Street . . . . .	6-inch, fire
Boston Regional Produce Co., Concord Avenue . . . . .	4-inch
W. F. Webster Cement Co., 222-224 Thorndike Street . . . . .	6-inch, fire

## FIRE SUPPLIES

Three "fire" supplies have been laid during the year. The following list contains the number of fire supplies in commission at this date (unmetered excepting where specified).

Since 1921, the decrease in the gallons overflow has been due to the raising of the elevation of the crests of the Stony and Hobbs Brooks waterways two feet, which provided for an additional storage for 48,000,000 gallons of water in Stony Brook and 489,000,000 gallons in Hobbs Brook that usually wasted into Charles River.

\*Previous to 1908—Fiscal year ended November 30.

§ Fiscal year changed to December 31, 1931.

†Overflow from December 1, 1908, to March 31, 1909.

¶ January 1 to December 31.

‡Fiscal year ended March 31.

The sanitary survey of that territory in Waltham, Weston, Lincoln and Lexington which drains into Hobbs Brook Reservoir has been practically completed. The findings of the engineers on this survey have been placed on maps, with each parcel separately identified, and also a complete card system numbering 1,255 cards and containing all available information regarding sanitary conditions on all possible sources of pollution, which is on file at the Water Office and will become a permanent record.

Plans and specifications of the proposed new sedimentation basin have been completed by Mr. Chester M. Everett, and the Board requested an appropriation sufficient to construct said basin as a P.W.A. project, but owing to the failure to provide sufficient funds for said work the Board was unable to proceed during the current year. It is hoped, however, that this work will be started in 1936, so that pressure on existing sedimentation basin will be relieved, thus making the operation of the filter beds much more efficient.

The Board requested bids for alterations and repairs to roof structure on boiler house at pumping station, Fresh Pond, but were unable to proceed with the work during the current year. It is hoped, however, that repairs and alterations will be completed during the year 1936.

All property owned by the Water Board has been or is being completely renovated. The interior of the pumping station has been refinished as an E.R.A. proposition, the Water Department furnishing the material, the labor being furnished as an E.R.A. project.

At Stony Brook, one new 36-inch gate and one new 30-inch gate, controlling the main supply of water from Reservoir to Purification Works, have been installed.

In August, contract was entered into with the Pitometer Company covering twenty-four-hour measurements of flows at all critical points on mains 16-inch in diameter and over, together with "loss of head" tests and measurements on all 12-inch mains or larger, branching from trunk lines. The report concludes by stating, "In general, the system is amply fortified with trunk and feeder mains to give satisfactory fire protection, and the trunk system should be sufficient to provide service with a considerable increase in consumption."

As a result of this survey, the Pitometer Company engineers

recommended that to remedy deficiency in certain areas, the following mains and connections should be installed:

- 12-inch main on Brattle Street from Fayerweather Street to Aberdeen Avenue with connections to the mains on each intersecting street.
- 12-inch main on Lexington Avenue from the 40-inch main on Huron Avenue to the proposed 12-inch main on Brattle Street and connecting to the 6-inch main on Huron Avenue, and to the 6-inch main on Lexington Avenue at a point approximately 600 feet south of Huron Avenue.
- 8-inch main on Larch Road from the 8-inch main on Fresh Pond Parkway to the 8-inch main on Brattle Street.
- 12-inch connection from the 40-inch main on Huron Avenue at Aberdeen Avenue to the 8-inch main on Huron Avenue.
- 12-inch main on Cushing Street from the present 12-inch connection to the 40-inch Huron Avenue main, to Locust Street, thence on Locust to Holworthy Street, thence on Holworthy Street to connect with the 12-inch main crossing the Stony Brook conduit at Belmont Street. Connections should be made from this proposed main to the smaller existing mains at Locust and Cushing Streets, Holworthy and Locust, Holworthy and Park.
- 8-inch main on Spruce Street from the proposed 12-inch on Holworthy Street to Cushing Street with a connection from this main to the 8-inch main on Holworthy Street at Spruce Street.

Due to the low coefficients and consequent loss of main capacity, the engineers recommended that the following mains be cleaned:

- 40-inch Main from Huron and Chilton to Sparks and Brattle streets.
- 30-inch Main from Huron and Chilton to Reservoir and Highland streets.
- 24-inch Main from Reservoir and Highland to Brattle and Sparks streets.
- 24-20-inch Main from Craigie and Sparks to Common at Massachusetts Avenue.
- 20-inch Main on Cambridge Street from Ninth to Third streets.
- 20-24-inch Main from Massachusetts Avenue at Common to Putnam and Green streets.
- 16-inch Main on Putnam Avenue from Green to Waverly streets.
- 20-inch Main on Green and State streets from Putnam Avenue to Main Street.

The Board is planning to comply with these recommendations as far as it is feasible to do so.

The Pitometer Company also recommended that direct pumping into the system would be more efficient, adding approximately five pounds per square inch pressure head.

The following pipe has been laid during the year, either as a C.W.A. or E.R.A. project, the city furnishing all material and supervision, while the Federal Government furnished all labor:

<i>Location</i>	<i>Feet</i>	<i>Size of Pipe Inches</i>
Ames Street near corner of Amherst Street.....	{ 83	8
	{ 83	6
Avon Place.....	187	6
Burns Court.....	228	6

8-inch.....	1,734 feet	
6-inch.....	5,690 feet	
4-inch.....	140 feet	
Total.....	7,979 feet	

Considerable work has been done through W.P.A. projects at the Hobbs Brook area, where approximately six miles of fence have been rebuilt, and forty thousand additional spruce trees planted at different locations.

New gates to replace old and defective gates have been installed on the Massachusetts Avenue, Broadway and Cambridge Street lines, adjacent to Cambridge Common, and a new gate has been installed on main line at Huron Avenue near Chilton Street.

All gates throughout the city and all hydrants throughout the city have been inspected and put in working order, particular attention being paid to main gates, which have been overhauled and all left in perfect working condition.

His Honor, the Mayor, reappointed Henry L. Skelley as a member of the Water Board, term expiring June 30, 1936; Howard M. Turner, term expiring June 30, 1937; Dr. George F. McInnes, term expiring June 30, 1939; and appointed Thomas H. O'Hara for term expiring June 30, 1938 (to take the place of Daniel Cronin, deceased); and Timothy F. McCarthy for term expiring June 30, 1940.

DR. GEORGE F. McINNES, *Chairman*,  
HENRY L. SKELLEY,  
HOWARD M. TURNER,  
THOMAS H. O'HARA,  
TIMOTHY F. McCARTHY,  
*Cambridge Water Board.*

Daniel Cronin, whose death occurred in March, 1935, was appointed a member of the Water Board by Mayor Russell on September 10, 1934, and served with distinction up to the time of his demise. He was a man of sound judgment, and his advice was eagerly sought on all problems affecting the department. His untimely passing away was deeply regretted by his associates, and the Board has caused to be transcribed upon the official records their deep appreciation of his services rendered.

Mary A. Bermingham, a clerk in the department since 1909, was pensioned in August, 1935, and died in October, 1935. Thomas Watson, employed since 1916, was pensioned in March, 1935. Michael Walsh, employed since 1908, was pensioned in July, 1935. Frank Desautelle, employed since 1911, was pensioned in November, 1935, and died in December, 1935. James O'Brien, employed since 1911, was pensioned January, 1927, and died in December, 1935. Cornelius Shea, employed since 1892, was pensioned in November, 1925, and died in July, 1935.

TIMOTHY W. GOOD,  
*General Superintendent.*

## REPORT OF THE BOARD OF HEALTH

Cambridge, January 31, 1936.

*To the Honorable City Council:*

Submitting herewith the fifty-ninth annual report of the Board of Health of the City of Cambridge for the year ending December 31, 1935.

The personnel of the Department, receipts and disbursements, and summaries of divisional reports, including statistics, are shown in detail. During the year, the Board of Health held twenty-six meetings, at twelve of which public hearings were given.

During the year, the Department lost the services of Dr. William H. Clancy, who served as School Physician from 1903 until September, 1935, when he retired, just previous to his death; Dr. John J. Murphy, who served as School Physician from 1920 until his death July 8, 1935; Michael T. Walsh, who was retired May 15, 1935, after having served as Sanitary Inspector since January, 1919.

Joseph H. Sampson and Daniel J. Murphy were added to the staff of Sanitary Inspectors to fill the vacancies caused by the deaths of Inspectors Murphy and Nugent some time ago.

During the year an ERA Public Health Nurse Project was requested and obtained which provided for a Typhoid Carrier Survey, involving the study of the 283 persons reported to this Department as ill with typhoid fever during the twenty years 1915 to 1935. Sixty-nine (69) of these persons were located, contacted, and specimens of their feces and urine obtained and examined; all these examinations were negative. A request was made, also, for an ERA Public Health Nurse Project to make a pre-natal care study of all infant deaths under one month of age during the past three years.

In October and November, co-operating in the now annual State Tuberculosis Prevention and Control Program, we tuberculin-tested, X-rayed, and completed physical examination of the school children in seventh, ninth, eleventh grades (public and parochial schools, excepting St. Mary's Schools) with the following results:

Of the 4,544 students enrolled, nurses obtained consent from the parents of 2,293 (50 per cent), of whom 2,172 were given the tuberculin test (47.3 per cent). Of these, 391 gave a positive reaction (showing infection), of whom 120 were Rindge Technical (High) School students (26.9 per cent positive); 139 High and Latin students (21.6 per cent positive); 8 St. John's High School students (11 per cent positive); 104 public grade school students (14.4 per cent positive); and 20 parochial grade school students (7 per cent positive). All were X-rayed, resulting in the following diagnoses:

Two (2) adult-type suspects.

One (1) childhood-type tuberculosis.

Thirty-eight (38) suspicious or under observation. Of those tested, fifty-one (51) per cent of children giving a history of contact had positive reaction compared with only sixteen (16) per cent reactors of those classified as "no contact." Three (3) per cent of the contact reactors were diagnosed as adult-type suspects, compared with .005 per cent of "no contact" reactors. Twenty-five (25) per cent of the contact reactors were diagnosed as suspicious (observation), compared with nine (9) per cent of "no contact" reactors.

It was rather distressing to find a falling-off in the number of children examined in the Clinic. We feel very strongly that we are not going to succeed to any great extent in the control of Tuberculosis unless we can educate the parents to take advantage of these examinations. Consent for this examination should be obtained from 85 to 90 per cent of the parents, whereas this year but 50 per cent consented and a somewhat lower percentage actually tested.

The compilation of vital statistics for the past year reveals we had 1,426 deaths, with a general death rate of 12.03 per 1,000 population, as compared to 11.67 in 1934. The death rate of Cambridge residents, including our residents who died outside our city, was 11.63, as compared with 11.54 in 1934. The birth rate for 1935 was 19.01, while in 1934 it was 19.61 and in 1930, 22.87.

Our infant mortality rate was 55 per 1,000 live births, due to 125 deaths of infants under one year of age (excluding stillbirths, 57), as compared with 45.6 in 1934 due to 105 deaths (excluding 84 stillbirths). Our 1934 infant mortality rate was the lowest in

the history of our city. In 1900, our rate was 123 per 1,000 live births.

Our maternal mortality rate in 1935 was 8.4 per 1,000 live births, while in 1934 it was 5.31 and in 1930, only 4.22.

The major causes of death in 1935 were as follows: heart, 272; cancer, 185; pneumonia, 166; cerebral hemorrhage, 147; arteriosclerosis, 118; pulmonary tuberculosis, 56; and chronic nephritis, 49. Heart disease continues to lead as a cause of death, with cancer continuing in second place, and pneumonia, cerebral hemorrhage, arteriosclerosis, and pulmonary tuberculosis following in that order. These seven leading causes total 993 deaths, or 69 per cent of all deaths in 1935. Thirty-three plus per cent of all deaths in 1935 were of persons seventy years of age and over, while in 1932 they totaled only 28.5 per cent. We had 24 automobile deaths, 7 of which were non-resident accidents; in 1934 there were 30 automobile deaths.

Two hundred more cases of communicable disease were reported or detected in 1935 than in 1934, with a decrease in diphtheria, scarlet fever, typhoid fever, measles, whooping cough, mumps and pulmonary tuberculosis. There was a marked increase in infantile paralysis, German measles, animal bites, and other forms of tuberculosis, and a slight increase in cerebrospinal meningitis, septic sore throat, lobar pneumonia and chicken pox.

It is noteworthy that there were only two (2) cases of diphtheria reported, with no deaths (in 1935), as compared with ninety (90) cases and five (5) deaths in 1930, and that we had but one (1) case of typhoid fever, which marks a new low record in our consistently low typhoid rate for the past twenty years. Our previous low mark in typhoid morbidity was four (4) cases in 1932. While our objective, set in 1930, of "no diphtheria by 1935" was not attained completely, it is within grasp and with the facilities and service available there is every indication that diphtheria, now as scarce as typhoid fever in our city, will soon be classed with smallpox and other diseases which have yielded to scientific eradication.

During 1935, at our Tuberculosis Hospital, there was an average of 83 patients per day, with a total of 30,305 patient days, at a total operating cost of \$64,085.13, or \$2.11 per patient per day, as compared with 90 patients per day at a per capita cost of \$1.97 in 1934 and 85 patients per day at a per capita cost of \$1.92

in 1933. Our revenue for the care of persons in the Tuberculosis Hospital for 1935 was \$18,778.08, notwithstanding state subsidy was discontinued in 1932 because the hospital does not meet the minimum requirements of the State Department of Public Health. The referendum vote by the people on the proposed legislation to sell our local hospital to Middlesex County and that Cambridge be included in the Middlesex Tuberculosis Sanatorium district was opposed to selling our hospital. This vote is interpreted as an expression of the voters that Cambridge should not only maintain its own local sanatorium, but it should be brought up to and maintained at the standard of a first class sanatorium.

It is expected and hoped that provision will be made, possibly through a Federal Public Works appropriation, whereby such addition, renovation, and equipment will be provided to meet the physical requirements of a first-class sanatorium and that local funds will be made available to provide the additional personnel necessary to at least meet the state requirements. With these improvements, Cambridge should receive at least \$10,000 per year subsidy from the State, which will materially increase the annual revenue of the hospital. The public is most cordially invited to our hospital to see for themselves the improvements made during the past two years, principally as a result of federal ERA funds.

The Board of Health expresses its appreciation of the coöperation and assistance given by the several city officials, the official and unofficial welfare and health agencies, and all others who have contributed in maintaining the high standard of public health in Cambridge.

LEO T. MYLES, M.D.,  
JOHN J. HENDERSON,  
DAVID J. NELLIGAN.

VITAL STATISTICS

DEATH RATE PER 1,000 LIVING FOR ALL CAUSES  
POPULATION 118,518 JULY 1, 1935

1926	1927	1928	1929	1930	1931	1932	1933	1934	1935
12.15	11.26	11.83	11.19	11.86	11.93	12.09	12.23	11.67	12.03
11.95	11.04	11.43	10.89	11.20	11.04	11.30	11.70	11.54	11.63

The upper row gives the death rate of all deaths in Cambridge; that is, it includes the non-residents that died in the city, but excludes Cambridge residents who died outside the city. The lower row of rates includes Cambridge residents who died outside the city, and excludes non-residents who died in Cambridge.

The figures given for population are estimated by the method adopted by the Bureau of Census. The mean annual death rate for ten years, 1926 to 1935 inclusive, is 11.82. This includes non-residents who died in the city. The mean annual death rate, excluding non-residents, but including Cambridge residents who died outside the city, is 11.37.

Table A gives causes of deaths by ages, in accordance with the International Classification of Causes of Deaths, of those persons who died in Cambridge, and includes non-residents.

Table B gives number of cases reported, the morbidity per 100,000 living, death rate per 100,000 living, including residents who died outside the city, and death rate per 100 cases reported of diphtheria, scarlet fever and typhoid fever for the years 1926 to 1935, inclusive.

Table C gives the death rates per 100,000 living for cancer, diarrheal diseases, whooping cough, heart disease, pneumonia, and tuberculosis, for the years 1926 to 1935, inclusive. In this table the upper part is that derived from the number of deaths of Cambridge residents who died within or without the city. Non-residents in Cambridge are excluded. The lower number is derived from the actual number of deaths in the city and includes non-residents but excludes Cambridge residents who died outside of Cambridge.

Table D gives the morbidity reports by weeks.

Table E gives the morbidity reports by month and by ward.

Table F gives morbidity distribution by diseases, sex, and age group.

Table G gives morbidity, population and area, by ward, for entire year.

Table H gives mortality (all causes) by month and by ward.

Table I gives diphtheria morbidity, by months, for a decade.

## DISEASES DANGEROUS TO THE PUBLIC HEALTH

### DIPHTHERIA

A still further reduction in the number of diphtheria cases was made this year. Only two (2) cases of this disease occurred in the city, one (1) of these was an adult over 50 years. This patient did not have clinical diphtheria, but had a positive culture. The morbidity rate of 1.67 is the lowest in the history of the city.

There has not been a death from diphtheria since May, 1933.

### SCARLET FEVER

There has been only a slight reduction in the number of cases of scarlet fever reported for the year 1935. In 1935 there were 202 cases reported, as against 216 for 1934. There were two (2) deaths.

### MEASLES

All during the year we had an epidemic of measles. German measles prevailed, and it was a very mild infection. There were no deaths from measles.

### TYPHOID FEVER

One (1) case of typhoid was reported during the year, with no deaths. The source of infection could not be traced.

### RABIES

During the year we had several rabid dogs reported.

In December, 1934, a young boy, a student at Rindge School, was bitten by a str y dog. He and his parents were urged that he have the anti-rabic treatment. They (parents) refused. In March, 1935, this boy came down with rabies and died within a few days.

### PULMONARY TUBERCULOSIS

There were 56 deaths from this disease in 1935, with a rate of 50.62. This is a slight increase over 1934, when the rate was 46.84. Ten years ago the rate was 71.3.

### AUTOMOBILE ACCIDENTS

Twenty-four (24) deaths resulted from automobile accidents, as against thirty (30) for the year 1934. Seven (7) of these deaths

were non-resident and were injured outside of Cambridge. The actual number of deaths from automobile accidents in Cambridge is seventeen (17). Of these seventeen (17), four (4) were non-residents.

## COMMUNICABLE DISEASE (CONTROL) NURSES

Old cases unreleased January 1, 1935.....	8	
New cases for isolation.....	98	
Cases released.....	98

Cases in isolation January 1, 1936.....		8

## SCHICK CLINICS

### (Diphtheria Immunization)

The following is a summary of the work done in the Schick Testing and Diphtheria Immunization Clinics for the year ending December 31, 1935:

Total number of persons at clinics.....	6,771
Total number of persons Schicked .....	1,365
Total number of persons read.....	1,256
Total number of persons finished (three doses of T.A.T. or Toxoid) .....	1,424
Total number of persons read first time.....	43
Positive.....	22
Negative.....	20
Pseudo.....	1
Total number of persons read — reSchicked.....	1,213
Positive.....	106
Negative.....	1,018
Pseudo.....	89
Total number of doses of Toxoid given.....	4,160
Total number of clinics held.....	368

Our numbers this year were much below that of last year. This was surprising in the face of much more work being done in the homes by the extra force of nurses supplied by the ERA. The summer clinics were very poorly attended, due in a large measure to the popular fear of infantile paralysis, many of the parents refusing to allow their children to go to any clinic.

The one redeeming feature was the relatively larger number of children under five years of age who were immunized.

The work of this division has been carried on as in former years with the addition of diphtheria prevention, Schick clinics being held with the Infant Welfare Clinics at the following places:

Haggerty School, Cushing Street . . . . .	Mondays,	2.30 p.m.–4.00 p.m.
Morse School, Brookline and Allston Streets . . . . .	Mondays,	2.30 p.m.–4.00 p.m.
Putnam School, Fourth and Otis Streets . . . . .	Tuesdays,	2.30 p.m.–4.00 p.m.
Sleeper School, Dudley Street . . . . .	Wednesday,	1.30 p.m.–4.00 p.m.
Neighborhood House, Moore and Harvard Streets	Wednesday,	1.30 p.m.–4.00 p.m.
Kelley School, Willow . . . . .	Thursday,	1.30 p.m.–4.00 p.m.
Houghton School, Putnam Avenue and Magee Street . . . . .	Friday,	2.30 p.m.–4.00 p.m.
Agassiz School, Sacramento and Oxford Streets . . .	Friday,	2.30 p.m.–4.00 p.m.

A detailed report of the work is submitted herewith; also the infant mortality rate for the past ten years, and mortality by age groups.

(Per 1,000 live births)

## TUBERCULOSIS DISPENSARY

Total number of physical examinations, 1,729. Of this number new cases were 399. Divided according to sex, they are as follows: males 198, females 201. The number of persons represented were 406.

The relative ages of new cases follow:

Under 15 years of age.....	201
Between 15 and 20 years of age.....	38
Between 20 and 30 years of age.....	54
Between 30 and 40 years of age.....	45
Between 40 and 50 years of age.....	38
Between 50 and 60 years of age.....	18
Between 60 and 70 years of age.....	5

Diagnosis of new cases:

Positive cases.....	70
Arrested cases.....	17
Suspicious cases.....	33
Negative cases.....	237
Deferred cases.....	63

(Seventeen arrested cases are classified as positive. Four deferred cases for 1934 report are also included in this group.)

The clinical forms of tuberculosis were classified as follows:

Pulmonary.....	58
Childhood.....	10
Elbow.....	1
Eye.....	1
Number of cases of tuberculosis originally diagnosed as such at the Dispensary.....	38

The ages, in decades, of the positive cases follow:

<i>Age</i>	<i>Number of Cases</i>
1 to 10 years	6
10 to 20 years	10
20 to 30 years	15
30 to 40 years	12
40 to 50 years	16
50 to 60 years	9
60 to 70 years	2

## TUBERCULOSIS HOSPITAL

(799 Concord Avenue, Overlooking Fresh Pond)

On January 1, 1936 there remained in the hospital from the previous years 82 patients. During the year we admitted 72, and readmitted 48, making a total of 202 patients treated in the year of 1935.

## RESIDENTS

Of the 82 patients remaining in the hospital January 1, 1935 from the previous years, 42 were patients of 1934; 14 of 1933; 2 of 1932; 1 of 1931; 4 of 1930; 1 of 1927; 2 of 1926; 1 of 1925; 1 of 1917; 2 of 1914.

1914. Two cases of chronic phthisis, still resident.

1917. One case of chronic phthisis, went home, quiescent.

1925. A case of chronic phthisis, discharged twice for infraction of rules readmitted and is still resident.

1926. Two cases of chronic phthisis, still resident.

1927. A case of chronic phthisis, readmitted and is still resident.

1928. A case of chronic phthisis, still resident.

1929. Five cases of chronic phthisis: two went to their homes, one was quiescent, one some improved, one sent home for infraction of rules, one readmitted and is still resident.

1930. Nine of 1930: one was transferred to Rutland State Hospital, one to Tewksbury State Hospital, one went to California, one to her home, improved; four are still resident, one died.

1931. Two cases of chronic phthisis; they both died.

1932. Two cases of chronic phthisis, are still resident.

1933. Fourteen cases of chronic phthisis: one went to the New England Sanatorium at Rutland, Mass. for rehabilitation work, two went to their homes, and were readmitted later in the year, one of these patients is at the Massachusetts General Hospital for a thoracoplasty operation, six are still resident, one went home non-tuberculous, three died.

1934. Forty-two cases of chronic phthisis: sixteen went to their homes, three were transferred, one to Middlesex County Hospital, one to Lowell Tuberculosis Hospital, nine died.

READMISSIONS

There were forty-two patients readmitted in the year of 1935. One, a case of 1908, was readmitted and went home against advice four months later; a case of 1925 discharged twice, for infraction of rules, was readmitted each time; a case of 1926 was readmitted, stayed four months, was discharged improved; a case of 1928 was readmitted and is still resident; three cases of 1929, two of these cases were discharged for infraction of rules, both were readmitted and are still resident, one went home to go to work; four cases of 1930, two are still resident, two were transferred to the Cambridge City Hospital, one died there, one had a phrenic nerve operation and was readmitted here a few days later; four of 1931 were readmitted and are still resident; a case of 1932 was readmitted, discharged for infraction of rules, readmitted and is still resident; 1933 five cases were readmitted, one died, four are still resident; eight cases of 1934 were transferred to Cambridge City Hospital, one for phrenic nerve operation, one for X-ray and observation, one was an asthmatic who went to his home, five were discharged, one was readmitted and died later in the year. 1935, seven cases were readmitted, two were transferred to the Cambridge City Hospital, one was delivered of a stillborn baby, she was returned here and died, one had a phrenic nerve operation, three went home against advice, were readmitted and are still resident.

NEW CASES

During the year we admitted seventy-two cases, as against eighty-one cases of last year.

STAGES

Of the seventy-two cases admitted, fifty-three were advanced cases, three non-tuberculous, one a tubercular spine, and bladder, two were asthmatic.

*Sex:* Forty-eight were males, twenty-one were females, as against forty-one males, twenty-four females of 1934.

Ages.....	1-10	10-20	20-30	30-40	40-50	50-60	60-70
Cases.....	0	6	31	12	16	5	2

*Social status:* married, forty-three; single, twenty-four; divorced, two; widowed, three.

Nativity: twenty were born in Cambridge, fifteen elsewhere in Massachusetts, seventeen elsewhere in the United States, twenty were foreign born.

Diabetes.....	3			Cardiac.....	1

### SOURCE

Fifty-four gave a history of one or more cases in the immediate family; one was a tuberculous kidney, of the remaining eighteen no source of contagion could be established.

### TRANSFERS

Thirty-one were transferred during the year of 1935; one went to Dr. Crane's Sanatorium at Rutland, Mass.; two to Tewksbury State Hospital, Tewksbury, Mass.; thirteen to the Cambridge City Hospital; one to the Massachusetts General Hospital for a thoracoplasty operation; one to Lakeville Sanatorium at Middleboro, Mass.; one to Rutland State Sanatorium at Rutland, Mass.; one to Middlesex County Sanatorium, Waltham, Mass.; one to the Veterans Hospital at Rutland Heights.

### SPUTA

Fifty-three were positive; nineteen were negative.

## RESULTS

Twenty-eight were discharged dead (13.8 per cent). Twenty-one went home against advice, twenty went home condition much improved, three were discharged condition the same.

## X-RAY

Fifty cases were sent to the Cambridge City Hospital for X-ray of the chest, eleven for X-ray and extraction of teeth.

## PNEUMOTHORAX TREATMENT

Thirty-five were given pneumothorax treatment, eleven of which were unsuccessful, three refused treatment, nine of these patients came from their homes for refills.

## PHRENICECTOMY

Seven had phrenic nerve operations.

## THORACOPLASTY

One had a thoracoplasty operation.

## OPERATIONS

One had a minor operation on his thumb, one tuberculosis of the spine, with abscess, which was opened and drained.

Eyes: five were sent to the eye clinic for examination of the eyes; two to the G. U. Clinic for treatment; one had ischio rectal abscess, which was treated in this hospital.

## SOCIAL WORKER

The report of the Social Worker for the year ending December 31, 1935 is as follows:

Visits made during the year.....	1,701
Settlement determined (as listed below).....	595
State cases.....	211
Cambridge cases.....	153
Other cities and towns.....	92
State sanatorium applications.....	66
Out-of-town notices.....	73
Bills investigated and approved for payment from out-of-town boards of health.....	121
Bills investigated and disapproved for reason that families were financially able to pay.....	15
Concerts provided at the Tuberculosis Hospital.....	32

The department is grateful to the several organizations, firms, and individuals for their continued contributions in a material way toward the comfort and pleasure of the patients at the Tuberculosis Hospital.

## SCHOOL MEDICAL INSPECTION

In the annual thorough physical examination at the opening of the fall session there were 23,317 physical examinations of the public and parochial school children. Of this number, 14,679 showed no defects.

Adequate facilities for the correction of tonsils and adenoids especially are still lacking. Of the 6,126 cases of tonsils and adenoids found and recommended removed, only 1,190 were corrected, while of the 10,812 cases of defective teeth but 3,846 were found corrected upon subsequent examination, of 149 orthopedic defects only 36 were corrected.

A more detailed report of the defects found, and corrections, will be found as a part of this report.

BACTERIOLOGIST AND INSPECTOR OF MILK

Report of laboratory examinations for year ending December 31, 1935. Number of examinations made were 7,539, divided as follows: seventeen hundred seventy specimens for diphtheria, pulmonary tuberculosis, typhoid fever, gonorrheal smears, urines, blood counts and other miscellaneous examinations.

Three thousand two hundred fifty-seven samples of milk were taken from dealers, stores, restaurants, schools and hospitals and tested chemically for butter fat content; thirteen samples from restaurants were found below standard. There were seven complaints against restaurant proprietors entered in court; fines amounting to \$40.00 were collected by the court. All bacteria counts made on pasteurized milk showed that 90.78 per cent of the samples were 25,000 or less; 5.49 per cent contained from 25,000 to 50,000 bacteria per c.c.; 2.04 per cent contained from 50,000 to 100,000; 1.69 per cent contained over 100,000 bacteria per c.c.

Three hundred ninety-two samples of cream from dealers were examined chemically and found up to standard.

One hundred sixteen samples of cream were examined bacteriologically, and three were found containing more than 500,000 bacteria per c.c.

Eighty-two samples of ice cream were examined chemically and found of good quality.

Twenty-two samples of butter were found satisfactory.

Twenty-five samples of vinegar were found to contain the right amount of acetic acid.

Thirty samples of Grade A milk were found to contain more bacteria than the standard for bacteria allows.

Three hundred fifty-six samples of milk from pasteurizing plants were examined during the year for bacteria.

Store inspections numbered 1,147 during the year. There were sixty-five notices sent out to proprietors of stores with unsanitary ice chests. Also unsanitary ice cream chests and ice cream dispensers were called to the attention of the store owners and the condition corrected.

Number of licenses issued during the year were as follows:

Dealers . . . . .	77	Oleomargarine . . . . .	197
Stores . . . . .	656	Pasteurizing plants . . . . .	3
Restaurants . . . . .	264	Ice cream plants . . . . .	17

Fees collected, \$1,365.

Five complaints on milk being contaminated were investigated during the year and corrected.

The bacterial standards were changed during the year by the State Department of Health as follows:

Market milk before pasteurizing changed from 750,000 to 400,000 bacteria per c.c.

Market milk pasteurized from 50,000 to 40,000.

Grade A milk before pasteurization from 250,000 to 100,000.

Grade A milk pasteurized not over 10,000 bacteria per c.c.

Certified milk pasteurized from 10,000 to 500.

Special milk raw not over fifty thousand.

Special milk pasteurized 5,000 bacteria per c.c.

Twenty-six dairy inspections were made during the year on supplies coming into the city in coöperation with the State Department of Agriculture.

## INSPECTION OF FOOD PROVISIONS AND SLAUGHTERING

The past year has been gratifying due to the coöperation shown by the merchants handling and dispensing food. The visits by the inspectors have been frequent and systematic, and although a few dealers have been slow to follow suggestions or requests we did not have to resort to court action to attain the desired conditions.

Persons engaged in the handling of fish have given but little trouble, the only problem being shelled fish, clams, oysters and scallops; but after an understanding between the owners or managers of these stores and the inspectors the trouble was quickly remedied.

The candy and ice cream plants are in very good shape and the conditions prevalent in these lines are very satisfactory.

The malt beverage and liquor dealers, and the dispensers of soft drinks have been under strict inspection as to facilities for hot water, proper washing of glasses and utensils, and toilet arrangements.

The bakeries, both wholesale and retail, demand constant attention, but we feel that the persons engaged in this business are sincere in their efforts to conform with regulations.

The covering of all food "eaten as is" is a very important matter, and we have given this a great deal of attention.

The calf slaughter houses and poultry slaughter houses are inspected during slaughtering periods, and due to the desire of the owners to abide by our regulations the conditions are very good. The following is a detailed report of foodstuffs condemned:

### MEATS CONDEMNED

Fat pork.....	128 pounds
Corned beef.....	307 pounds
Lamb.....	70 pounds
Sausage.....	156 pounds
Beef.....	223 pounds
Poultry.....	507 pounds
Fresh pork.....	296 pounds
Veal.....	83 pounds

### FISH CONDEMNED

Cod.....	235 pounds
Haddock.....	605 pounds
Halibut.....	98 pounds
Salmon.....	66 pounds
Flounders.....	47 pounds

Crabs.....	16 pounds
Lobsters.....	110 pounds
Smoked fish.....	97 pounds
Clams.....	12 gallons
Oysters.....	42 gallons
Scallops.....	13 gallons

FRUIT CONDEMNED

Strawberries.....	11 crates
Blueberries.....	26 quarts
Cantaloupes.....	6 crates
Watermelons.....	12 melons
Grapes.....	85 pounds

VEGETABLES CONDEMNED

Potatoes.....	215 pounds
Tomatoes.....	103 pounds
Cauliflowers.....	8 crates
Peppers.....	3 bushels
Cabbage.....	85 pounds
Cucumbers.....	308 pounds
Lettuce.....	9 bushels
Celery.....	4 boxes
Parsnips.....	1 bushel

MISCELLANEOUS PRODUCTS

Crackers.....	109 pounds
Cake.....	12 loaves
Bread.....	28 loaves
Raisins.....	18 pounds
Jams and jellies.....	43 pounds
Macaroni.....	12 pounds
Olives.....	2 gallons

Hogs.....	109	Hogs.....	7

HOUSING AND PLUMBING INSPECTOR

Gentlemen, I have the honor to submit to you my annual report for the year of 1935.

The class of tenements which needed to be brought up to the standard during the year have been the type from which the owner was able to collect little or no rent, and it was difficult to obtain the coöperation which would be given in normal times.

These conditions have been the cause of 56 houses being vacated, 20 have been torn down, 80 houses are still vacated and boarded up, 5 houses were put in living condition.

We have accomplished much during the year in the removal of water-closets from cellars and other damp and dark locations;

it is my aim to have all such places in locations with ample light and ventilation.

Have been working on lowlands and other breeding places of mosquitoes and other insects.

A number of complaints referred because of offensive odors, smoke, rat nuisance, overcrowding, and insufficient heat have been remedied.

The following is a more detailed report of activities:

Complaints received through office . . . . .	41
Complaints received outside office . . . . .	64
Complaints received — no cause . . . . .	4
Nuisances abated . . . . .	95
Nuisance abatement incomplete . . . . .	6
Original visits . . . . .	1,521
Subsequent visits . . . . .	1,862
Plumbing tests made . . . . .	17
New water-closets installed . . . . .	24
Houses vacated . . . . .	55
Stores vacated . . . . .	1
Families vacated . . . . .	14
Basements vacated . . . . .	3
Water-closets; natural light and ventilation . . . . .	11
Overcrowding remedied . . . . .	9
Unsanitary woodwork enclosing sinks removed . . . . .	11
Unsanitary floors underneath water-closets repaired . . . . .	8
Miscellaneous condition remedied including relocation of water-closets and natural ventilation of halls and bedrooms . . . . .	26
Patients removed to hospital . . . . .	4
Thirty-two patients from Tuberculosis Hospital to Cambridge City Hospital for treatment and returned to Tuberculosis Hospital.	
Legal orders served . . . . .	25
Complaints of insufficient heat received and remedied . . . . .	6
Rat nuisances remedied . . . . .	14
Dump fire smoke and odor nuisance remedied . . . . .	11
Hearing notices posted . . . . .	4
Contagious cases released . . . . .	8
Removed case of Tuberculosis, Tuberculosis Hospital to Tewksbury State Hospital; a sick woman to St. Joseph's Home, Dorchester.	
Working on sewer at Tuberculosis Hospital.	
Working eighteen days with Mr. Sampson and Mr. Murphy, Sanitary Inspectors, on routine health inspections, breaking them into their duties:	

## NUISANCES ABATED, REGULATIONS ENFORCED, LICENSES GRANTED, ETC., 1935

Water-closets, offensive and defective:	
Filthy bowls.....	33
Leaking bowls.....	20
Broken bowls.....	11
Obstructed soil pipes.....	35
Defective soil pipes.....	14
Defective tanks.....	11
Defective traps.....	11
Closets not supplied with running water.....	27
Insufficient supply of running water.....	17
New closets installed.....	9
New bowls installed.....	3
Defective supply pipes (from tank to bowl).....	13
Sinks, offensive and defective (including wash bowls, bathtubs and set tubs):	
Filthy basins.....	20
Leaking basins.....	13
Defective traps.....	17
Defective drains.....	17
Obstructed drains.....	27
Untrapped drains.....	1
New sinks installed.....	4
Obstructed and defective house drains.....	23
Offensive cesspools cleaned and removed.....	5
Defective ice chest connections.....	2
Defective barber shop connections.....	1
Wet and damp cellars remedied.....	24
Stagnant water on premises removed.....	19
Dirty yards cleaned.....	164
Stagnant water in streets and gutters removed.....	5
Dirty roofs cleaned.....	6
Dirty buildings cleaned.....	8
Dirty stairways cleaned.....	24
Dirty light wells cleaned.....	4
Dirty cellars cleaned.....	86
Dirty sheds cleaned.....	10
Dirty hencoops cleaned.....	6
Dirty stables cleaned.....	1
Uncovered manure pits properly covered.....	0
Manure in yards and lots removed.....	2
Vacant lots cleaned.....	24
Defective, or lack of stable connections (gutters, traps and drains).....	0
Defective stable floors repaired.....	1
Filthy garbage receptacles cleaned.....	67
Filthy garbage bins cleaned.....	32
New garbage receptacles provided with covers.....	57
New garbage receptacles, covers provided.....	52
Dead animals removed.....	36
Dirty ceilings.....	10
Noisy roosters.....	12
Leaking roofs.....	11
Smoke.....	14
Rats.....	33
Bugs and fleas.....	32
Fowl removed from dwelling houses (cellars, attics, etc.):	
Number of houses.....	5

## LIBRARIAN

THOMAS J. SULLIVAN

## CENTRAL LIBRARY

Broadway and Trowbridge Street

The central library is open daily, except holidays, from 9 a.m. to 9 p.m. On Sundays the central library is open to readers only from 2 to 6 p.m. From June 1 to October 1 the central library is closed on Sundays.

## BRANCH LIBRARIES

Open Week Days Only

EAST CAMBRIDGE BRANCH, 271-273 Cambridge Street

Open from 9 a.m. to 9 p.m.

NORTH CAMBRIDGE BRANCH, Walden and Meade Streets

Open from 9 a.m. to 9 p.m.

CENTRAL SQUARE BRANCH, 590 Massachusetts Avenue

Open from 9 a.m. to 9 p.m.

CAMBRIDGE FIELD BRANCH, the Shelter, Cambridge Field

Open from 9 a.m. to 9 p.m.

MOUNT AUBURN BRANCH, Haggerty School, Cushing Street

Open 10 a.m. to 9 p.m.

OBSERVATORY HILL BRANCH, 146 Huron Avenue

Open from 9 a.m. to 9 p.m.

**STAFF**

Marie E. Boyle, Assistant, Catalog Department  
 Helen M. Cahill, Assistant, Cambridge Field Branch  
 Lillian C. Collins, Assistant, Local Department  
 Alice Connelly, Assistant, Central Square Branch  
 Teresa A. Connor, Assistant, Observatory Hill Branch  
 Mary E. Cotter, Librarian, Central Square Branch  
 Helena T. Curtis, Librarian, Mount Auburn Branch  
 Jennie C. Day, Assistant, Reference Department  
 Mary M. Doyle, Head of Registration  
 Mary E. Finucane, Assistant, North Cambridge Branch  
 Mary J. Fitzpatrick, Assistant, Mount Auburn Branch  
 Elizabeth C. Galvin, Librarian, Observatory Hill Branch  
 Emma C. Harrington, Assistant, Central Square Branch  
 Caira D. Hawkes, Chief of Reference Department  
 Mary F. Hill, Assistant, Reference Department

## ANNUAL REPORT OF THE TRUSTEES OF THE CAMBRIDGE PUBLIC LIBRARY

*To His Honor the Mayor:*

The Trustees of the Cambridge Public Library present the following report of its condition and affairs for the year ending December 31, 1935, being the annual report. The Board of Trustees met on January 20, 1935 for their regular organization meeting and elected Mrs. Julia T. Boyle, chairman; Mr. Cornelius P. Cronin, secretary; and Dr. Richard J. Costello, treasurer.

The resignation of Dr. Robert Young after seventeen years on the board is greatly regretted by his colleagues. During his terms as a trustee Dr. Young served on all of the committees, was treasurer for several years, and was chairman of the board in 1934.

Several attempts were made during the year to improve the situation of the branches so that they would be located in the geographical centers. These efforts did not meet with success, but it is the earnest hope and ambition of the Board of Trustees of this year that soon Cambridge may be proud of its individual branch libraries as urged by the chairman of the 1935 board.

The book appropriation should be increased to care for the demands. Under the 1935 budget due to the exigencies of the times the library had a curtailment in the book appropriation. It is the hope of the trustees that this woeful lack of book funds may soon be remedied.

The library received during the year through the generosity of the Sawyer family many books for which we are most thankful. The trustees welcome bequests of money and trust that generous testators may remember the library. It is from such sources that we can make purchases of rare books which give value and rank to a great educational institution.

Miss Alice Connelly, after years of generous service, resigned in 1935. Miss Lillian Collins resigned in November to be married.

The board wishes also to express their regret for the loss of Miss Marie Boyle by death.

The trustees desire to express publicly their high appreciation to the librarian, Mr. Thomas J. Sullivan, who has served so efficiently, and to the entire staff, knowing that the continued success of the library is measured in no small way by their untiring efforts and their unceasing interest in serving the public in the best possible manner.

Respectfully submitted,

JULIA T. BOYLE.

## REPORT OF LIBRARIAN

I hereby present the seventy-eighth annual report of the Cambridge Public Library. Since the depression or rather this economic crisis, the library has had to strive against odds to even attempt to maintain an adequate service for its patrons. Time after time reduced budgets have halted plans for any expansion. The school service and the hospital service suffered due to lack of funds.

The purpose and aim of a public library is to encourage and promote education, culture and refinement in the community. Any town or city which maintains and supports an adequate public library system provides one of the best means for acquiring such advantages.

Cambridge has an established public library system, which should be leading the way in the library field in the Commonwealth. To do this the library needs money and it need not be a lot of money. An appropriation of one dollar per capita which is the lowest estimate required according to scientific reports would furnish to Cambridge the best of library systems. Of course it is well understood that in such times it becomes essential to economize; but it is unfortunate that such economy must affect the intellectual activities of the city's life.

The library is unable to meet the demands of the schools in the required reading list and to replenish this department alone several thousand dollars would be necessary. Books for classroom use in the elementary and grammar grades are wearing out and need replacing. Sufficient copies of popular books, fiction and non-fiction, cannot be supplied to meet the ever increasing demand. The hospital service needs renewing as well as a constant demand for more books to aid those who are studying to improve their position in life.

All of this leads us to one conclusion, the public library in Cambridge is suffering from lack of funds. The diagnosis is easy even for the uninitiated to make; the cure, well, that is not so easy. With tax rates rising and municipal expenditures being curbed there is little relief from this source.

We, therefore, have to look to other ways and means of relieving the illness in our library system. There is popular subscription, gifts of books (especially current ones), the gift of

money to establish trust funds, the coördinating of civic groups to try to raise the book appropriation and finally the establishment of a Duplicate Pay Collection by a change of the City Ordinance.

### USE OF LIBRARY

Last year 609,215 books were lent to the patrons of the Cambridge Public Library and seventy-nine hundred books were added to the shelves. Magazines and newspapers were supplied. Reference questions answered and advice and information were furnished to many.

Mr. Average Citizen, we ask you to awaken to the fact that your City is attempting to supply to you the best reading available, advice and information on any subject, as well as aid in the courses of study, vocational guidance, and moreover this is yours for twelve hours daily and a limited time on Sundays through the winter months.

Even though a reduced book budget presents a serious handicap at the present time, a patron may by patience obtain popular as well as more serious reading by applying at the library.

Many people who have found themselves with enforced leisure time on their hands have made use of the Library. Some have used it for study, some have tried to improve their situation by using books on trades and vocational guidance, others have used the biography, history, science, travel, art and literature collections to supplement their formal schooling. Many have found rest and peace in the recreational reading.

Year	No. Volumes	Borrowers	Circulation

\* Nine months year.

### REFERENCE ROOM

No great changes have been made in the Reference Department this year and the work has been about as usual. The room is generally well filled during the forenoon as well as other parts of the day. There have been drawn from the stack 11,951 books

for use in the hall. If it were possible to keep a record of the use of the books on the open shelves, the number would be large. The books on civil service have been in demand by men preparing for the examinations.

One of the publications of which we have been receiving the volumes as issued, has been completed, namely, the "Encyclopedia of the Social Sciences." It is proving to be of great value in these days, when so many are interested in social questions. Another very useful book acquired recently is the "Columbia Encyclopedia," in one volume.

Two of the most valuable files in the library are those of the Cambridge directories and the *Cambridge Chronicle*, often of legal value. An important use for the directories which has developed in recent years is in connection with the proof of residence for one applying for the Old Age Pension.

All questions that come to the Reference Department are not of the highly intellectual type. Mothers and sisters come to the library for suggestions for decorations for a doll carriage parade. A trivial question may be important to the one asking it. If the library has the material, whether a picture of a bear or important statistics, the answer is gladly given.

### HOSPITAL WORK

The distribution of books in the City Hospital has been continued during the year. It has not been possible to add to the collection because of lack of funds.

The patients in the City Hospital enjoyed the privilege of having books from the library. The hours of convalescence have been shortened and this branch of library work can be made more effective when funds to add to the collection are available.

At the Home for the Aged on Mount Auburn Street, fifty books have been lent each month. As in previous years, these books have been selected from the regular collection and the privilege is greatly appreciated.

### CHILDREN'S ROOM

The children's room continues to be a very popular place for children of all ages after school hours and vacations. In the more crowded periods it is apparent that the room is becoming inadequate to accommodate its increasing clientele.

"Book Week" was well patronized this year, although there were fewer new titles than in previous years.

The room has been used more and more by high school students, especially by first- and second-year pupils, who find many of their book list books in the juvenile collection. This high school following can easily be increased by the addition of new books and replacements on the high school reading list.

We have lent several collections of books this year to various schools and institutions — chief among which is a collection to the Neighborhood House for circulation throughout the winter — and collections to the Girl Scout camps and to the Boy Scout camps for summer reading.

### BRANCHES

It is unfortunate that the library system is not able to have individual branch libraries. The present branch libraries are housed in school buildings, recreation centers, stores and one in a rented area on a second floor. It is the earnest hope of your librarian that the centenary anniversary twenty-one years from now may find an added cause for the celebration in the completion of six separate branch buildings. A program could be laid out for that period of years which would add one branch every three years and thus complete the plan before 1957.

All the branches should be relocated to serve the communities in which they are situated from a more central point. Particular care should be given to make them accessible to children who are attending our schools. The city should own its library buildings and not rent them. The rental item alone would over a period of years build comfortable, well appointed libraries.

In the Mount Auburn Section the branch is located in a basement room of the Haggerty School. It is small, dingy, and poorly ventilated. This branch should serve a large community who would appreciate good books and the normal comforts offered by a good library in their community. Due to lack of space and the various uses of the room devoted to library purposes there is little opportunity to have the number of volumes necessary for a good reference and circulation library here. Another need at this branch is a room for children. As it is at the present the children have to be allowed in groups for an hour at a time.

Lack of sufficient space and equipment hampers the work in East Cambridge, as well as the fact they are poorly located and really need a fairly large building to serve this community. The branch further suffers from its location being removed from the center of the community and being too far from the schools. Here we need more space for a reference collection as the branch is becoming very popular with the Court House and Registry of Deeds officials. The circulation of books in foreign languages has been very encouraging, almost two thousand, which is very good considering our small collection.

The Observatory Hill Branch and the North Cambridge Branch have at present the best appointed libraries. The Observatory Hill Branch has just completed its ninth year and is proving to be a popular branch.

In Central Square the work is progressing as well as could be expected under the conditions. This branch is located on the second floor and the necessary use of corridors and stairway by the other business and professional tenants and their clients does not augur well for its success.

The Cambridge Field Branch is located in the shelter at Cambridge Field and serves a large community. It suffers as well as the entire system from want of books.

### STAFF

Miss Alice Connelly resigned from the staff in the spring and her colleagues regretted seeing her leave. Miss Lillian Collins resigned in the fall to be married. Early in the morning of New Year's Day, 1936, Miss Marie Boyle died suddenly. The entire staff was saddened by her loss. Although she was one of the youngest members employed she had won the hearts of her colleagues as well as the patrons of the Cambridge Public Library.

Miss Elizabeth McKeever was appointed to fill the vacancy caused by Miss Connelly's resignation and a subsequent promotion on the staff. In December, Miss Mary Joyce was appointed to the position vacated by Miss Collins.

The service which the library has rendered is due in no small measure to the earnest efforts of the staff. Their whole-hearted coöperation and enthusiasm is in no small measure responsible for the success of the library in these trying times.

I take this occasion to thank the many friends of the library

for their gifts of books, pamphlets and magazines. The library has been the recipient of many very useful books this year. Also I wish to acknowledge the good will and generosity of the local papers for the publishing of book lists and other matters.

I wish to thank the Board of Trustees for their willingness at all times to render service to the library and for their loyal support and interest in several projects undertaken.

Respectfully submitted,

THOMAS J. SULLIVAN,  
*Librarian*

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the School Committee:*

I herewith submit my twenty-fourth annual report, which is the sixty-eighth in the series of annual reports by the Superintendents, and the ninety-sixth of the printed reports of the School Committee of Cambridge.

All school systems, all educational projects and programs are ultimately dependent for success upon the teacher in the classroom. There are no texts nor methods that are of value in the hands of inefficient and indifferent teachers. A good teacher can do more with a piece of chalk than a poor one will do with unlimited equipment and unending supervision. Thus, more than to any other factor, to the teachers in their classrooms I attribute the continuing and increasing efficiency of the Cambridge Schools. Therefore, I am convinced that the Committee have been deeply wise in resolutely declining, during these difficult years, to evade the problems rising from a decreasing school income, by reducing teachers' salaries.

It is universally conceded that our public school teachers have never been overpaid; that financially, at least, they receive a very moderate return for the years and monies invested in the education we require of them. Wherever it has been tried, it has been found that decreasing teachers' salaries from a level of moderate comfort to one of bare subsistence, has decreased their professional pride and their human efficiency. Any monies thus saved have been saved at the expense of justice, at the expense of the children in the classrooms.

Here in Cambridge, though our annual income for school purposes has decreased by \$108,000 since 1931, the School Committee has declined to put the burden of that decrease upon the teachers; and the wisdom of that refusal is clearly apparent in the loyalty and devotion of the Cambridge teachers to the children, to the community, and to the nation. With deep pride and satisfaction, I have the honor to report that the problems that beset many school administrations, those dangers that rise from disloyal teachers mouthing subversive and un-American doctrines, are non-existent in Cambridge. Our need for more funds is acute.

We are facing many and difficult problems, but not the problem of disloyalty. There is no un-Americanism in the schools of Cambridge.

In these days when agitators are taking advantage of our economic distress to advance theories opposed to the fundamental tenets of Democracy, the problem of Americanization is all-important and basic. Not by force, nor by intimidation, does Cambridge attempt to inculcate Americanism. To the foreign-born and the underprivileged, Cambridge, through her schools, extends a welcoming and helping hand.

No activity of our schools has more promise for the future than the work in Americanization, which is a distinguishing and widely commended feature of our Cambridge system. This year, in Americanization classes, a total of 1,131 foreign-born men and women have been helped to speak, read and write English; have been prepared for naturalization; have been helped to awareness of the privileges and duties of American citizenship.

Few would question the worth of such work. But Americanism is not to be desired for our foreign-born citizens only. American liberties and institutions are less threatened by alien influences than endangered by the indifferentism of those Americans who have ceased to value their American heritage, the liberties and institutions of Democracy. We are doing less than our duty, unless we impart to all school children a knowledge of American institutions, a pride in the American tradition.

To that end we are coöperating to the fullest extent with the educational projects and exercises of our patriotic organizations. To that end the activities of the Cambridge Museum for Children are directed in presenting visually to the children the traditions and opportunities of American life. During the past year, "the Chronicles of America," splendid and authoritative films, showing the history of America from the story of Columbus to more recent times, were shown in the schools at a cost per pupil of \$.0033. In addition, forty other educational films covering geographical, industrial, and natural history subjects, were used to stimulate and develop the children's appreciation of their own country. The number of children to whom these films have brought their message, totals 45,220.

The Cambridge schools and American education are indebted to Dr. Richard C. Cabot of this city for a project of far-reaching

importance, which promises to increase our understanding of pre-delinquent children and our ability to save them for useful and happy citizenship. Dr. Cabot has instituted a ten-year study plan, to be known as the Cambridge Behavior Study, and to be carried out under the personal direction of Dr. Cabot with the coöperation and aid of our Department of Measurement and Adjustment. All the expenses of this important study are being borne personally by Dr. Cabot, who brings to the work a nationally recognized ability in Social and Medical Research. Dr. Cabot is studying the causes of early misbehavior, the factors in a child's environment, social, physical and spiritual, which make for delinquency and failure. He is studying the child, not as an isolated phenomenon, but in his environment. He is seeking, first, to identify, and then to eliminate those factors and influences that retard and thwart pre-delinquent children. Dr. Cabot is making to the city and to the children of Cambridge a gift of unique and lasting value. Such citizenship is inspiring.

That there is continuing interest and need for adult education, is indicated by the increased attendance at our evening schools in 1935. The problem of adult education is threefold; training for good citizenship; training for occupational efficiency; and training for wise use of leisure hours. Our evening school courses are meeting these needs as adequately as equipment and monies available permit.

A trained and able mind in a weak ailing body is as hampered for service as a good automobile engine in a broken down chassis. And so in the public schools of Cambridge, through our Department of Physical Education, we are coöperating to the fullest extent with parents and physicians in safeguarding and increasing the health of the children. Through periodic examinations, gymnastic and play classes, all the children are being reached and benefited. Most effective work is being accomplished, particularly in the corrective classes in which children with physical defects are being helped to overcome them. Notably, many serious cases of curvature of the spine have been cured, and many others are being benefited.

No work that is being done in our public schools will be of more lasting benefit. The Department of Physical Education exemplifies how much can be accomplished by instructors who are well trained, who love their work, who are wisely directed. The

Greek ideal of a sane mind and a sound body bids fair to be realized in the typical graduate of our Cambridge schools.

In July of 1935, our assistant superintendent, Mr. James Dugan, concluded twenty-five years of able and devoted service to the Cambridge schools, to accept the presidency of the State Teachers' College at Lowell, Mass. Mr. Dugan has the esteem and friendship of all who worked with him and knew him. It is safe to assume that he will be as splendid an asset to the State as he has been to Cambridge.

In closing this brief report, in behalf of the teachers and masters of Cambridge, and with deep personal gratitude, may I thank the members of the School Committee for their generous interest and understanding sympathy which have made possible whatever has been accomplished of worth.

Respectfully submitted,

M. E. FITZGERALD,  
*Superintendent of Schools.*

Ordered, That the report of the Superintendent be accepted and adopted as the report of the School Committee for 1935.

EDWARD J. O'CONNELL,  
*Secretary.*

Cambridge, Massachusetts.

# FINANCES

FOR THE FINANCIAL YEAR FROM JANUARY 1, 1935  
TO DECEMBER 31, 1935

<sup>1</sup> Issued to minors over sixteen years of age.

## SUMMARY

*Number of Pupils Belonging in December, 1935*

Number of pupils in the High and Latin School . . . . .	3,365
Number of pupils in the Rindge Technical School . . . . .	1,448
Number of pupils in the Grammar Grades . . . . .	6,154
Number of pupils in the Primary Grades . . . . .	3,784
Number of pupils in the Kindergarten . . . . .	883
Number of pupils in the Open Air Classes . . . . .	211
Number of pupils in Special Classes . . . . .	338
Number of pupils in the Ungraded Classes . . . . .	146
Number of pupils in the public schools, December, 1935 =	16,329
Number of pupils in the public schools, December, 1934 =	16,505
Decrease of pupils, December, 1935 . . . . .	176
Increase of pupils, 1925 . . . . .	101
Decrease of pupils, 1926 . . . . .	212
Decrease of pupils, 1927 . . . . .	244
Decrease of pupils, 1928 . . . . .	361
Decrease of pupils, 1929 . . . . .	154
Increase of pupils, 1930 . . . . .	17
Increase of pupils, 1931 . . . . .	434
Increase of pupils, 1932 . . . . .	157
Increase of pupils, 1933 . . . . .	360
Decrease of pupils, 1934 . . . . .	56
Decrease of pupils, 1935 . . . . .	176

## SCHOOL CALENDAR

*1935-1936*

---

The first term — From September 25 to December 20.

The second term — From January 2 to February 28.

The third term — From March 9 to May 1.

The fourth term — From May 11 to June 26.

*1936-1937*

The first term — From September 9 to December 23.

### SCHOOL HOLIDAYS

Columbus Day; Armistice Day; Thanksgiving Day, with the day preceding and the day following; Washington's Birthday; Good Friday; Patriots' Day; Memorial Day; and the Seventeenth of June. If one of these holidays falls on Sunday, the schools are closed on the day following.

### EVENING SCHOOLS

There are two terms of the evening schools. The first term begins on the second Tuesday of October and closes one week previous to the closing of the day schools for the Christmas holidays. The second term begins on the first Tuesday of January, except when that day falls on New Year's Day, in which case it begins on the Thursday following New Year's Day, and continues for at least twenty-five evenings. Vacations and holidays are the same as in the day schools.
